COUGAR LEGEND

The 1984 Prairie Life Staff would like to bring to you the Cougar Legend. Through years the Cougar Legend has matured greatly.

No one really knows what the Cougar Legend is — one only feels the effects of the Legend. As you look through the sixteenth edition of Prairie Life, you will become familiar with effects of the Cougar Legend: such as the desire for learning, sudden outbursts of spirit, happiness, joy, sadness and the ambition to win not only in sports but in life.

In Memory Of Dale Cavin

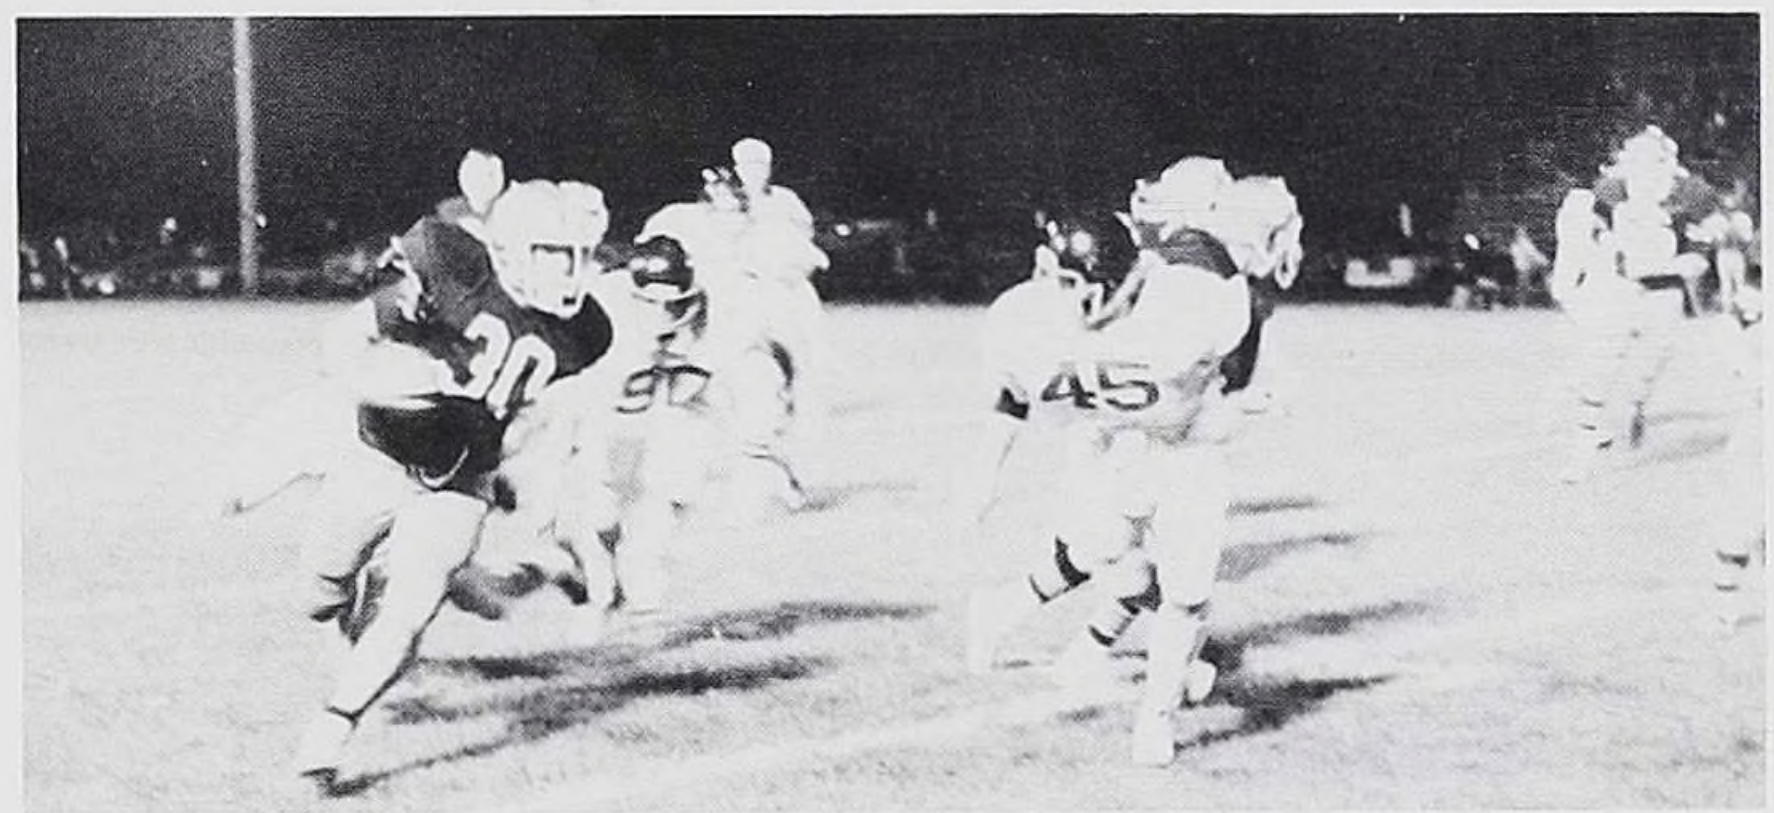

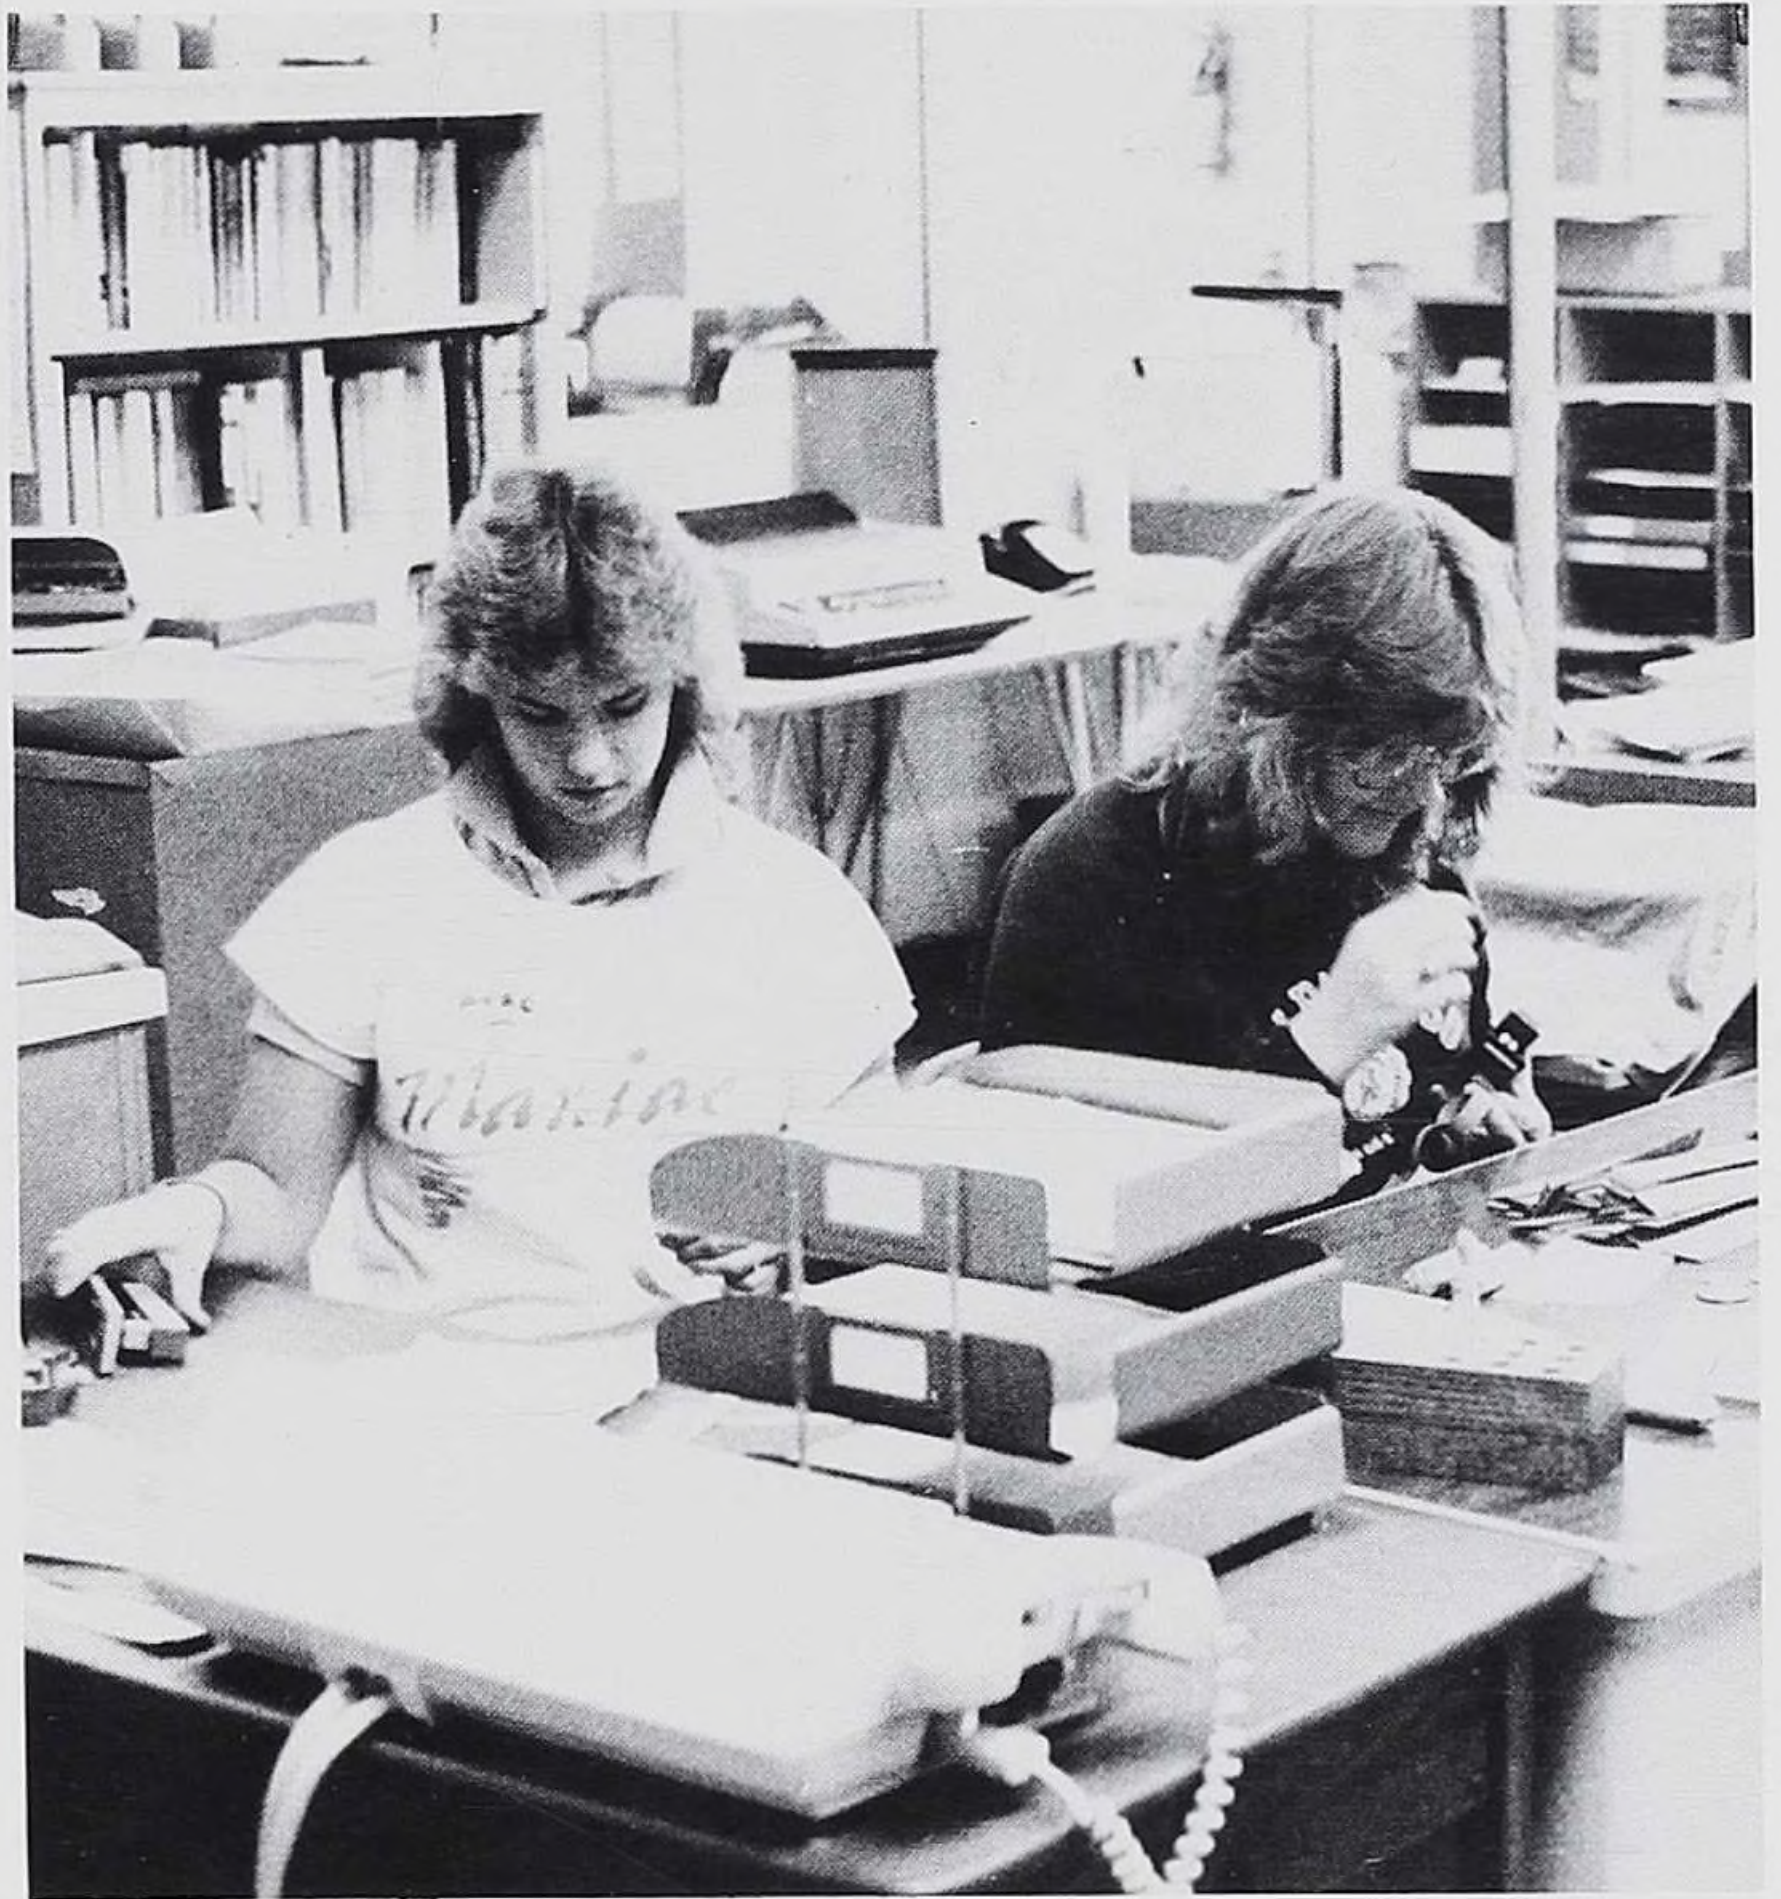

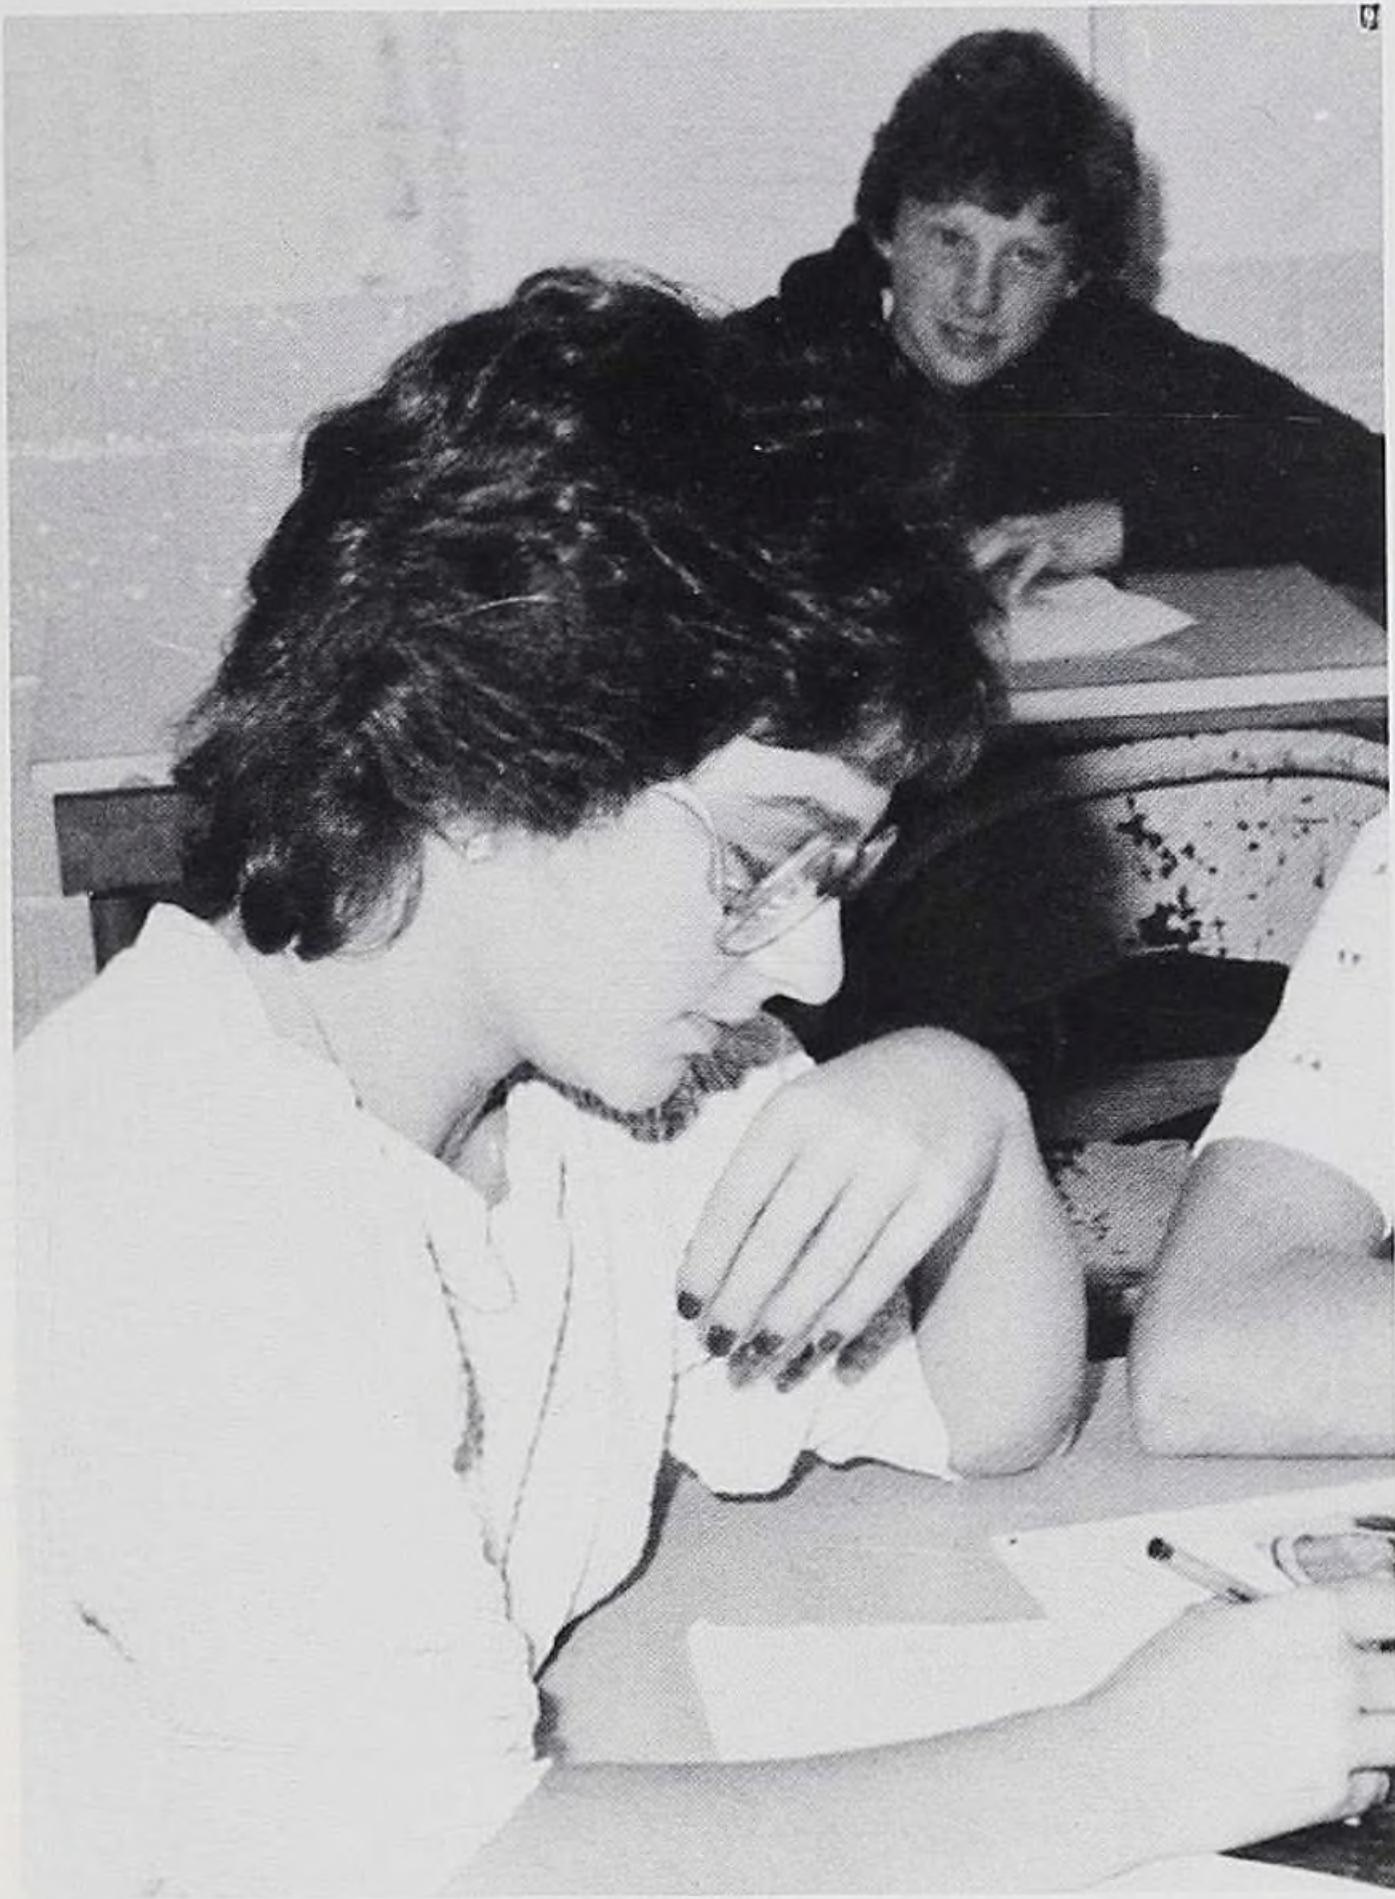

MYSELF

If I could be anyone in the world, I would be myself. Because I am proud for what I have done. I can handle whatever the Lord does to me. I have handled being hit by a car, cancer, I can take more than what some could take. I love what I have done in my life. I might die tonight, but I live it to the fullest.

Keeping the school running smoothly has been the goal of the New Prairie Administrative staff. The administration put a large amount of time and energy for the well-being of the student body. While the work of the janitors and cooks was obvious, much work was accomplished behind-the-scenes by the "authorities". The dedication and willingness displayed by the administrative staff has proven to be one of the most essential factors of the Cougar Legend.

Language

Mr. Dimitri Gloss

Mrs. Alicia Miller

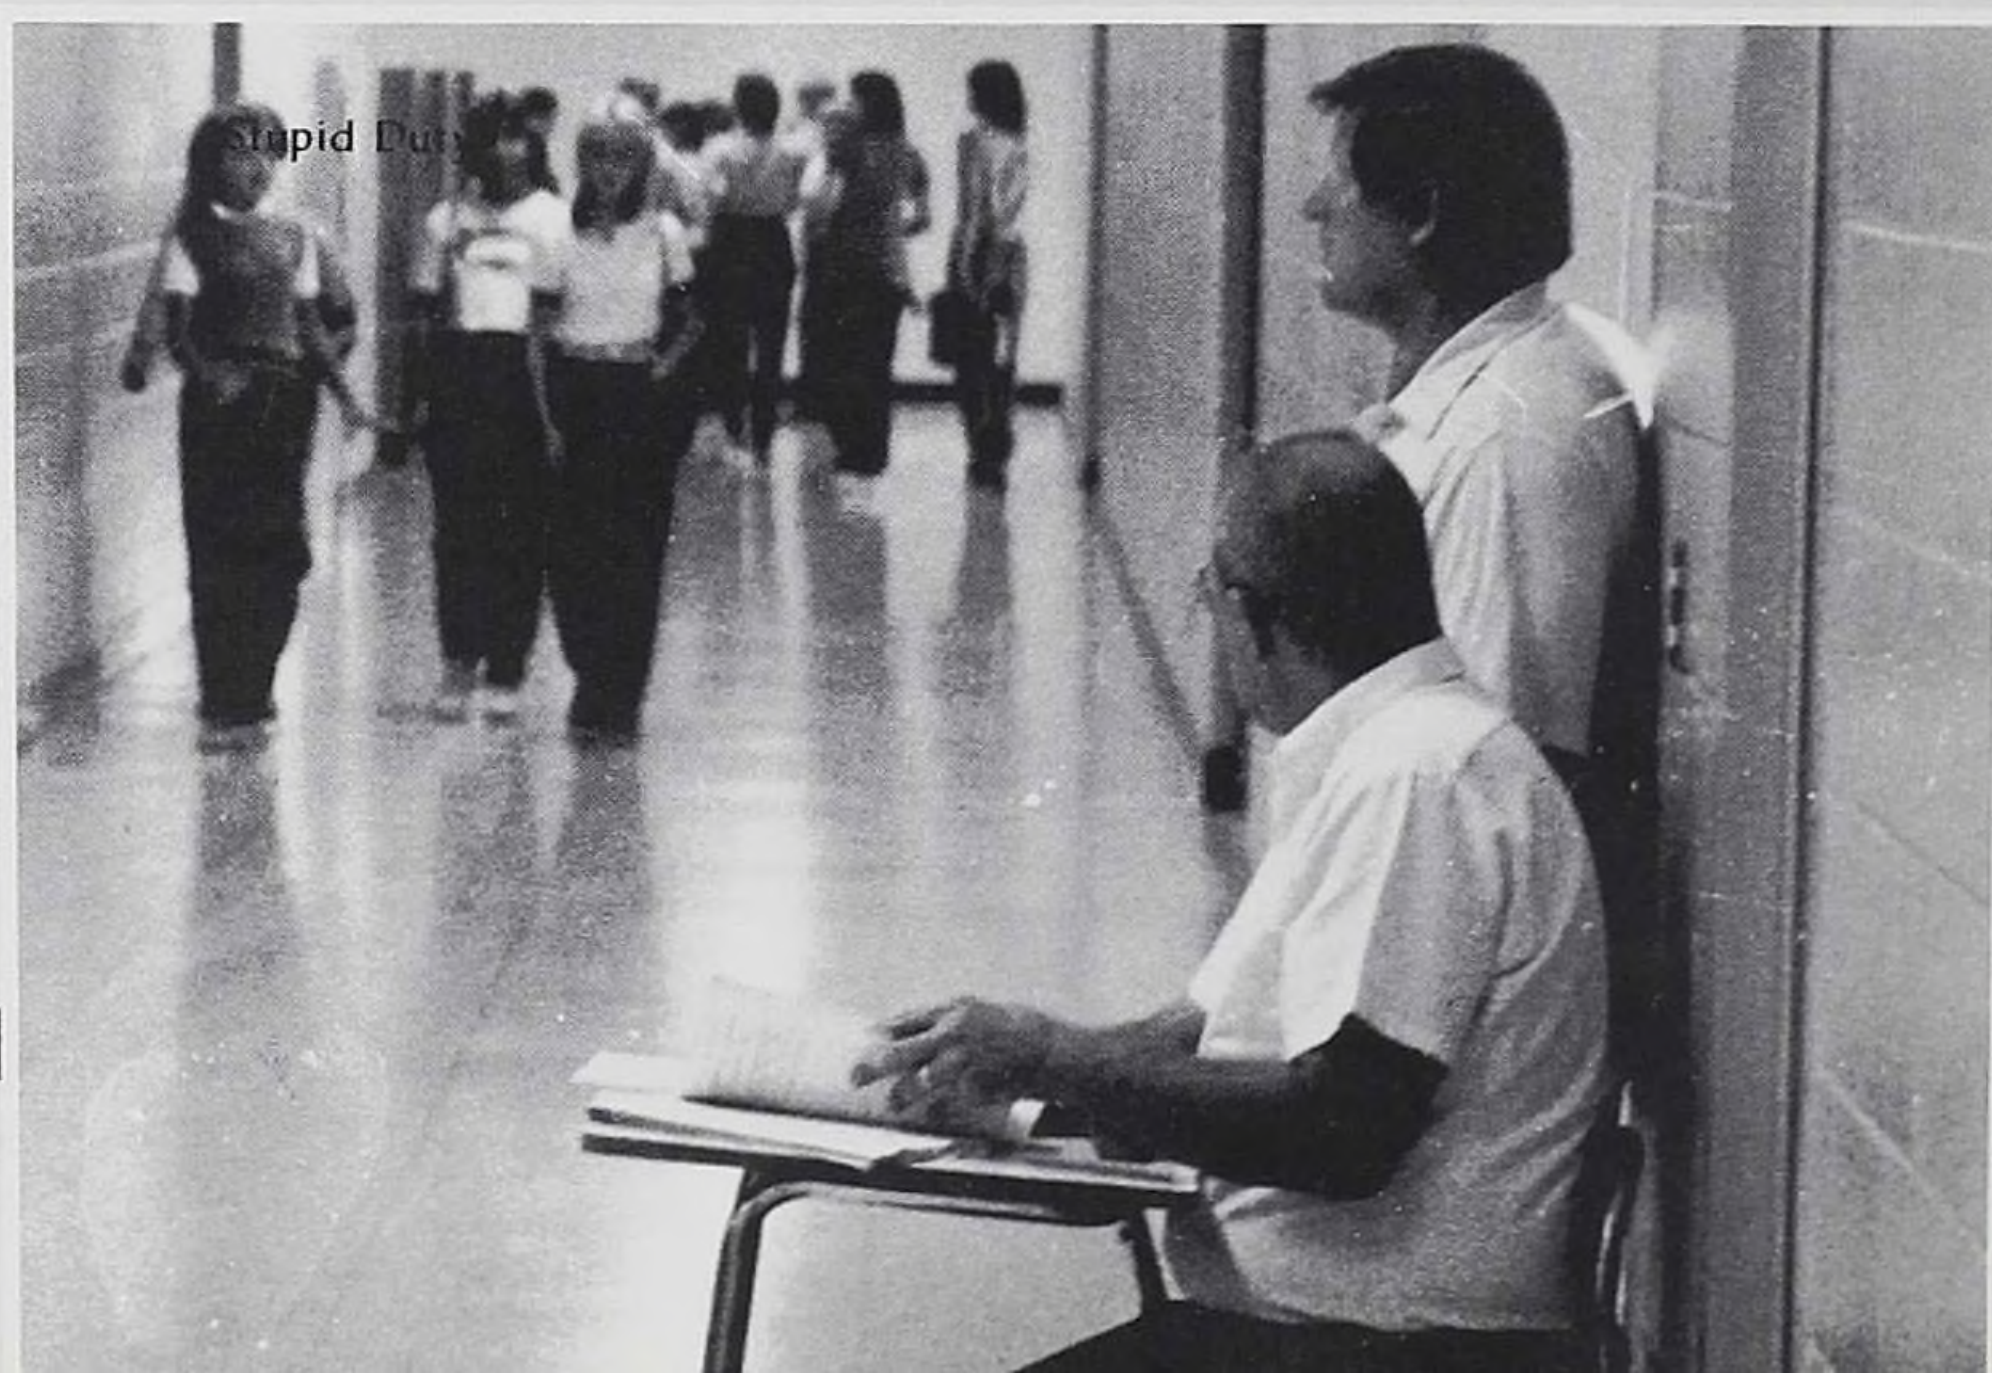

Mrs. Barbara Deer

Miss Teresa Wallace

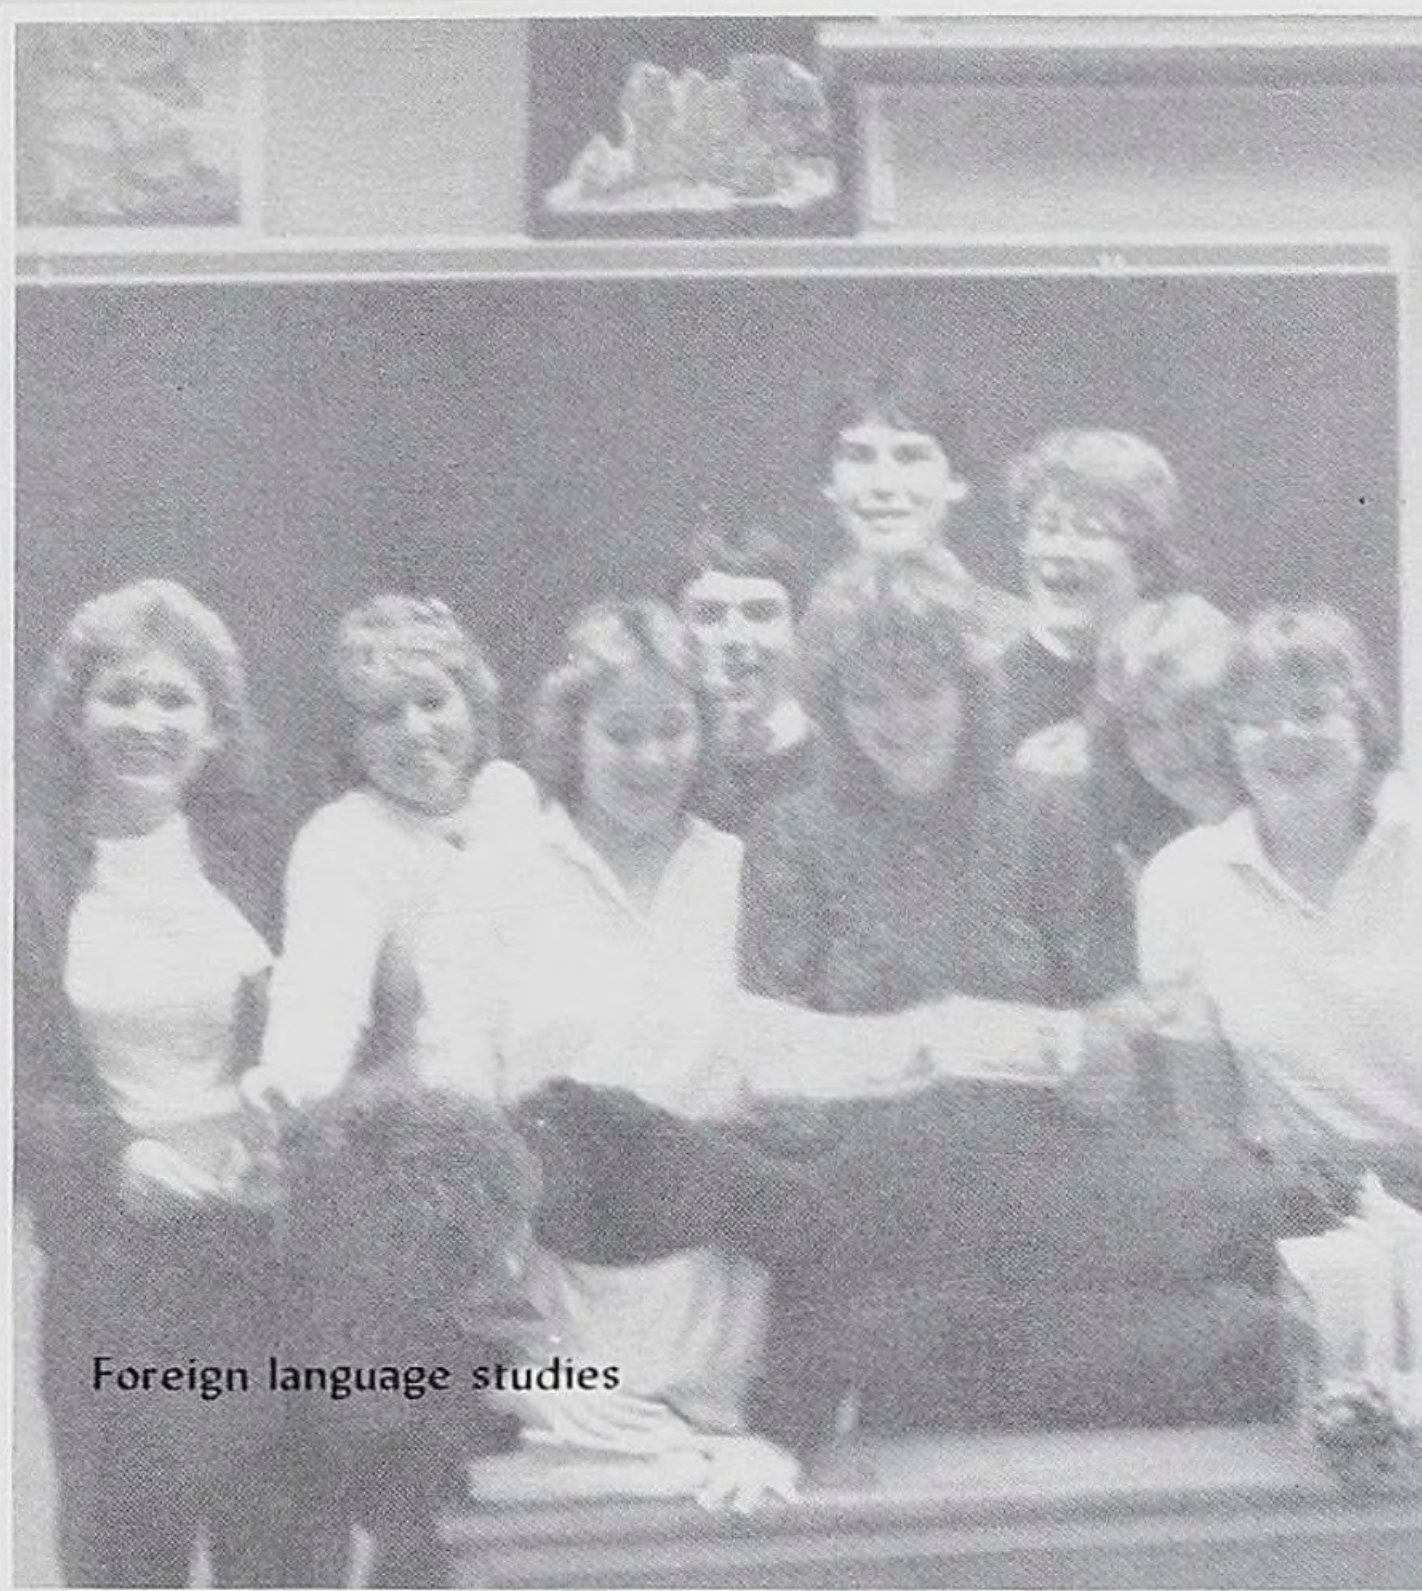

Language is the basis of all communication. Without language humans would still be beating on drums or using smoke signals. Language is the key to great success.

The language department at New Prairie concentrate on preparing students for the future by teaching them how to write rhetorically and grammatically well in English, French, and Spanish.

Home Economics

Who will catch the bouquet?

Debbie and Jim tie the knot.

Mrs. Debra Varga

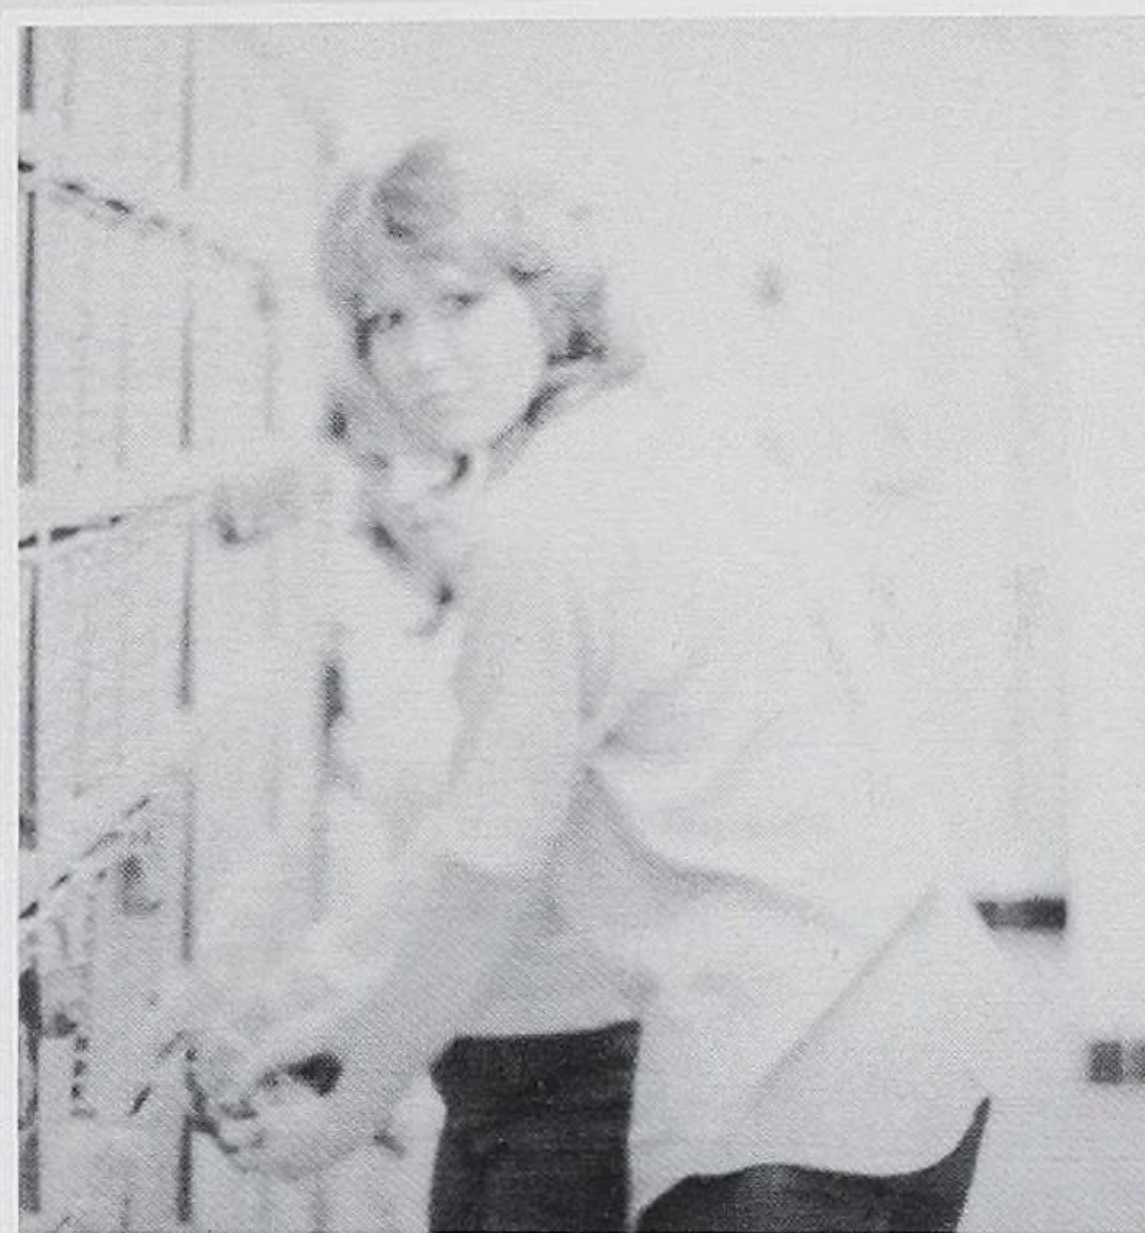

Headed by Mrs. Debbie Varga and Mrs. Pat Lynch, the home economics department has been one of the most informative and most essential sequence of education. Among the classes offered have been foods, consumer Ed., Interpersonal Relationships, and Singles and Family Living. This department has dealt with the reality of living without or with the family unit.

Mrs Wynelle Hughes

Mr Ed Hamilton

Mr Tim Moffitt

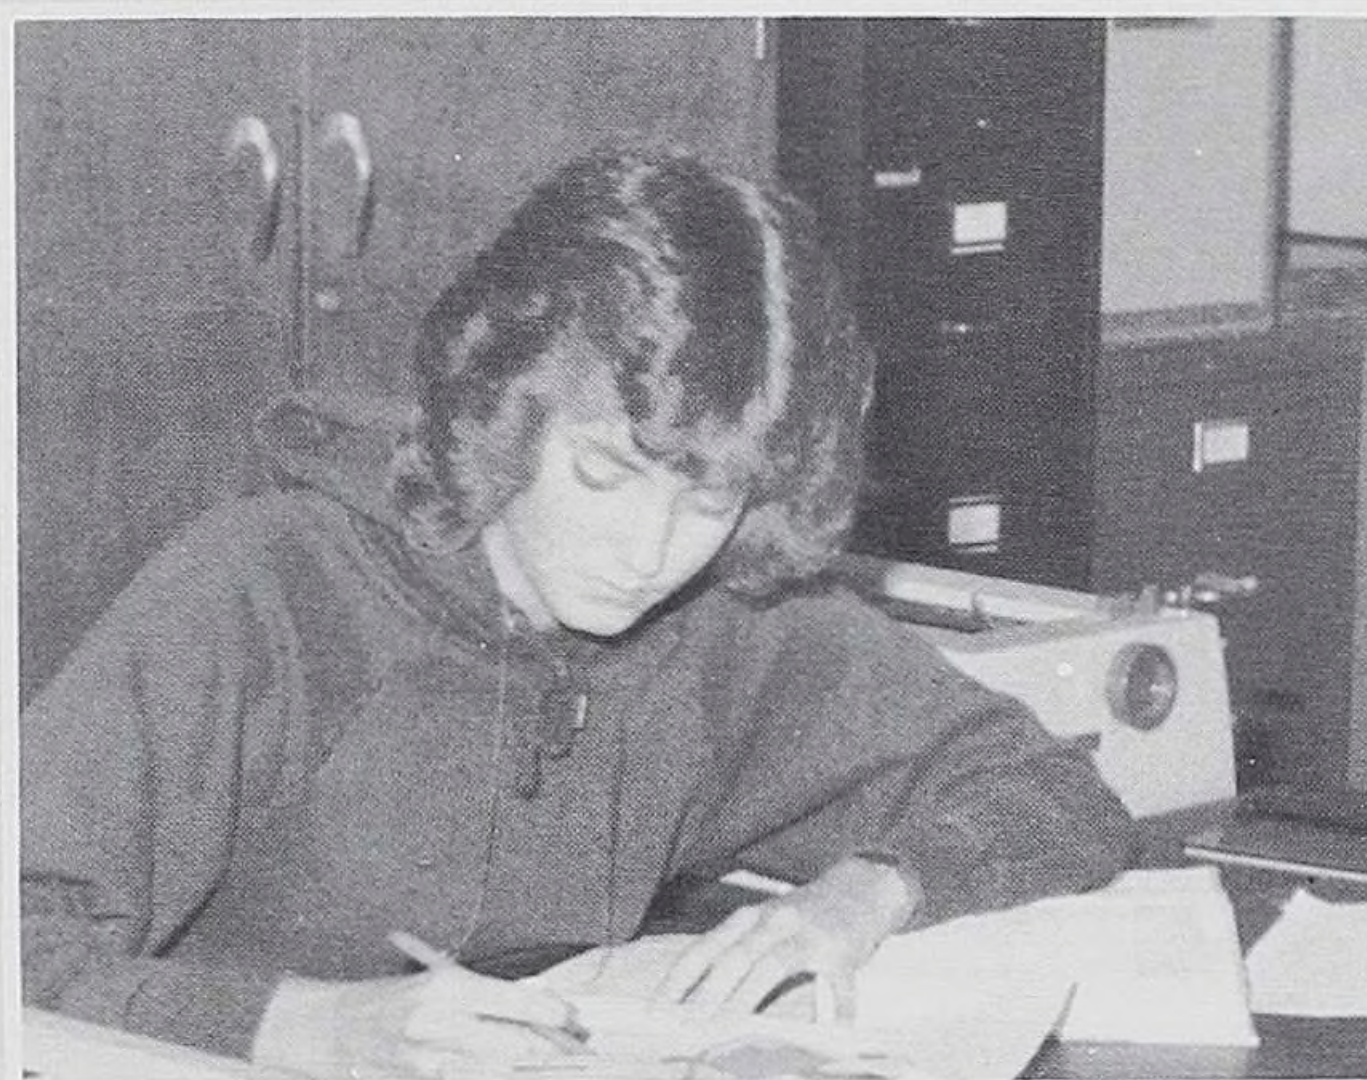

Students who were motivated toward careers in the business field took courses in the Business Department. Among the classes involved in the Business Department were basic business, marketing, accounting, beginning and advanced typing and shorthand. For the advanced students, a two-hour business lab was offered.

Mr Max Haag

Mrs Karen Lindley

Mr. Mike Powers

Mr Rande McCammack

Math has many different aspects. Some math is serious and straight-forward, other math is abstract and intangible. At New Prairie, the first year or two of math taught students the general principles and functions of math. With later years expanding upon these principles. The New Prairie math department has helped students understand math will help them in any future profession.

Mr. Jack Calhoun

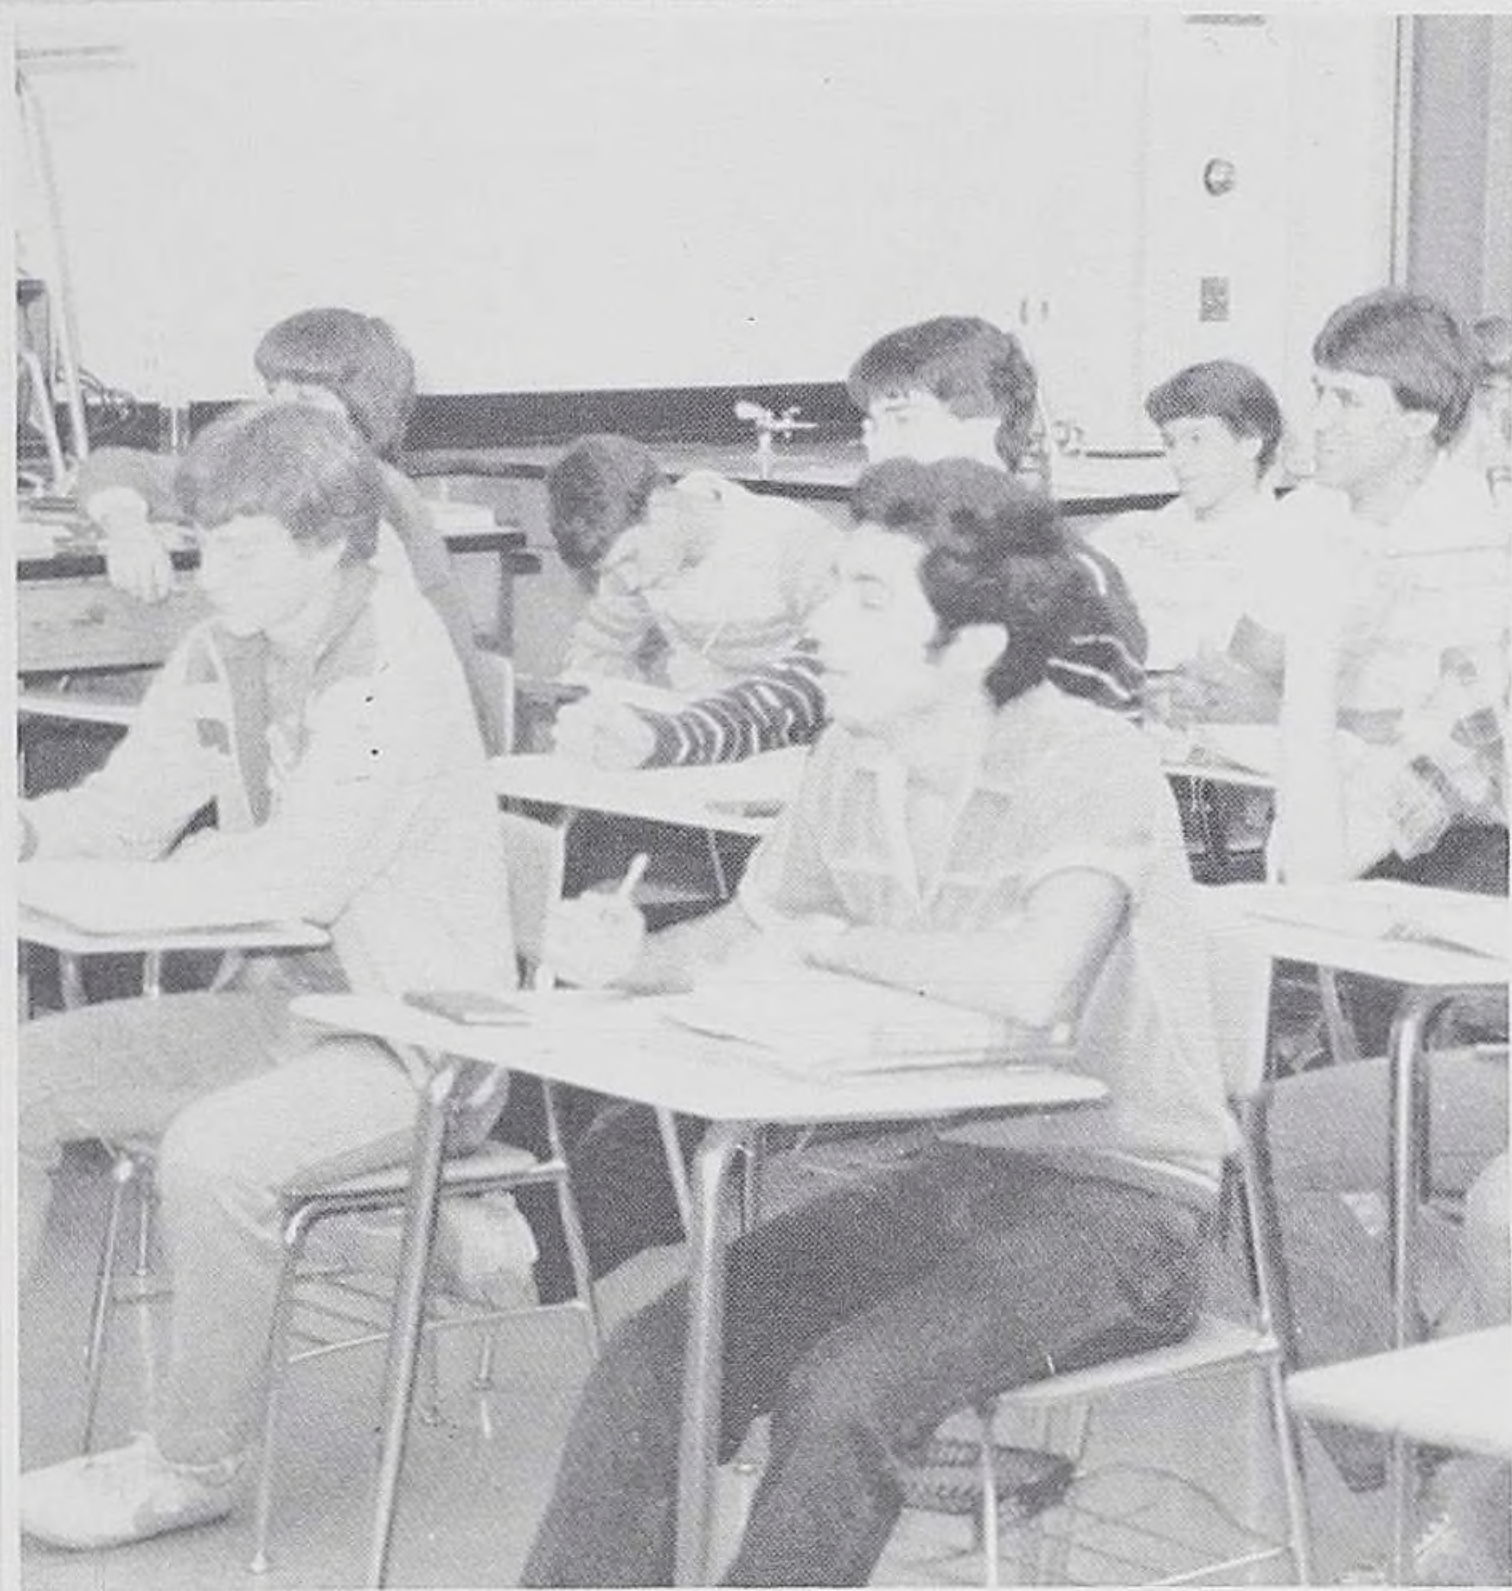

Mr. Jim Woolsey

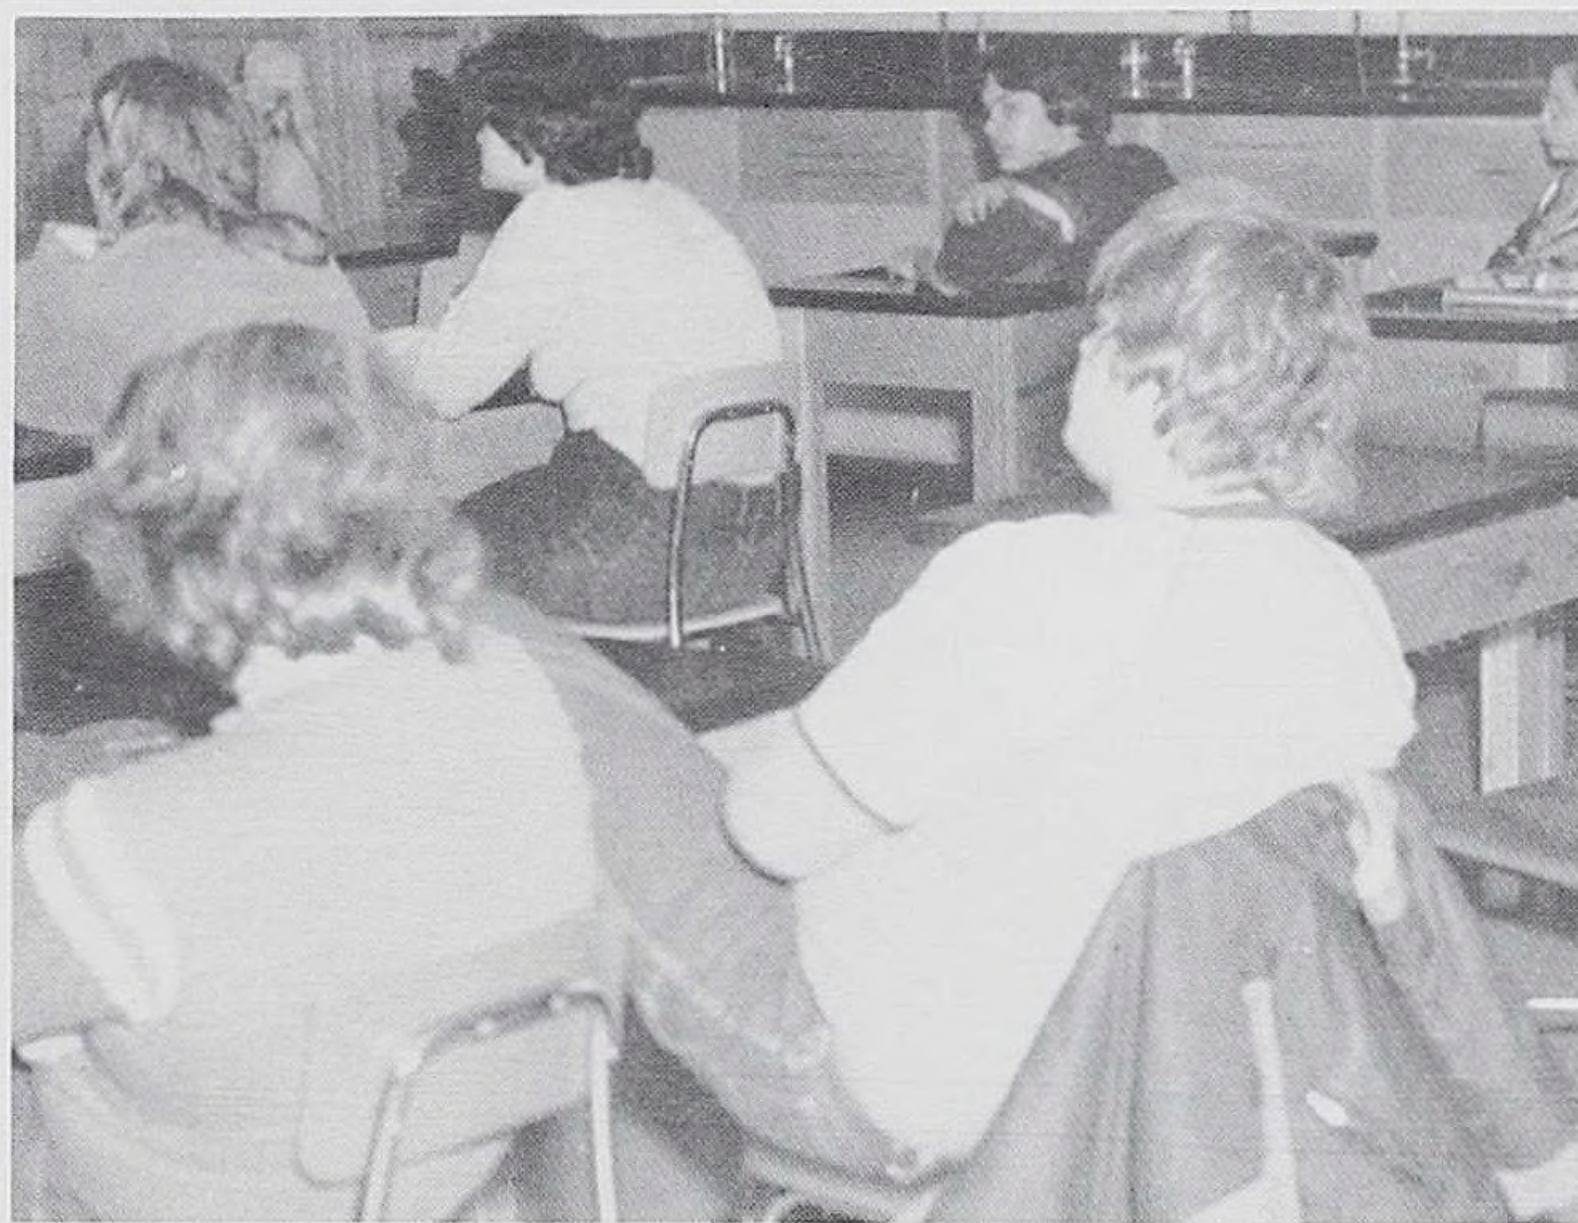

Showing students how to learn was the New Prairie Science Department by using both bookwork and the laboratory. The science courses offered the basics as well as advanced study that may be needed in future years. The ambition to learn in our highly advanced scientific world was just another version of the Cougar Legend.

Mr. Keith Kauffman

No kidding?

Overwhelming enthusiasm!

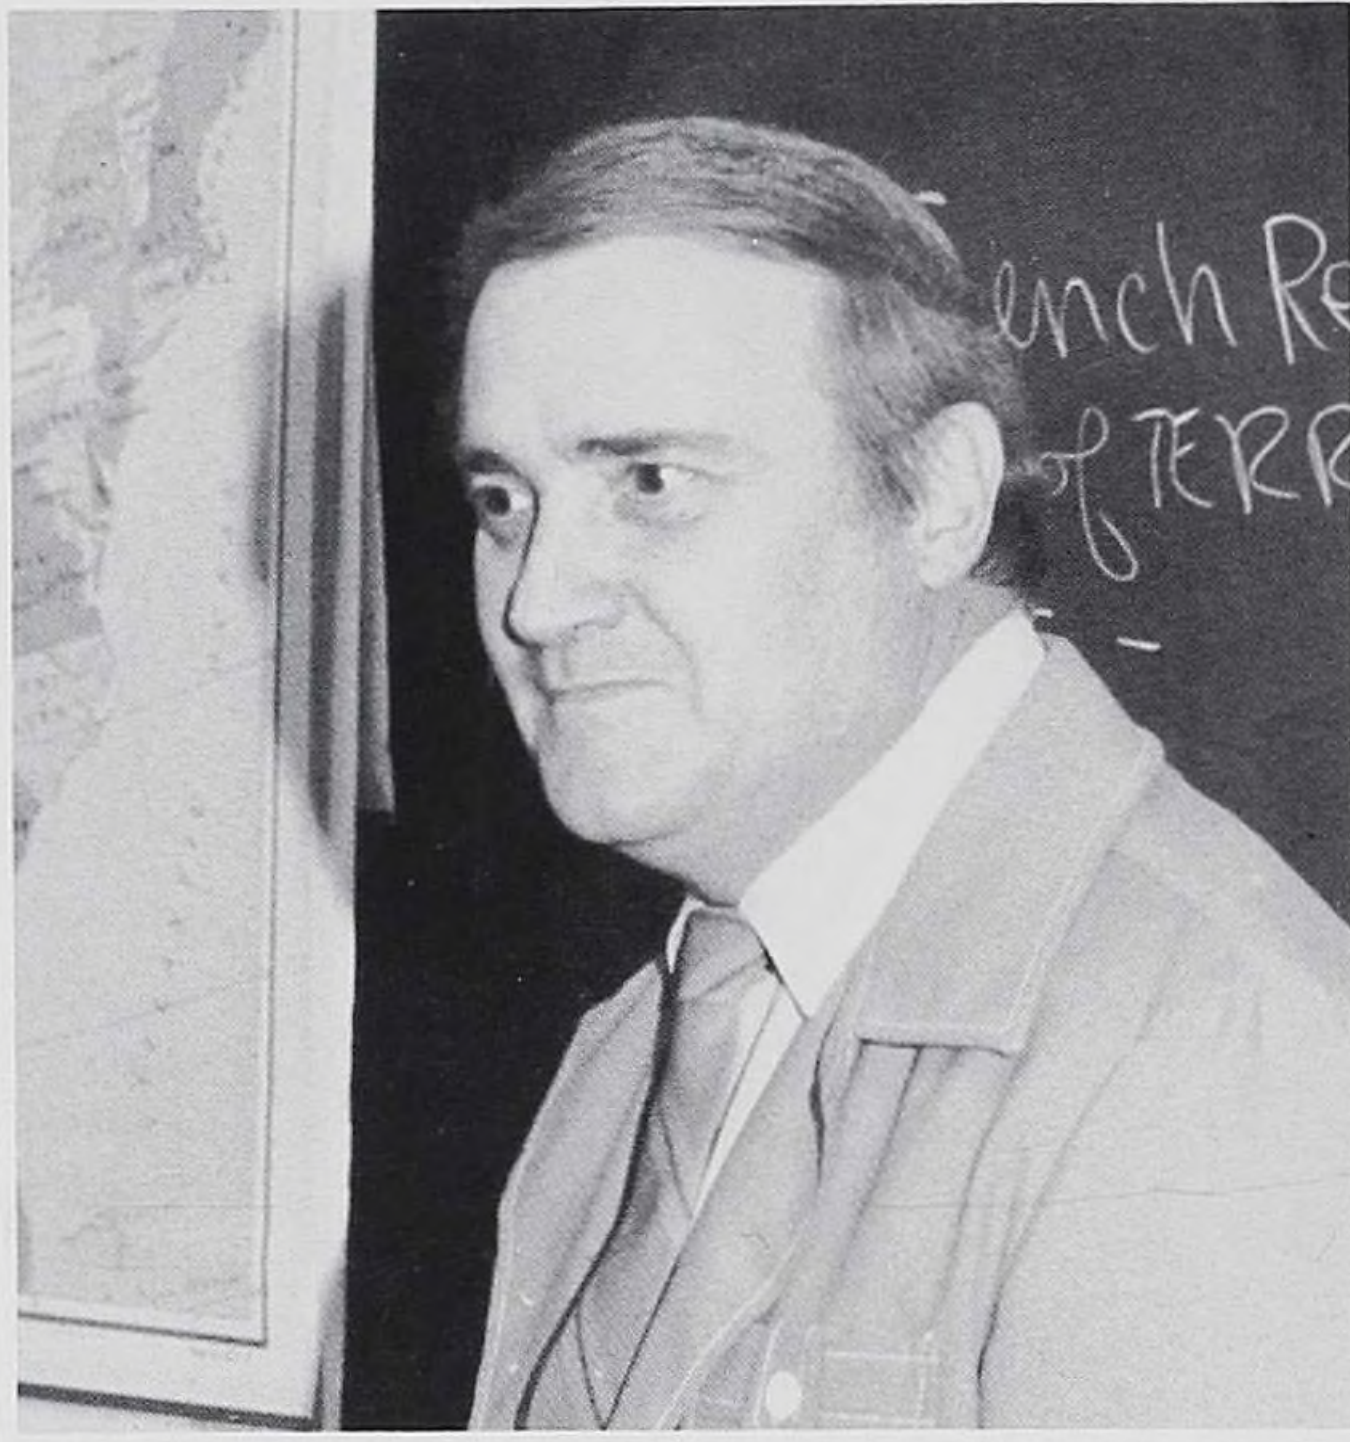

Would you look at that!

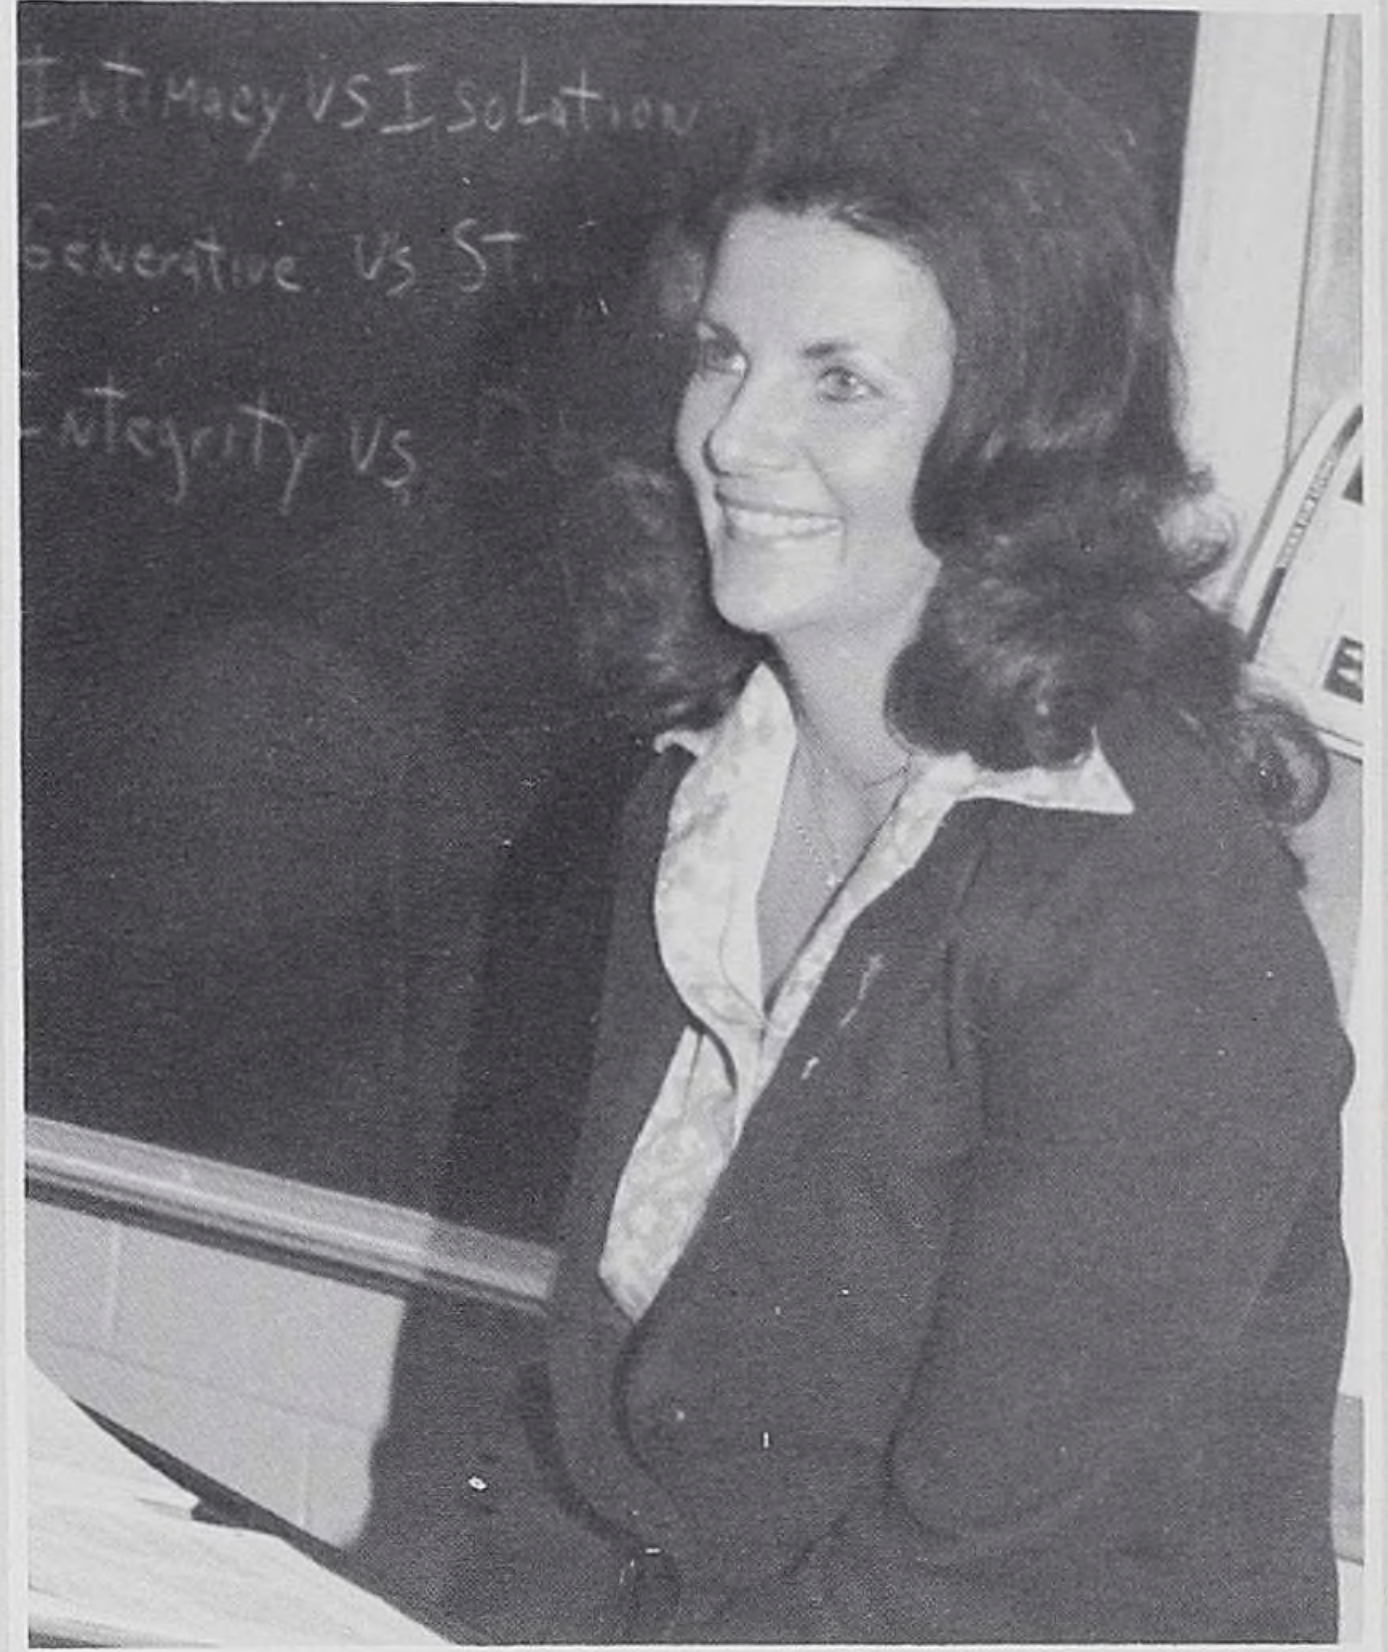

Smile Bruce!

A Typical Day

Social Studies

Mr George Olson

Mrs Barbra Sandburg

Mr. Blaine Gamble

Today's happenings are tomorrow's history lesson. By reflecting upon the history of the work and our nation, we learned the basics of our present status of governmental activity.

Social Studies was a program basically designed to tutor students in subjects like U.S. History, Government, and Economics, but it also included psychology and sociology which are the examination of man's reactions to society and social classifications.

Mr. Ron Colborne

Art

Constructive criticism.

Mrs. Rebecca Higgins

Mrs. Yvonne Tofthagen

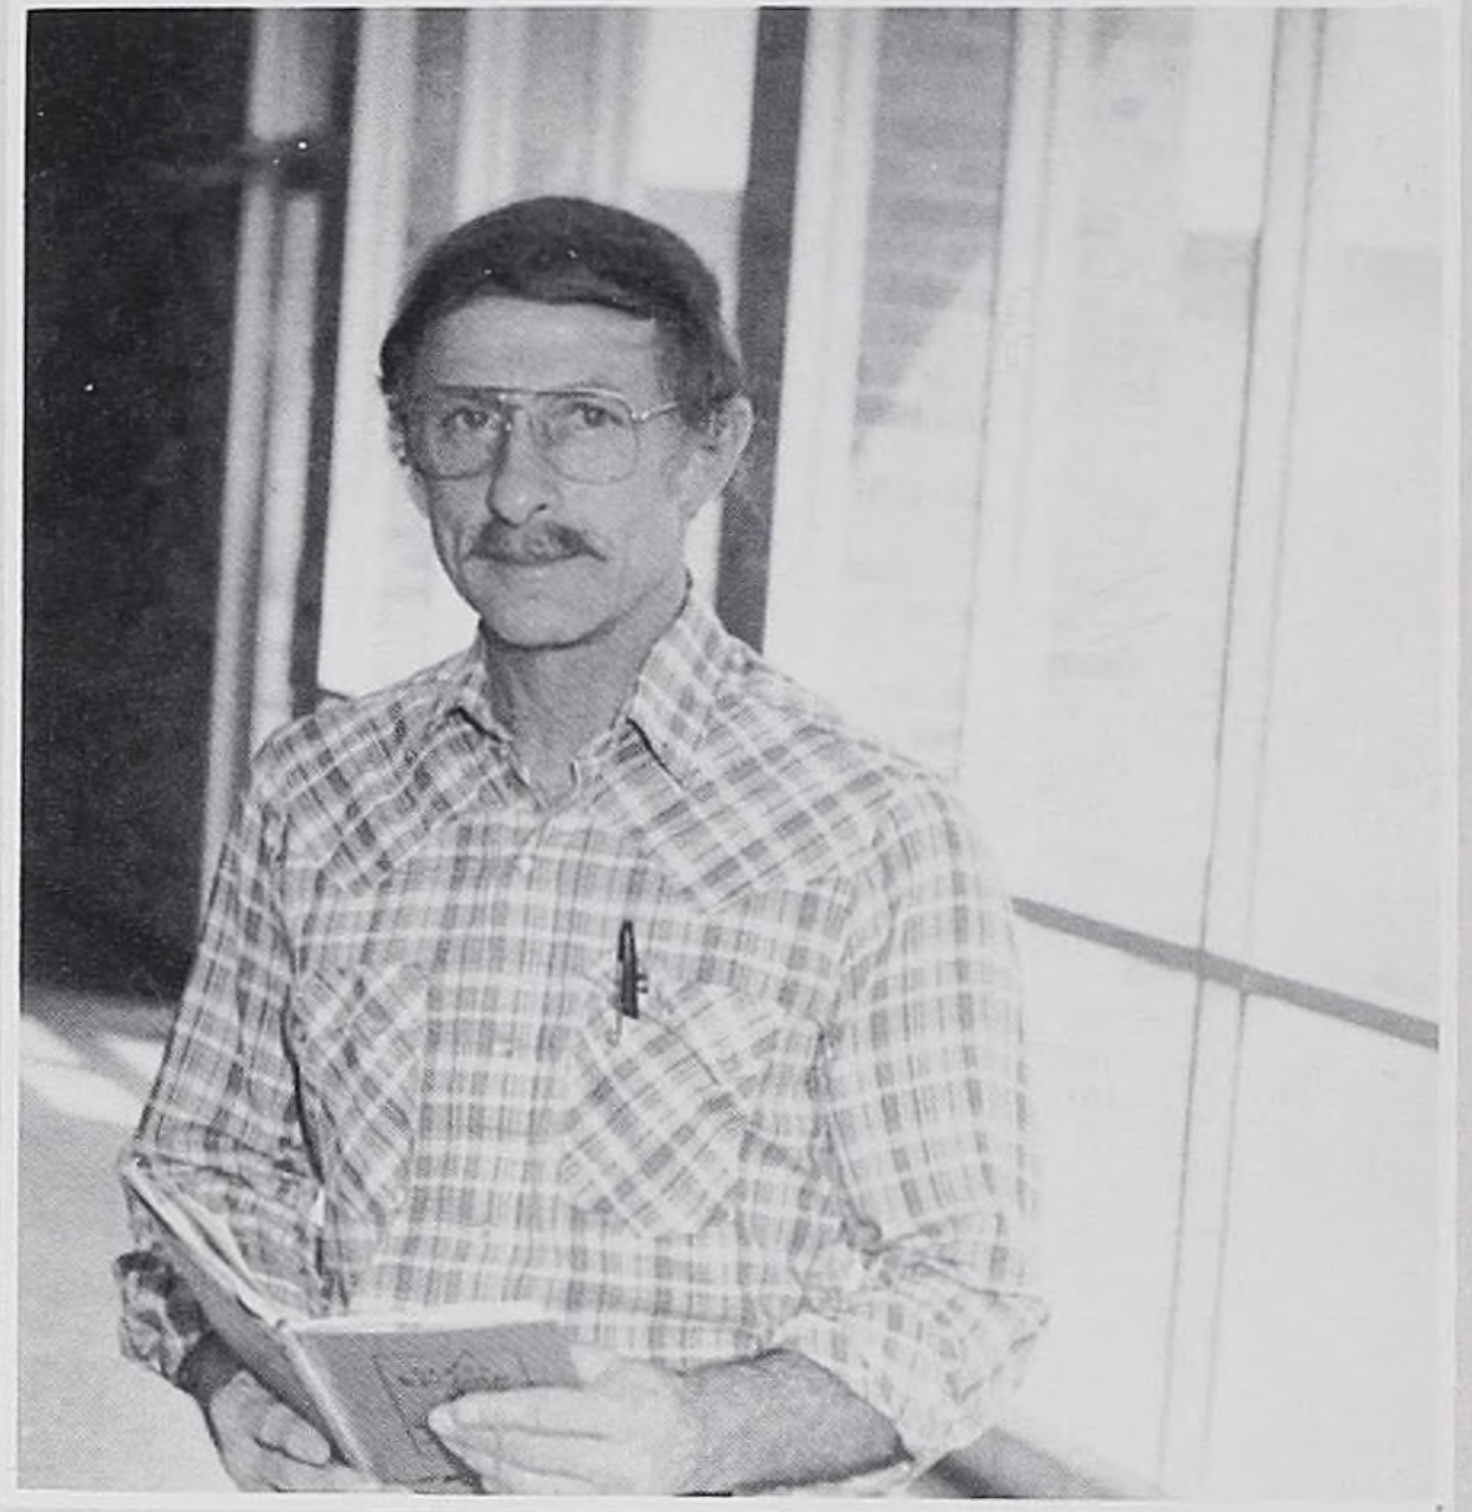

Searching for new designs.

Helping students to recognize their ability to create was the job of the art department. By drawing, sketching, painting, and working with ceramics, the student realized the skill that it takes to create something beautiful. By creating beauty in objects, students created beauty in themselves.

Industrial Arts

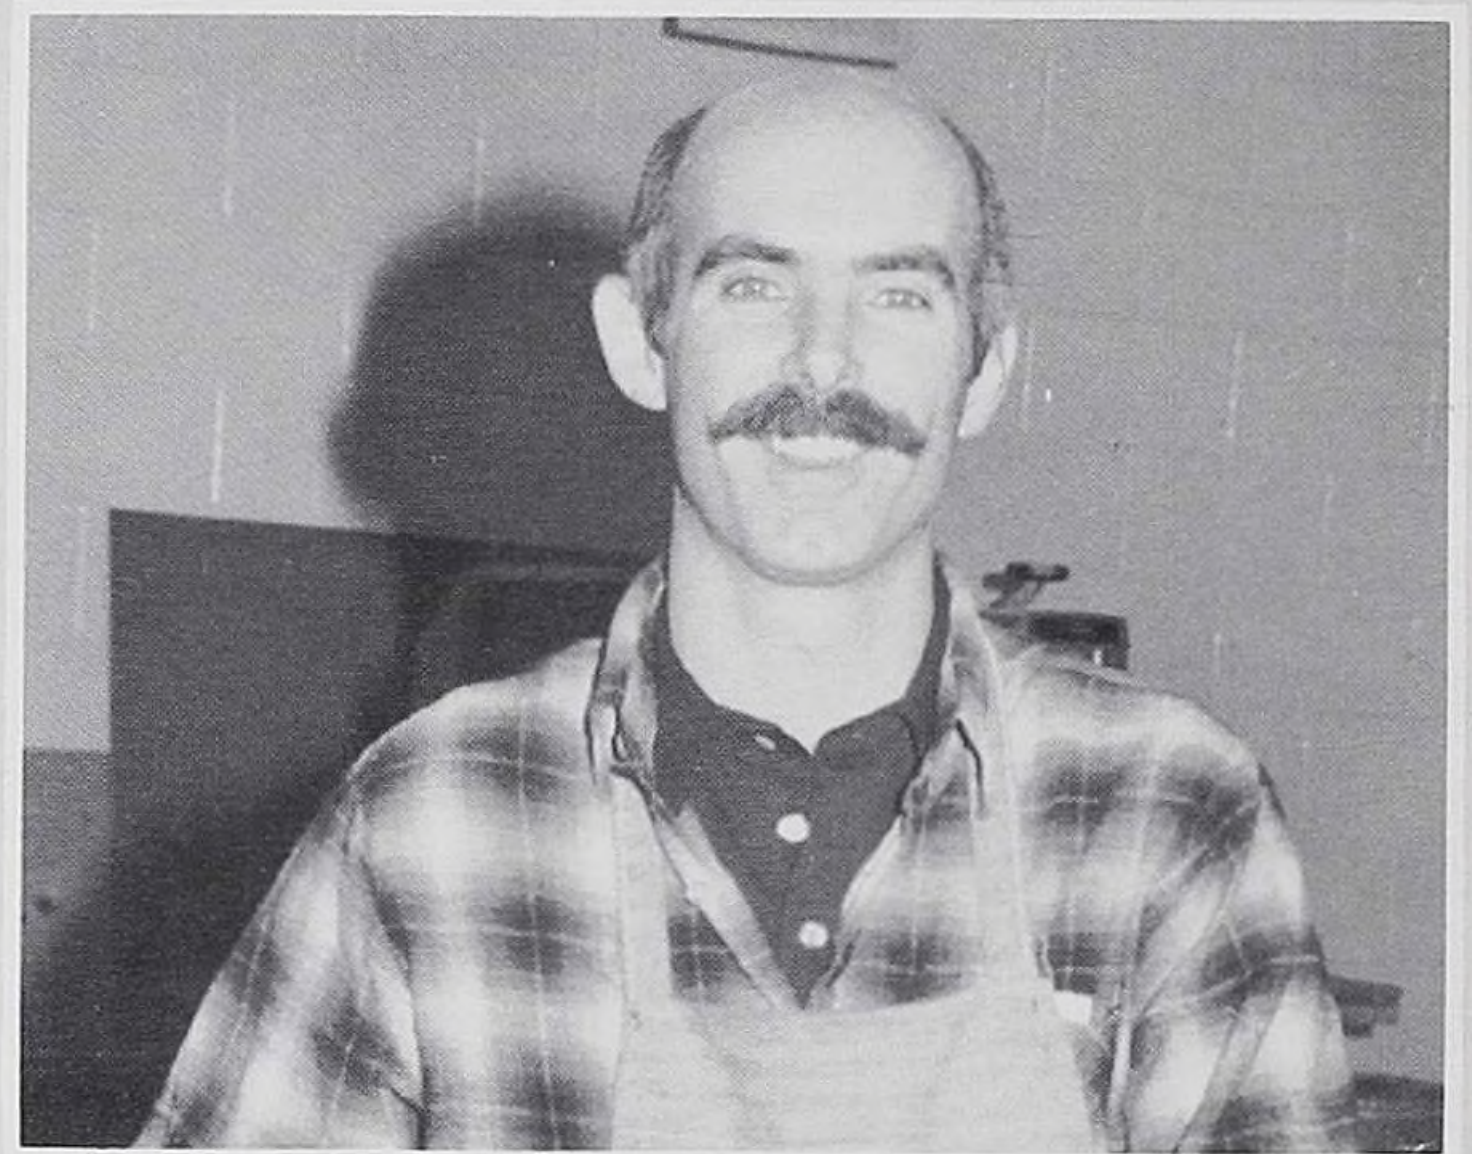

Brian makes a box

Mr. Don Kane

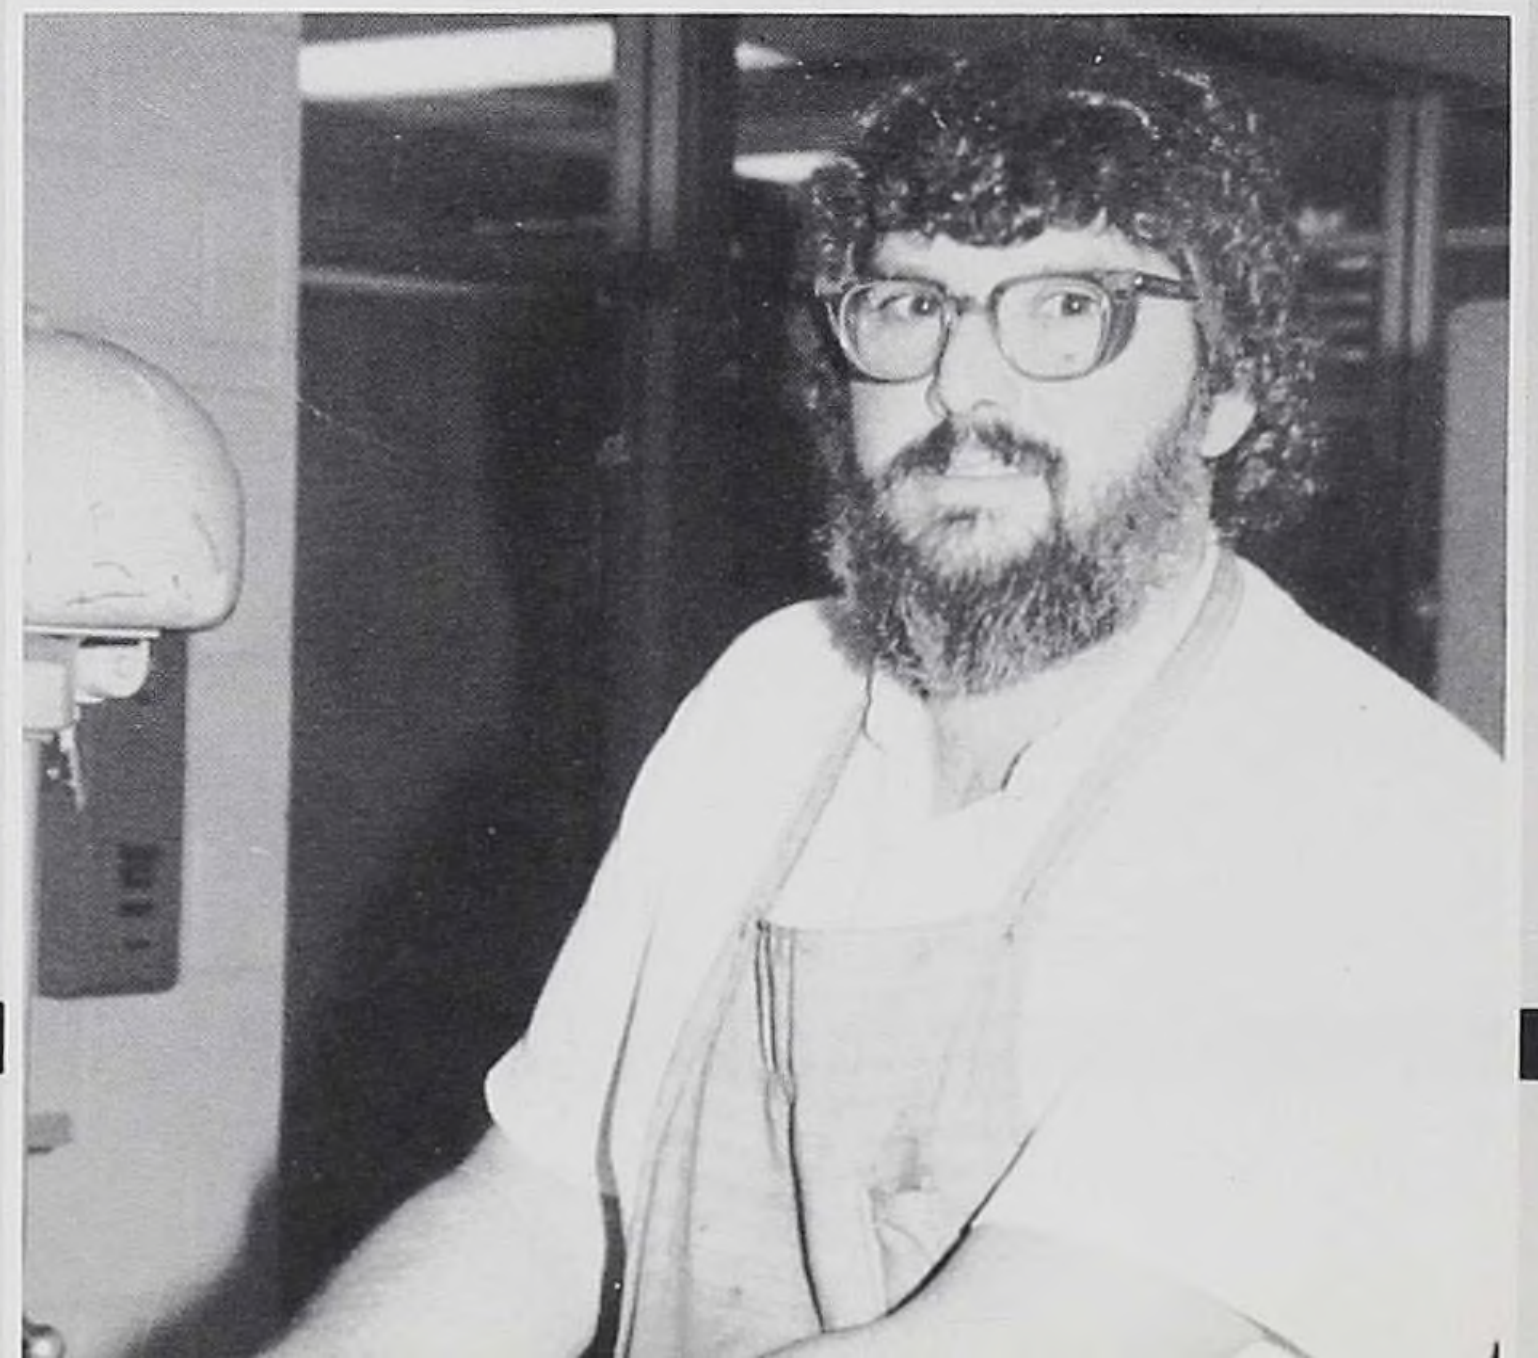

Mr. Harry Toleman

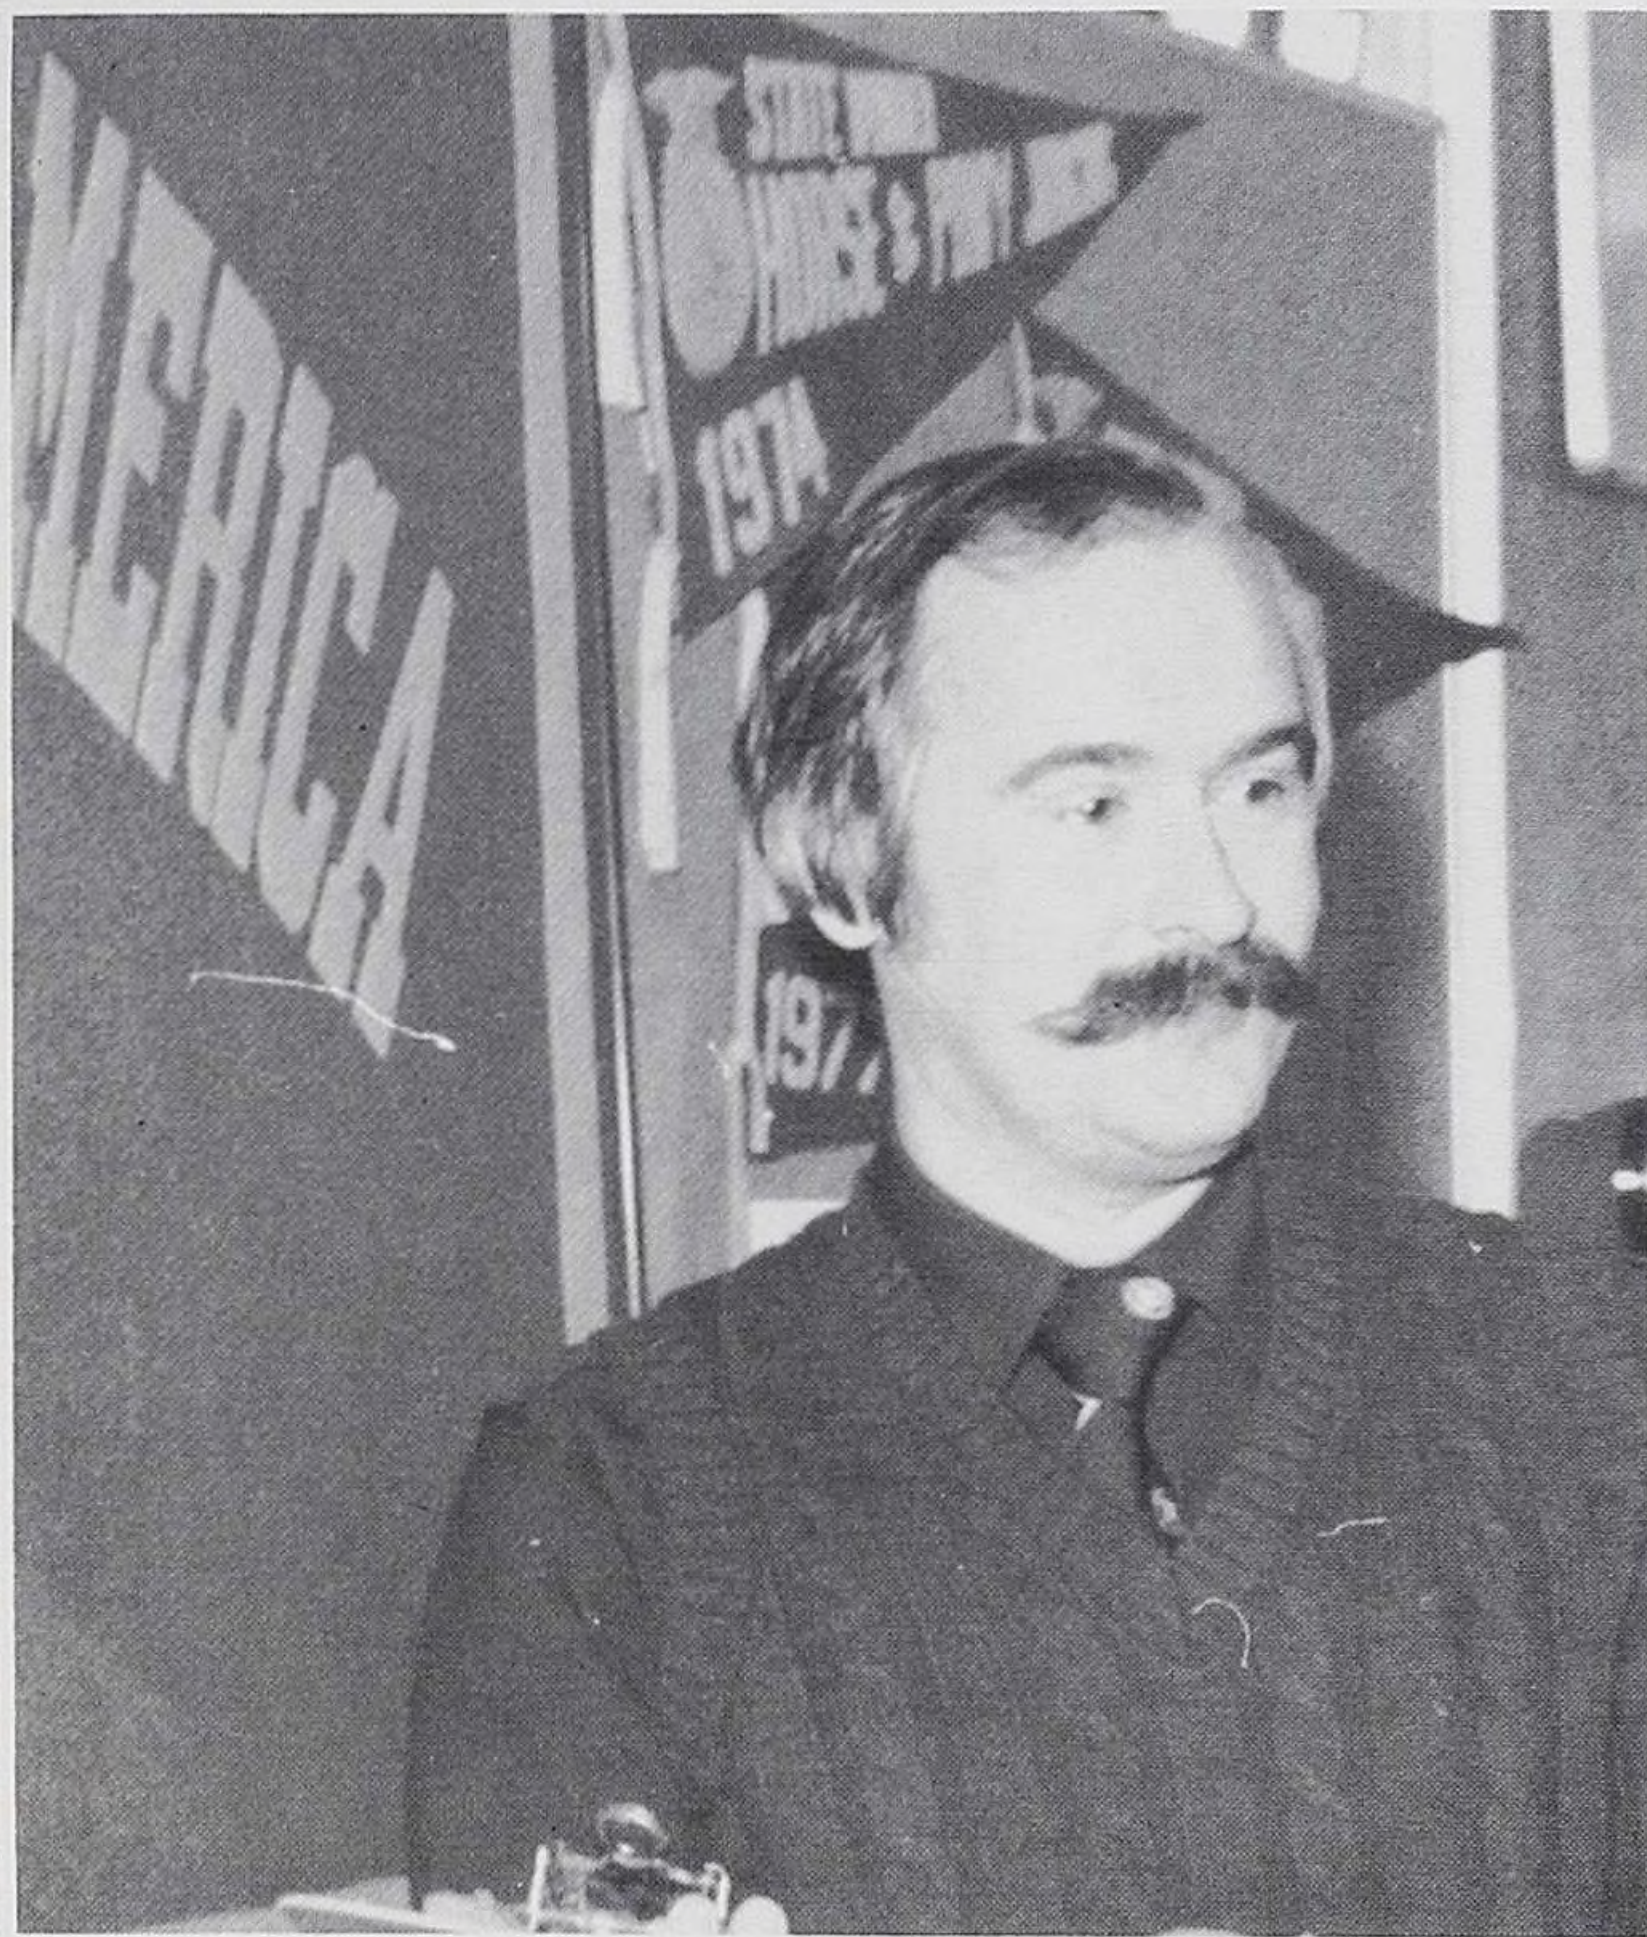

Mr. Dan Shead

Working "hands-on" has been the way that the Industrial Art classes have taught the students new skills. In these classes, students learned more about wood, metal, and electronics. This experience gave students a chance to appreciate the work which goes into planning and building different projects.

Attentive Students

As the world has grown, America has needed more food, which has been where agriculture comes in. Ag class has taught students to seed, to cultivate, and to harvest crops as well as how to maintain machinery. Another major part of agricultural learning has been the judging of livestock and plants. With the offered education, students have begun to plan their future as competent farmers.

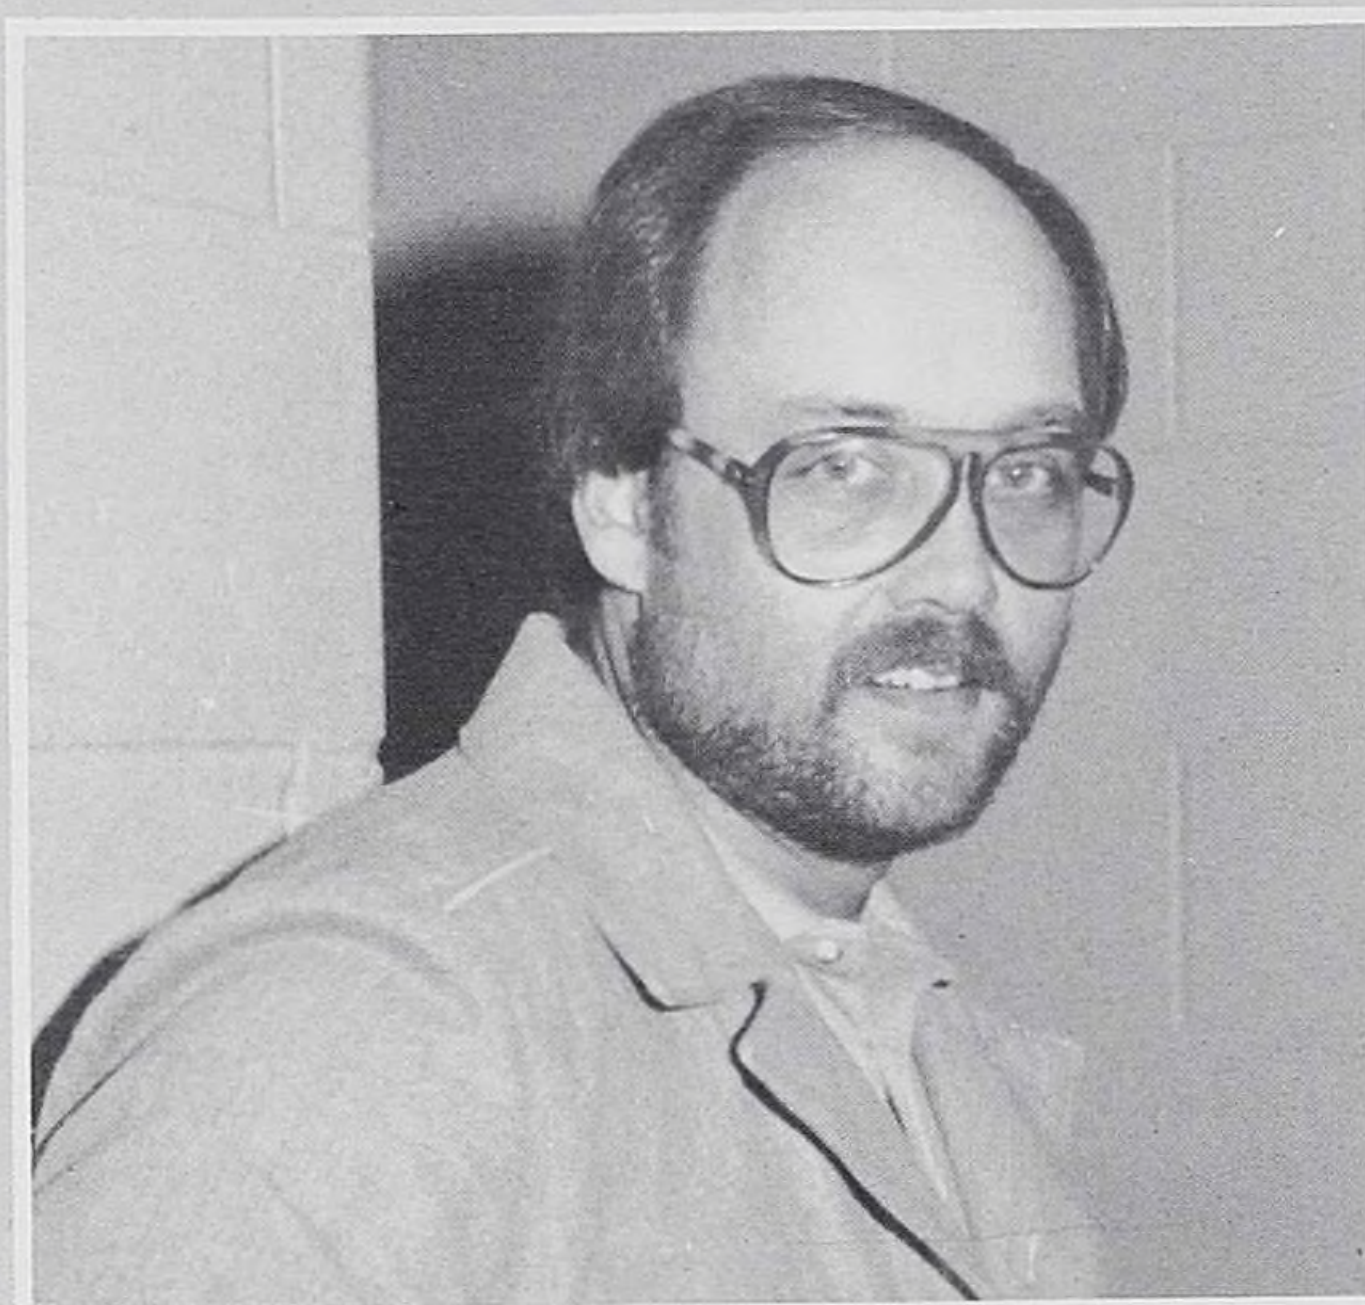

Physical Education

Mrs. Kathy Nova

Mr. Doug Snyder

Mr. Mike Jennings

They are all camera shy.

Drive, determination, and skill has been what the New Prairie Physical Education Department has stood for. By taking such courses as health, life-saving, and gym, students learned the importance of the physical aspect of life. This portion of the Cougar Legend has taught Cougars to be healthy in both mind and body.

Providing both educational and enjoyable experiences were the N.P. Music Departments. Led by Mr. Larry Dodd, the choir allowed students to express themselves through their voices. A Capella, concert and Swing Choir all displayed the effort and the feeling the students put forth in their music.

Band, directed by Mr. Rick Sprague, allowed students to express themselves with musical notes through their various instruments. Whether in marching, concert, or jazz band, students learned true appreciation of all types of music.

Staffers take a look inside.

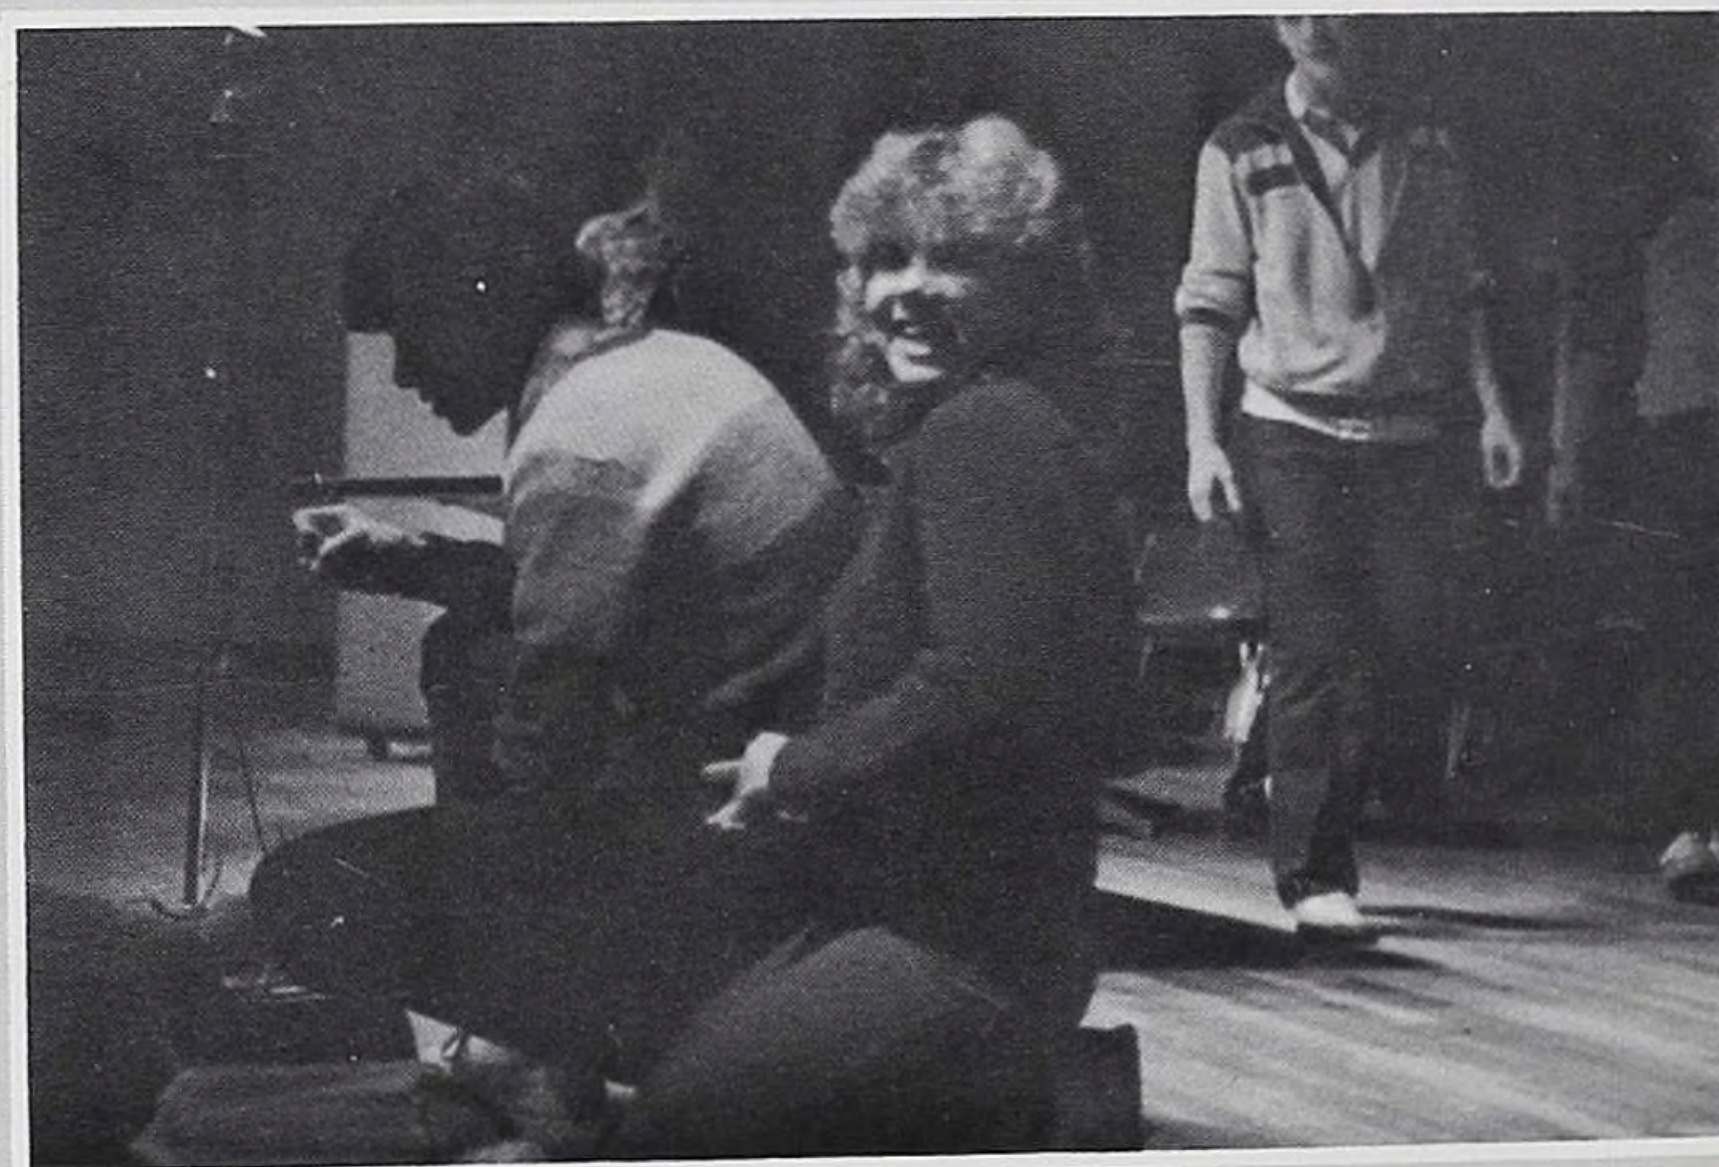

The 1984 Prairie Life Staff had their work cut out for them as they tried to relate the Cougar Legend as they saw it to other students. The staff worked on new ideas to make Prairie Life, 1984, the best view of New Prairie ever given.

Serving you is a pleasure!

Gearing toward aiding the community and providing traditional help for those less fortunate has been the objective of the Girls' Service Club. Annual functions such as Teacher-Buddy Day, bake sales, and food drives have been a small but very important part of the Cougar Legend.

Learning more about art outside of the regular school classes was why the New Prairie Art Club exists. By taking trips to places such as the Chicago Art Institute and the Museum of Conventional Art, the members exposed themselves to all types of art. These trips and activities made the year enjoyable and educational

Attempting to learn more about French culture was the French Club. Led by their fearless leader, Mr. Dimitri Gloss, the French Club had many enjoyable experiences. Two of these were the annual trip to the Purdue Foreign Language Fair and a trip to a French restaurant. Activities such as these helped club members appreciate cultures other than their own.

Helle . . .

Helle Anderson lived with her mother, father, and one sister named Anita in Denmark. While in the United States, or more specifically, New Carlisle, she stayed with the Lesley's.

Helle said things are a lot different in Denmark, the classes taken are similar to ours only they aren't in the same order every day. There are only nine grades and the age range is from 6 to 16. In Denmark there is no school competition. If you want to play a sport you have to be good enough to play for an innercity team.

Helle's favorite classes were P.E. and art. Her future plans are to attend college to become a veterinarian or, she said with a smile, a pilot.

When asked what were the major differences between the U.S. and Denmark, Helle had many comments. For instance, the weather is different here. Helle had never before missed school due to snow before this year. In Denmark, drugs are not as popular as they are in the United States. The United States is more fast-paced. In Denmark, people don't have to have cars to go every place; they just walk, ride bicycles, or take a bus. Also, the Danish boys are cuter.

As in America, unemployment is high, but the divorce rate and teenage pregnancy was lower in Denmark. There was no age limit on alcohol and Danish women have more control.

Helle's favorite things in the United States were "pigging-out at McDonald's and Jim Hardy."

Cougar Reporter

"May I use a typewriter?" "I need the computer." All were common statements heard during sixth hour journalism class, the publishers of the Cougar Reporter.

Members scurried to get the final copy typed and ready for paste-up. After copy was laid out, the material was stenciled and duplicated — all in time to be distributed before the final dismissal bell of the last Friday of the month to keep Mr. Blaine Gamble sponsor, happy.

Wanting to perfect the pom pon routines performed, the squad held practices twice a week. While they attended camp at Indiana University to try to improve their dancing techniques and to learn new routines.

Results of a long day's work.

Cross Country

Advice from an old pro.

First row: Dawn Hochstetler, Ann Murphy, Beth Hochstetler, Carol Gray, Angie Benjamin, Michelle Light, Denise Winter, Nancy Bernth. Second row: Wayne Boal, Joey Stayback, Greg Murphy, Terry MacMillan, Shawn Johnston, Neal Carboneau, Scott Flatt, Dave Washburn, Paul Miller, Third row: Coach Doug Snyder, Darrell Miller, Dean Fetcher, Dan Moryl, Shawn McDaniel, Bob Rhine, Phil Sayles, Murry Winslett, Brian Davis.

My opinion is . . .

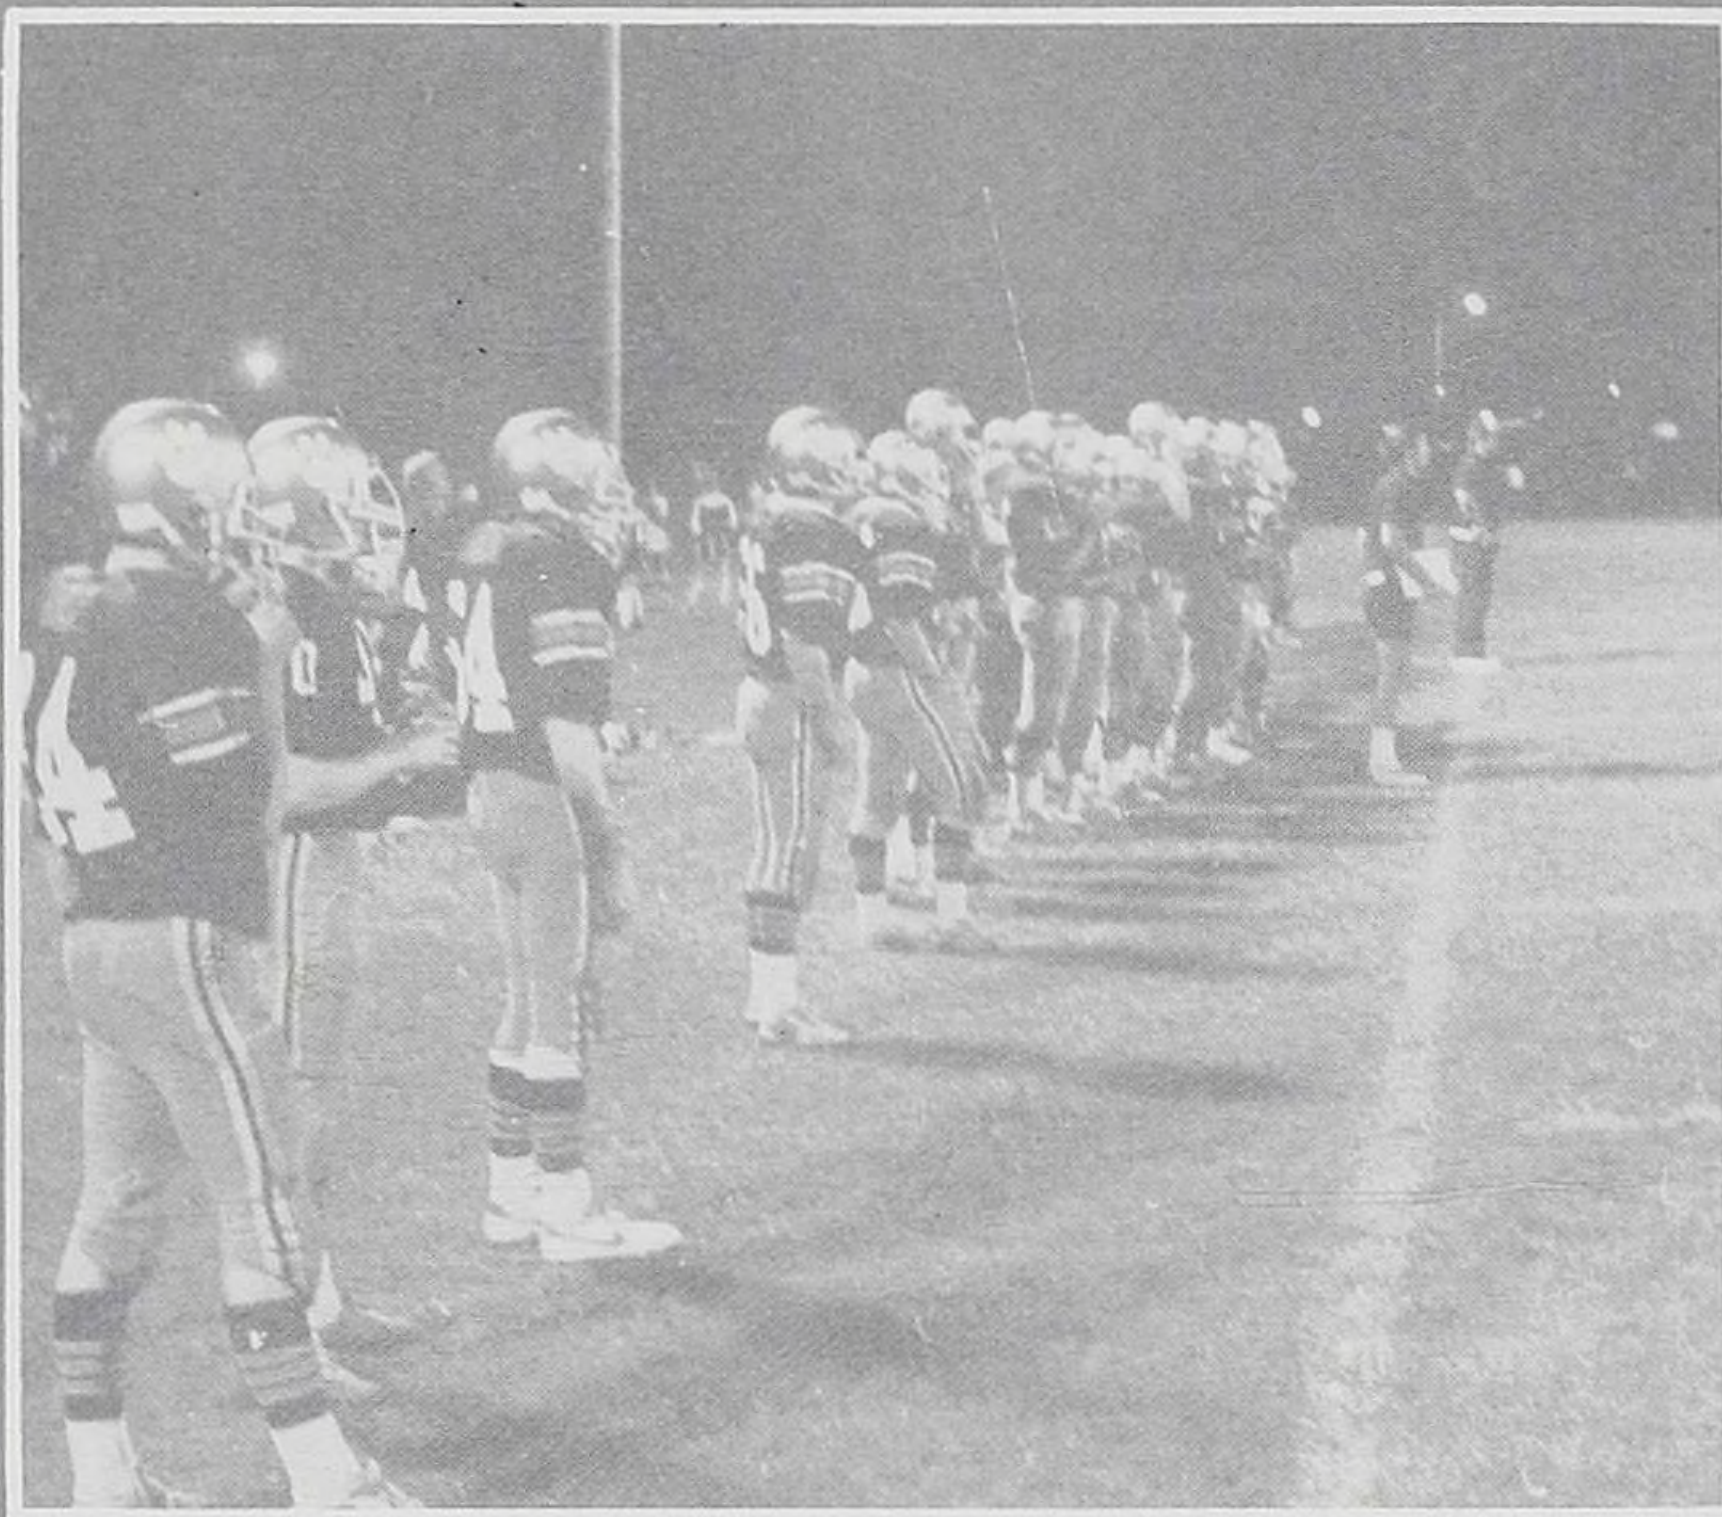

Having a 14-2 record, the girls' cross country team had an extremely good season. All the hard practice showed in the work.

Co-captains of the Lady Cats were junior Denise Winter and sophomore Anne Murphy. Sophomore, Carol Gray, was the most valuable runner and frosh Nancy Bernth was the most improved.

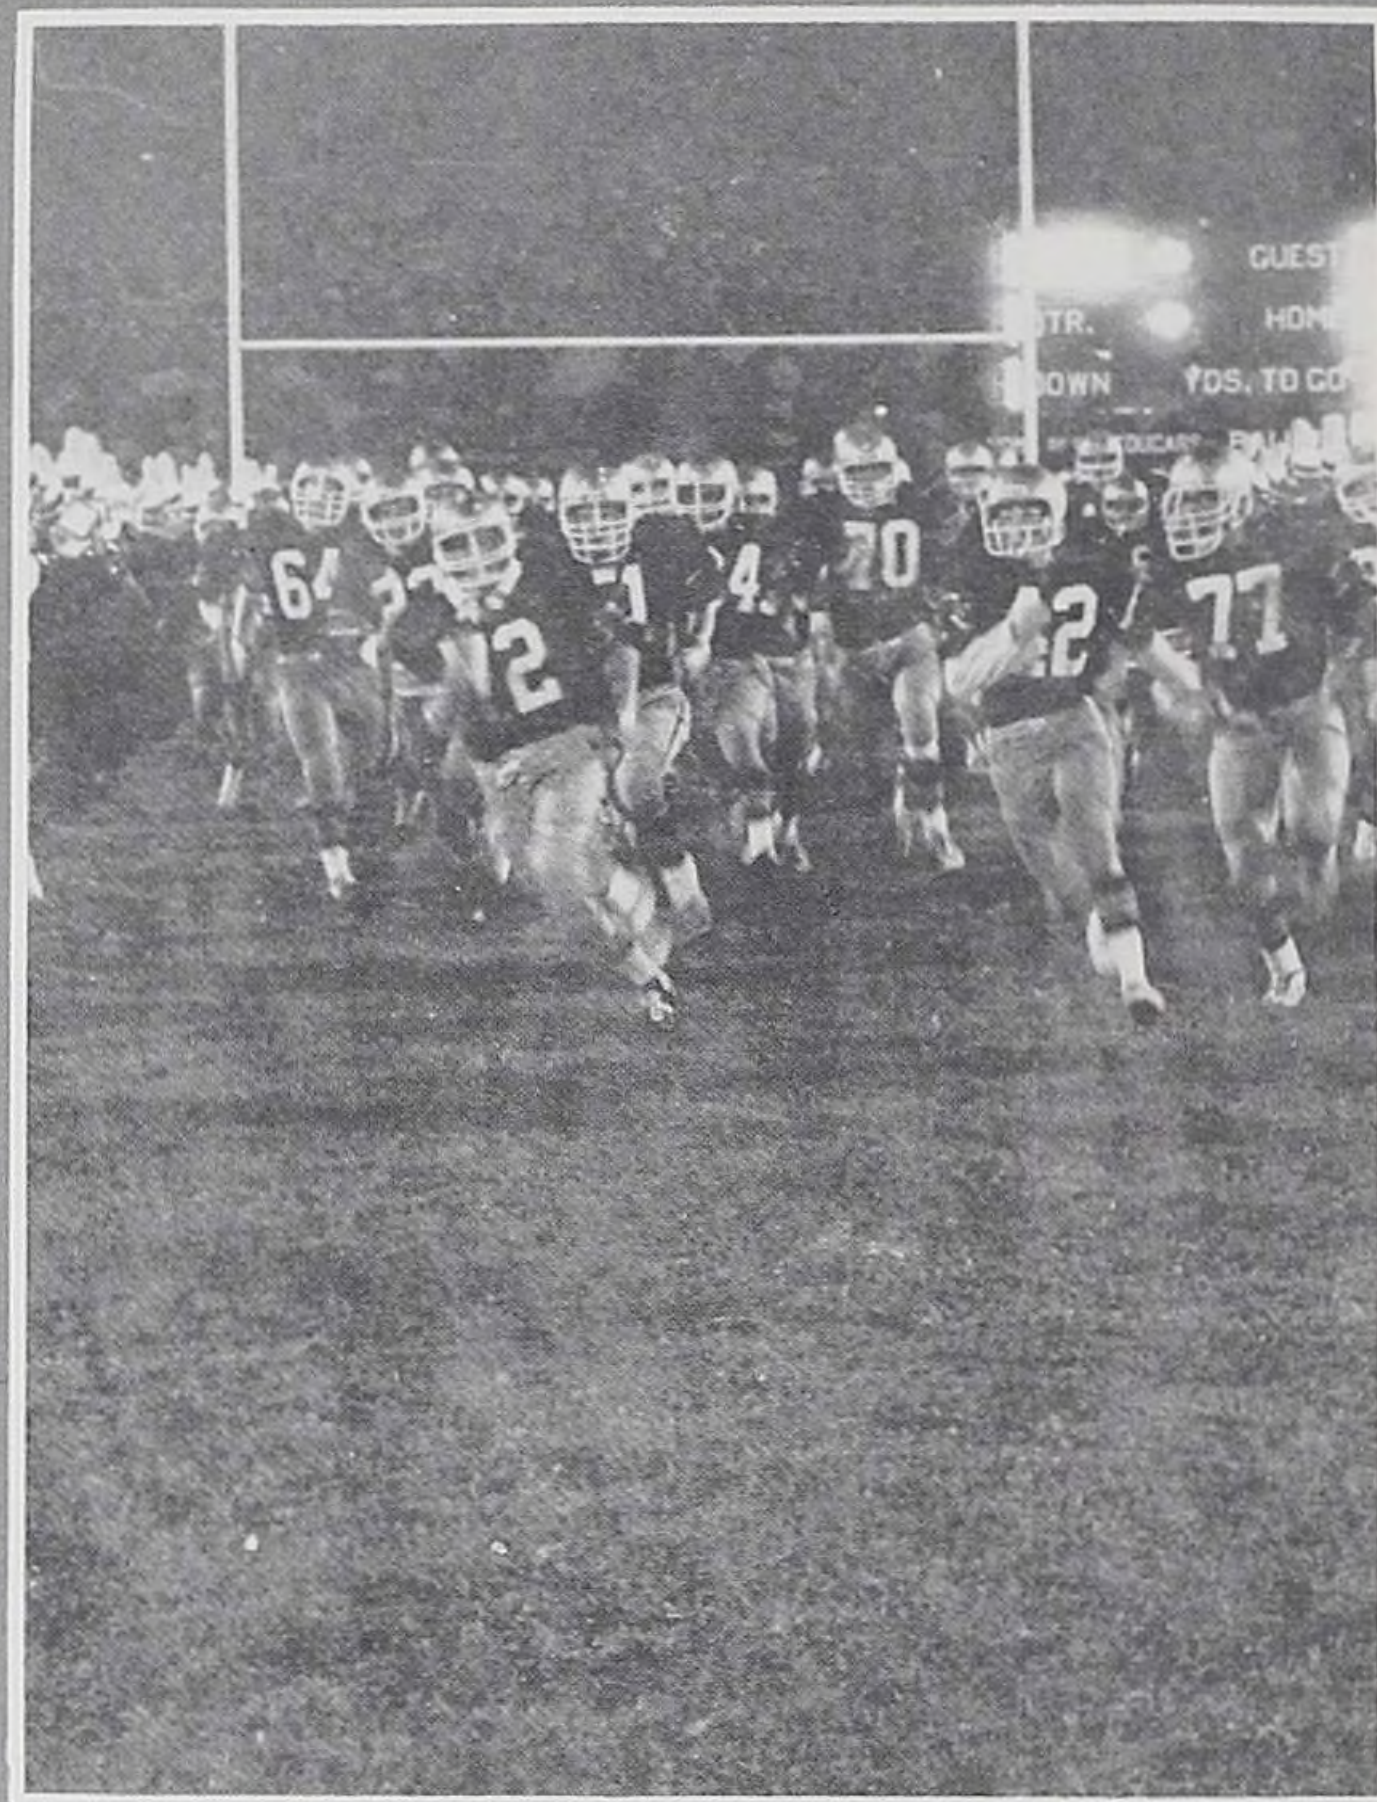

Losing four star runners due to graduation, the boys' cross country team started the year with a handicap. The returning veterans and new team members put in much practice and a great deal of effort which showed in their record.

Co-captains of the Packmen were Dean Fetcher and Dan Moryl. Bob Rhine was the most valuable runner and Dean Fetcher was the most improved.

Leading the Cougars through battles on the football field were co-captains, rock-hard Vince Talerico and power-house Mike Henning.

Cougars, proving to be strong, held their ground even though the competition was big, powerful and new. Replacing the Northern State Conference was the cluster system which meant playing different schools, large and small. Forever faithful Cougar fans roughed a three-hour fan bus trip to Delta for a heart-breaking loss.

When asking the team what the funniest incident was this year, they seemed to be in general agreement. "The funniest thing that happened was when Nuch, Simon, and Talerico were caught spraying a fire extinguisher and had to make a speech to the team."

Talerico and Henning agreed that they were satisfied with the season, "The team had a lot of fun and worked hard. We went out and kicked some ____."

F.B. Pep Session

Musical

It is Katy the cleaning lady.

This year's musical, "How to Succeed in Business Without Really Trying", took time, work, and cooperation to put together an excellent presentation. The cast and pit band put many hard hours into their performances. Along with the time and effort spent, the music department thoroughly enjoyed themselves as they worked. The audiences for whom they performed showed appreciation of a job well done. Music programs like this are a major part of the Cougar Legend.

MOVING ON — GRADUATION

Moving on is saying good-bye yet saying hello.
To all the new and different things in this world,
which we are just getting ready to know.

We have future decisions to make.
and future endeavors to take.

In this world, we may not succeed everyday.
But remembering what others taught us, and
what we taught others will help us in every way.
Yes, moving on is a happy time, but also a sad time
too.

Saying farewell to everything and everyone that in
some way was special to you.

But, yes, Graduation is here — and it is time to move
on.

But just remember — We've got determination, and
we've got more cause we're the class of 1984!

— Wendie Bogoian

We have made a long journey; a journey to be proud of, and we should take pride in our accomplishments. This proud feeling has been building since we entered kindergarten, accomplishing simple tasks such as tying shoes and writing our names. Then we moved on to grade school where we had more advanced classes such as science and social studies. Grade school was the beginning of many athletic careers.

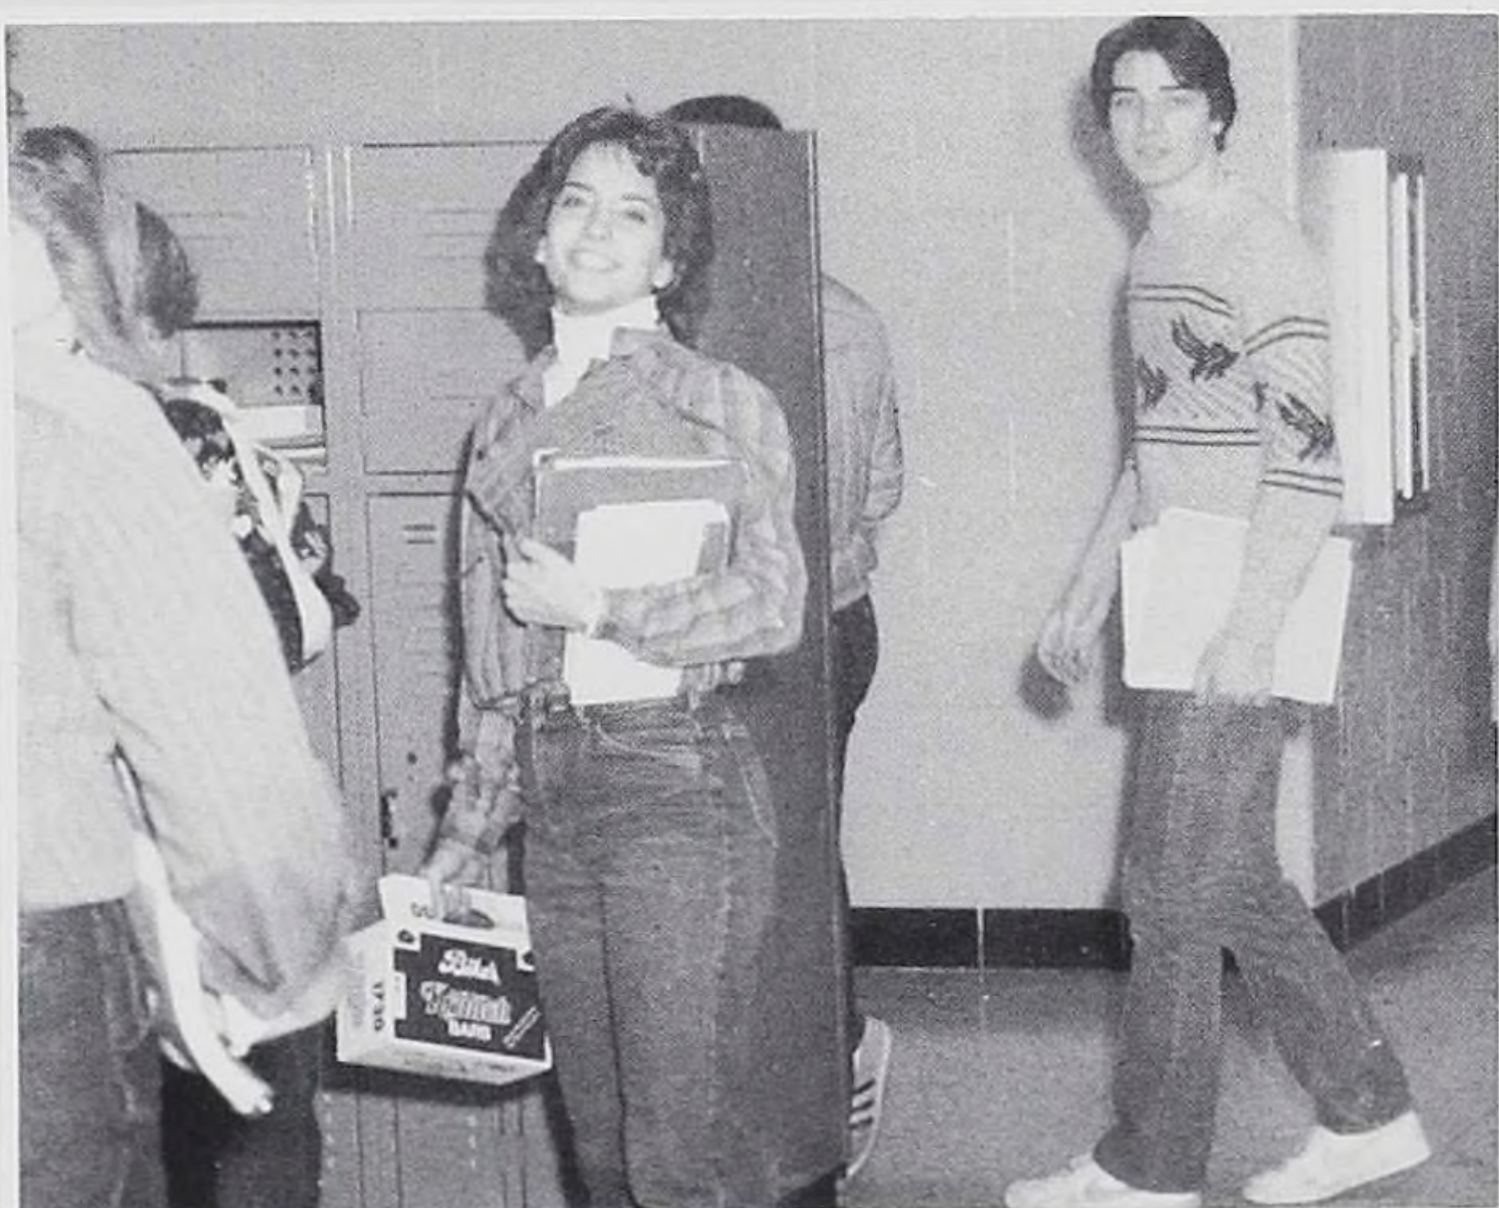

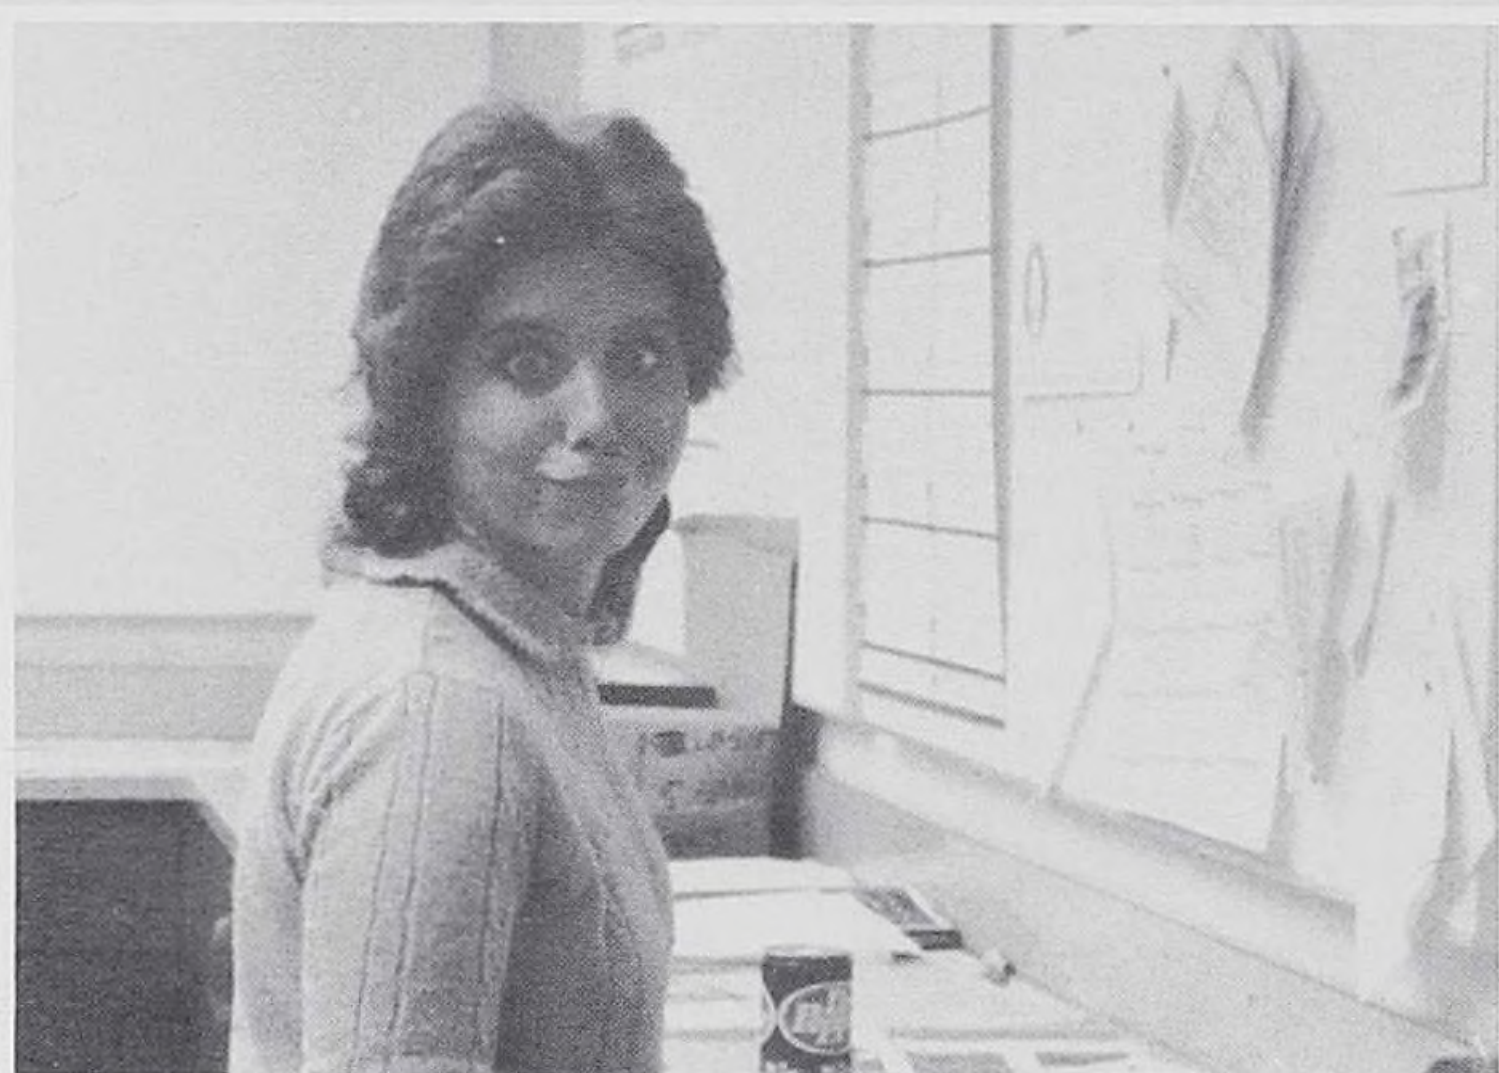

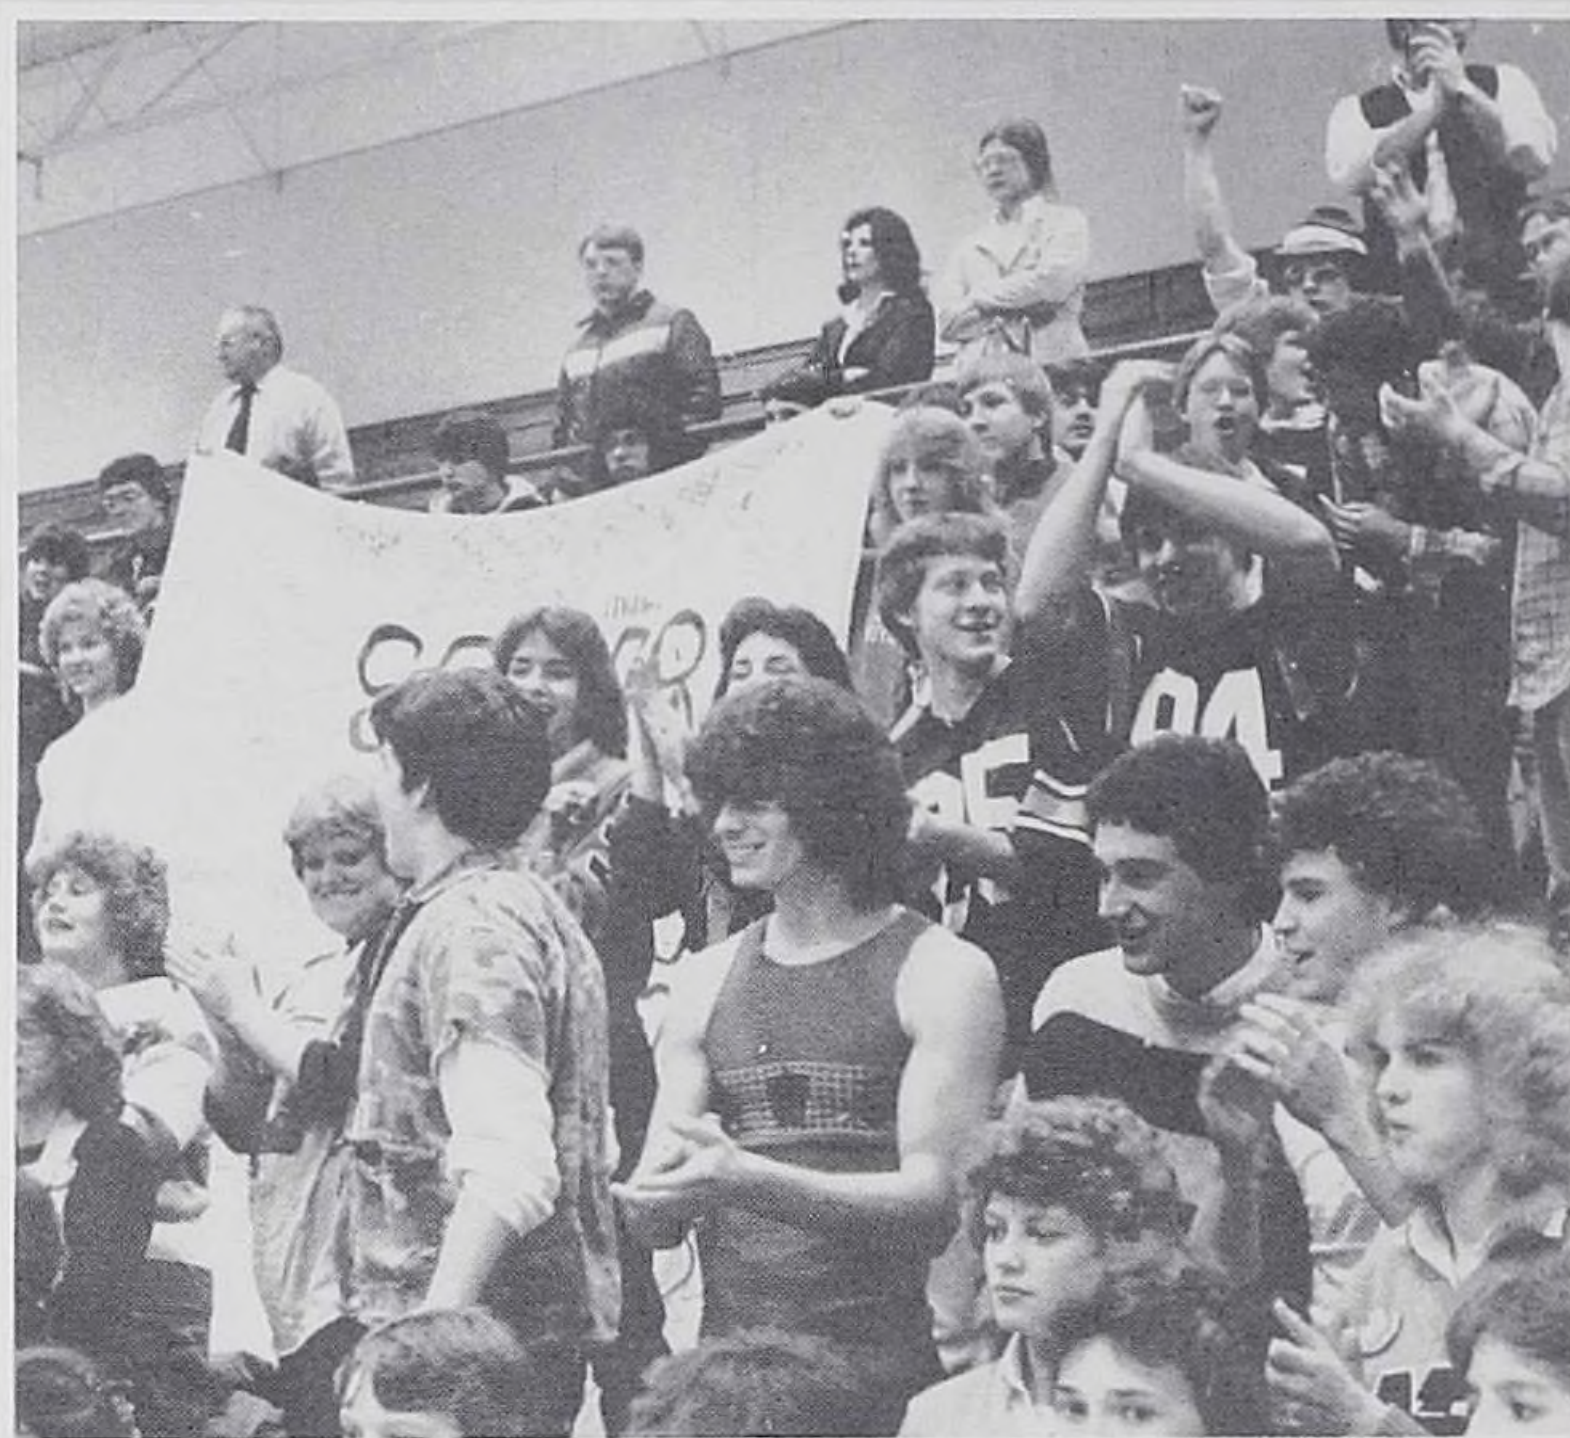

The next advancement seemed beyond belief as we stepped into junior high school. It seemed as though the whole world had changed. Classes started earlier and were more difficult. Athletic events were more competitive, which produced more pressure; yet, we were proud to be there.

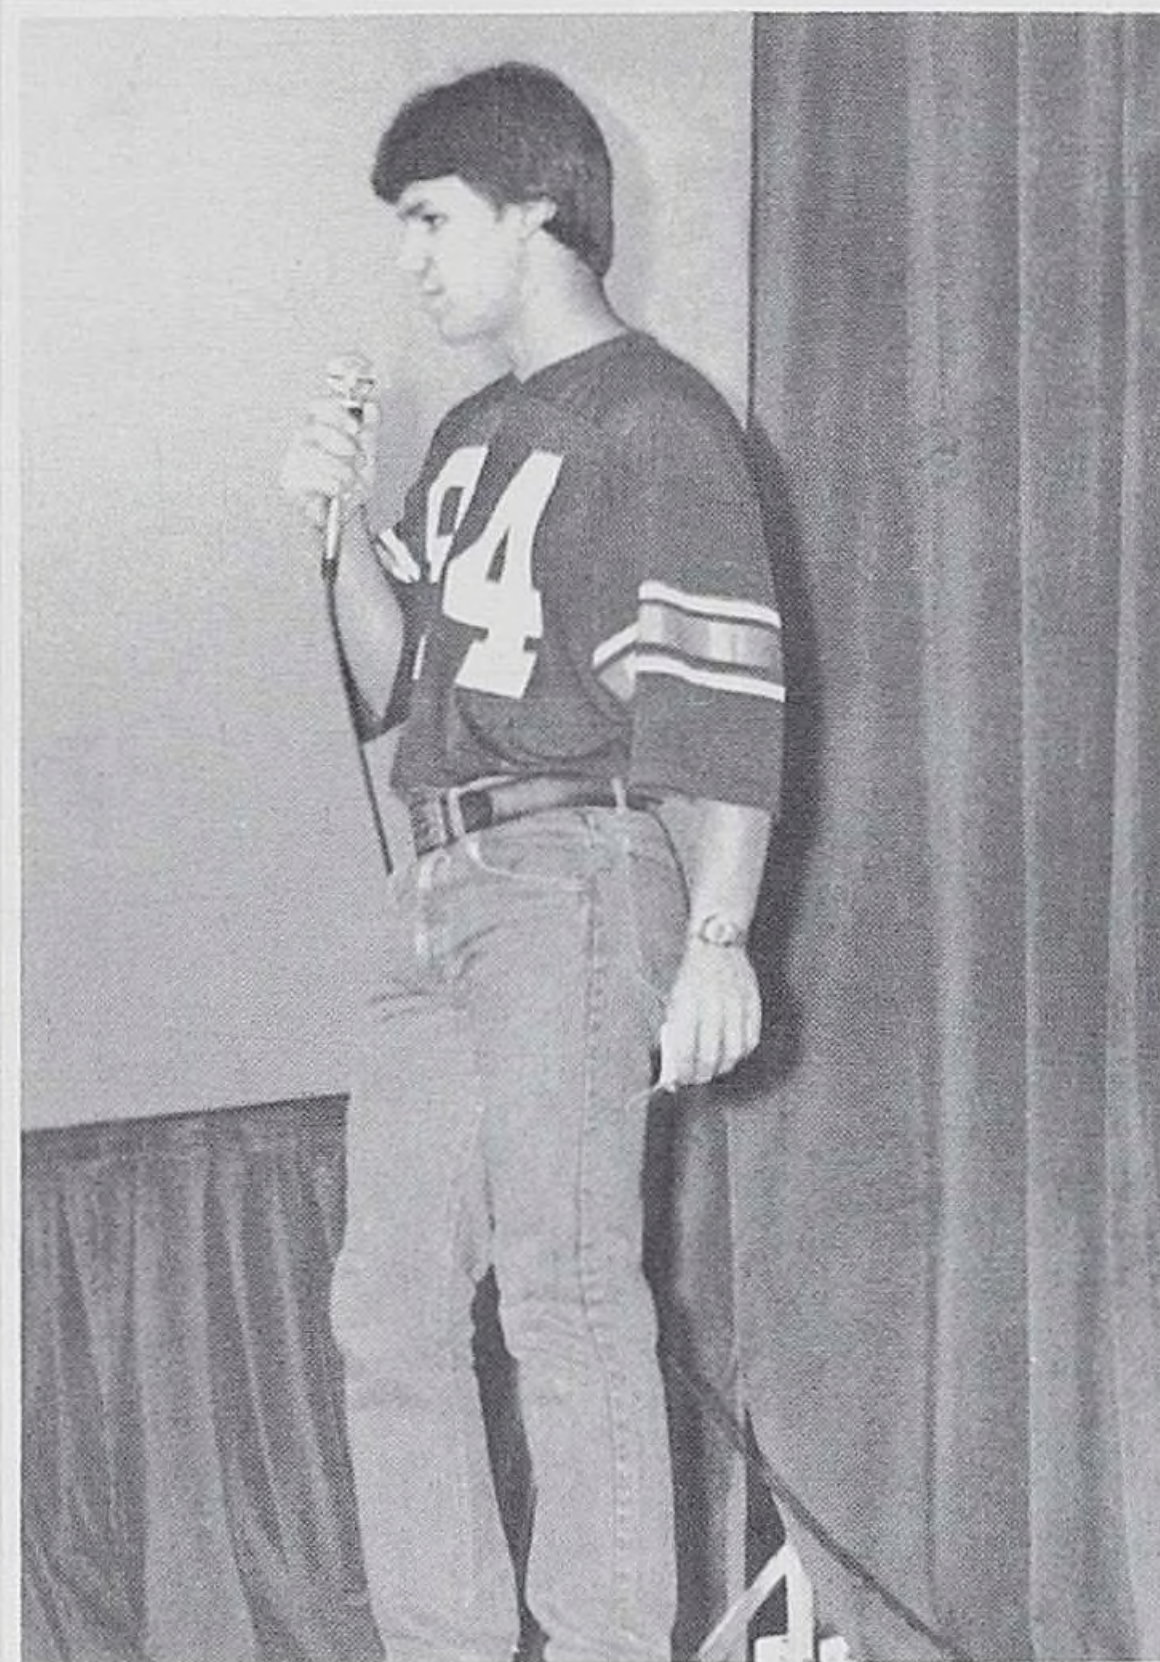

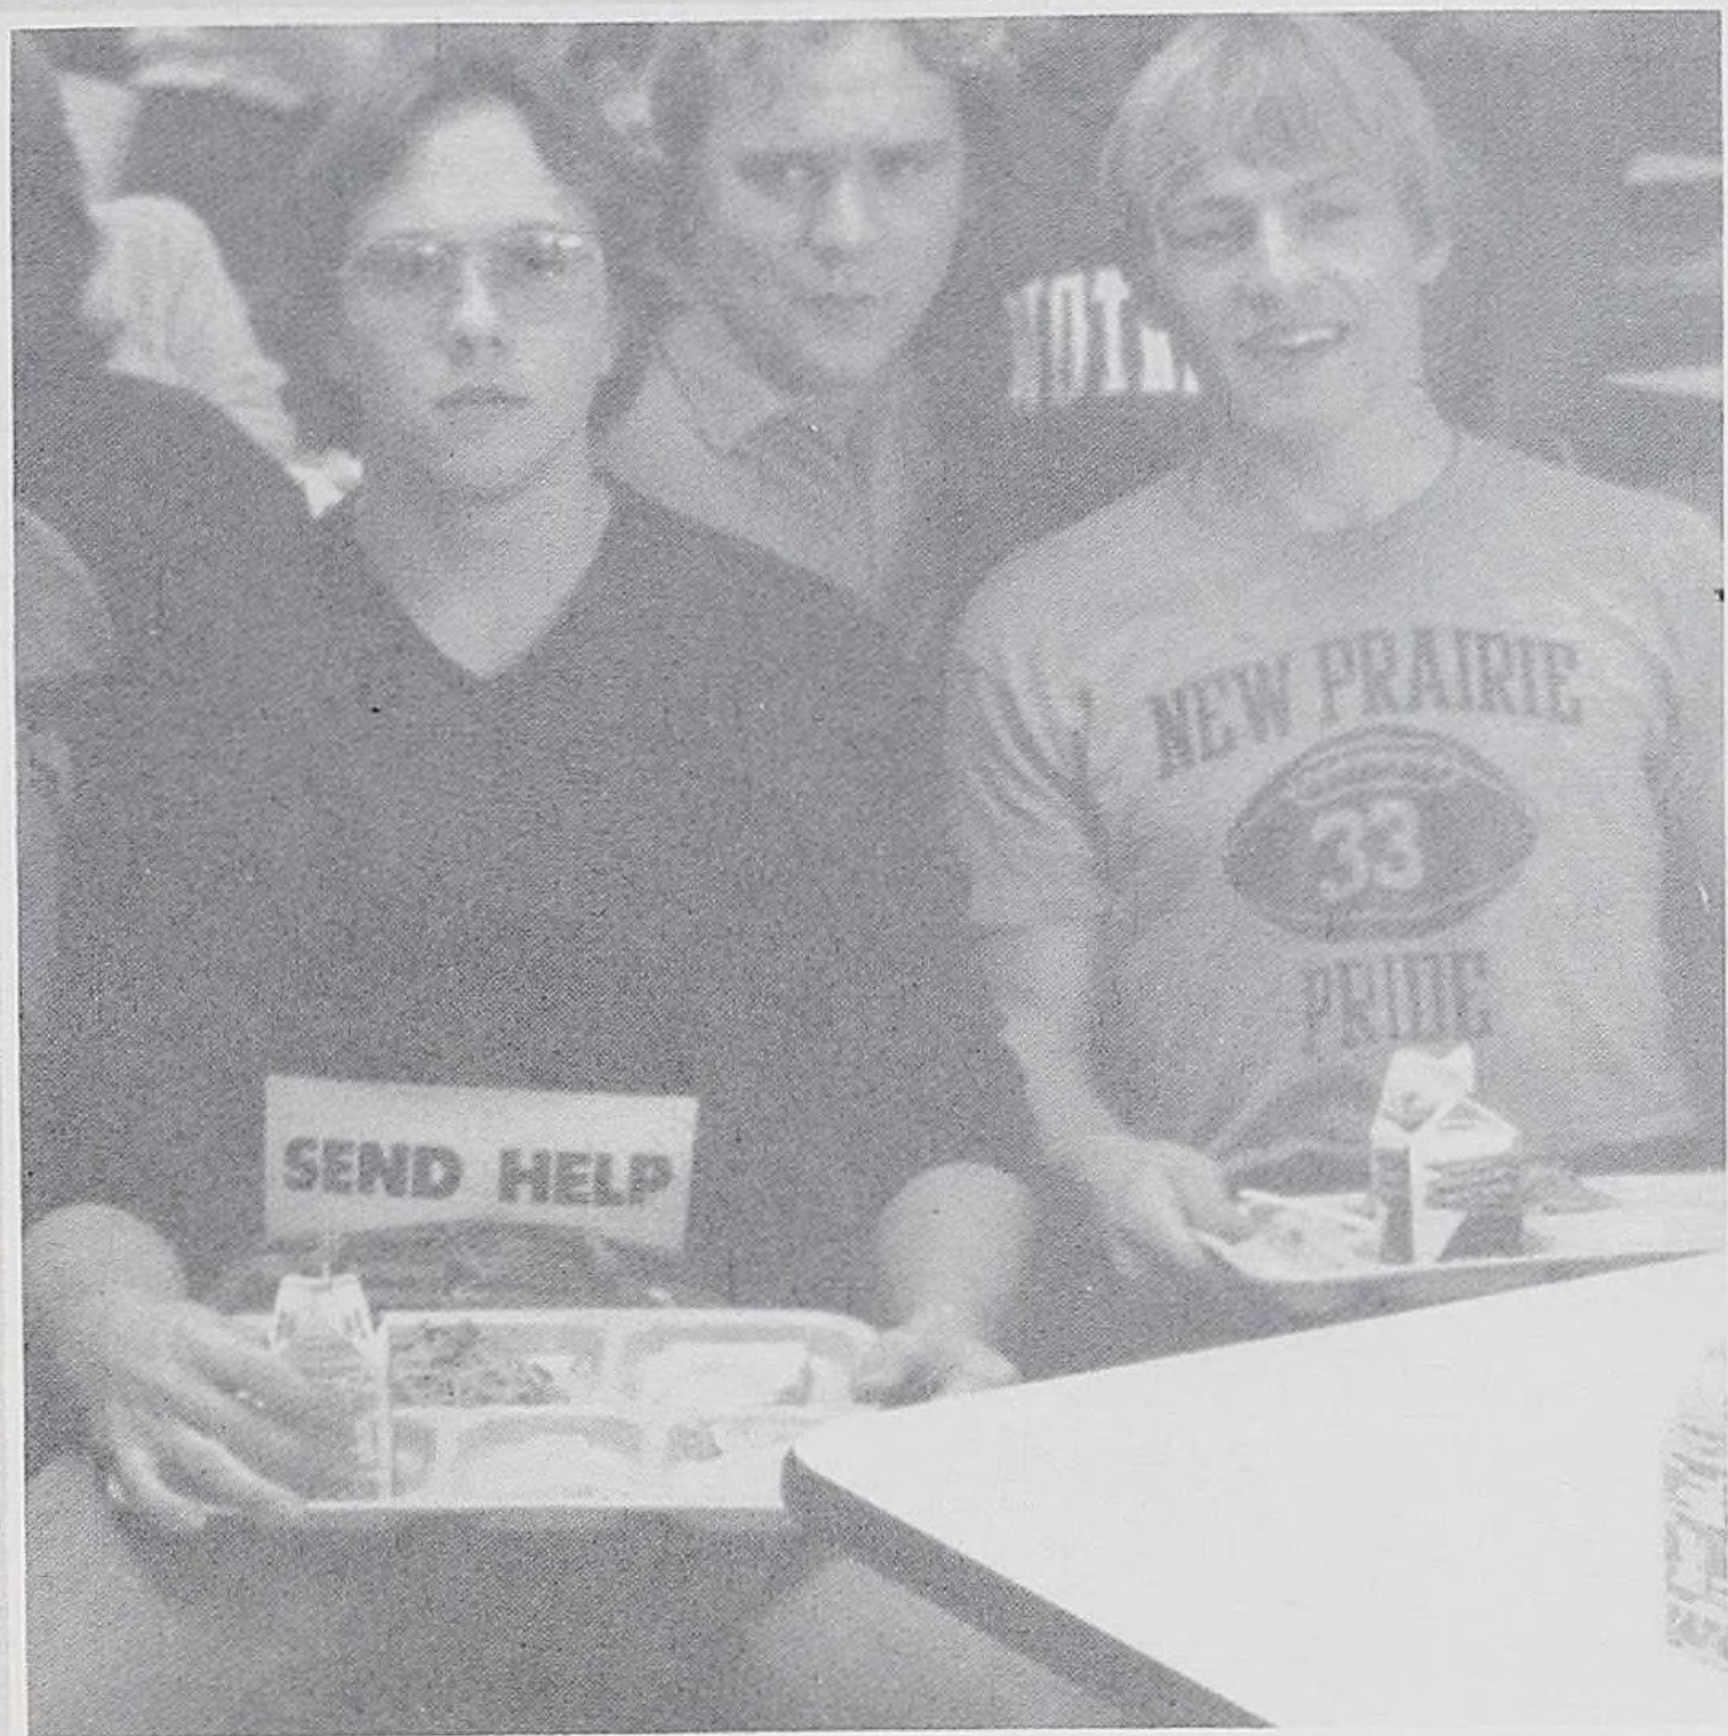

Then we made the greatest step of all into high school. As young freshmen, we were frightened and lonely however, our pride drove us onward to our goals. During our high school career we steadily became more mature and more sophisticated.

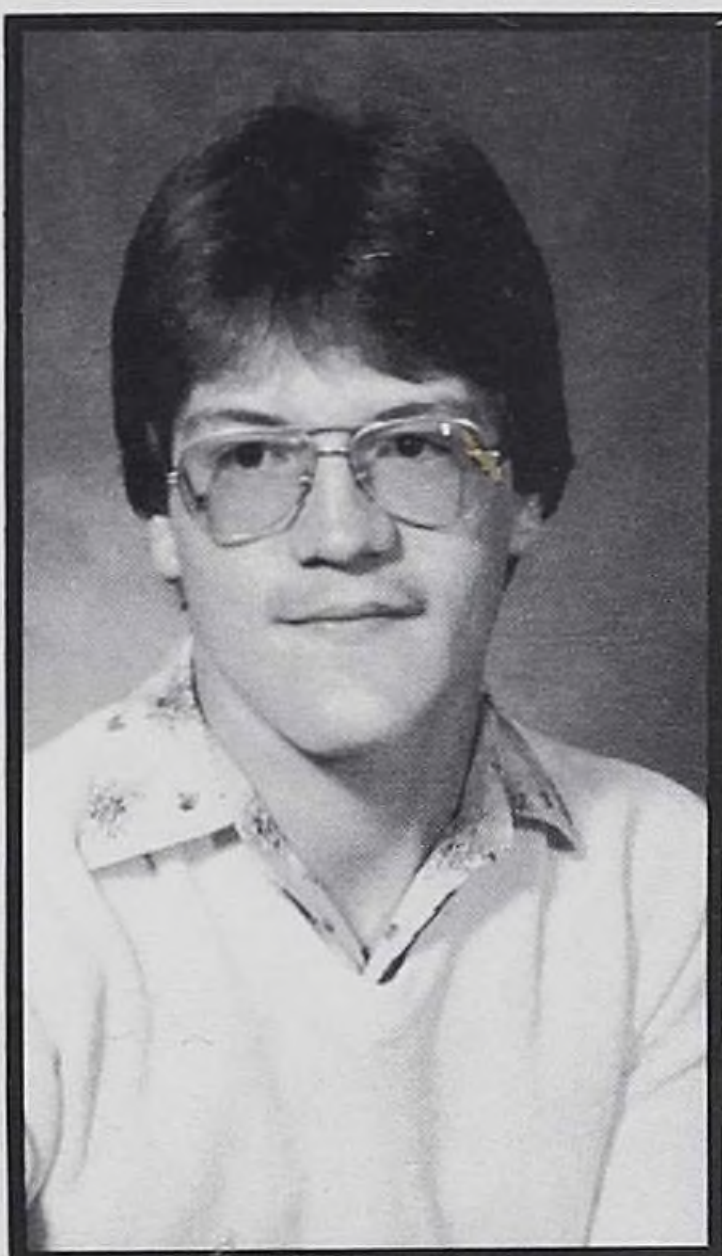

Now we are at the end of our public school journey. Most of us are glad to see the end; nevertheless, there is something in each of us that makes us want to start all over. Hopefully that strong feeling of pride from our past accomplishments will push us onward to our future goals.

— John Simon

Unity of the junior class has increased tremendously throughout the years. The many athletes and their fans continue to support each other in every event whether the Cougars win or lose. The spirit of winning can always be found within the junior class.

Being one step closer to graduation, the juniors put forth many hours of hard work and study to prepare them for their senior year.

Class Officers

Betsy Kempf, treasurer; Diane Dobrzykowski, secretary; Brian Trosper, president; Connie Stayback, vice president.

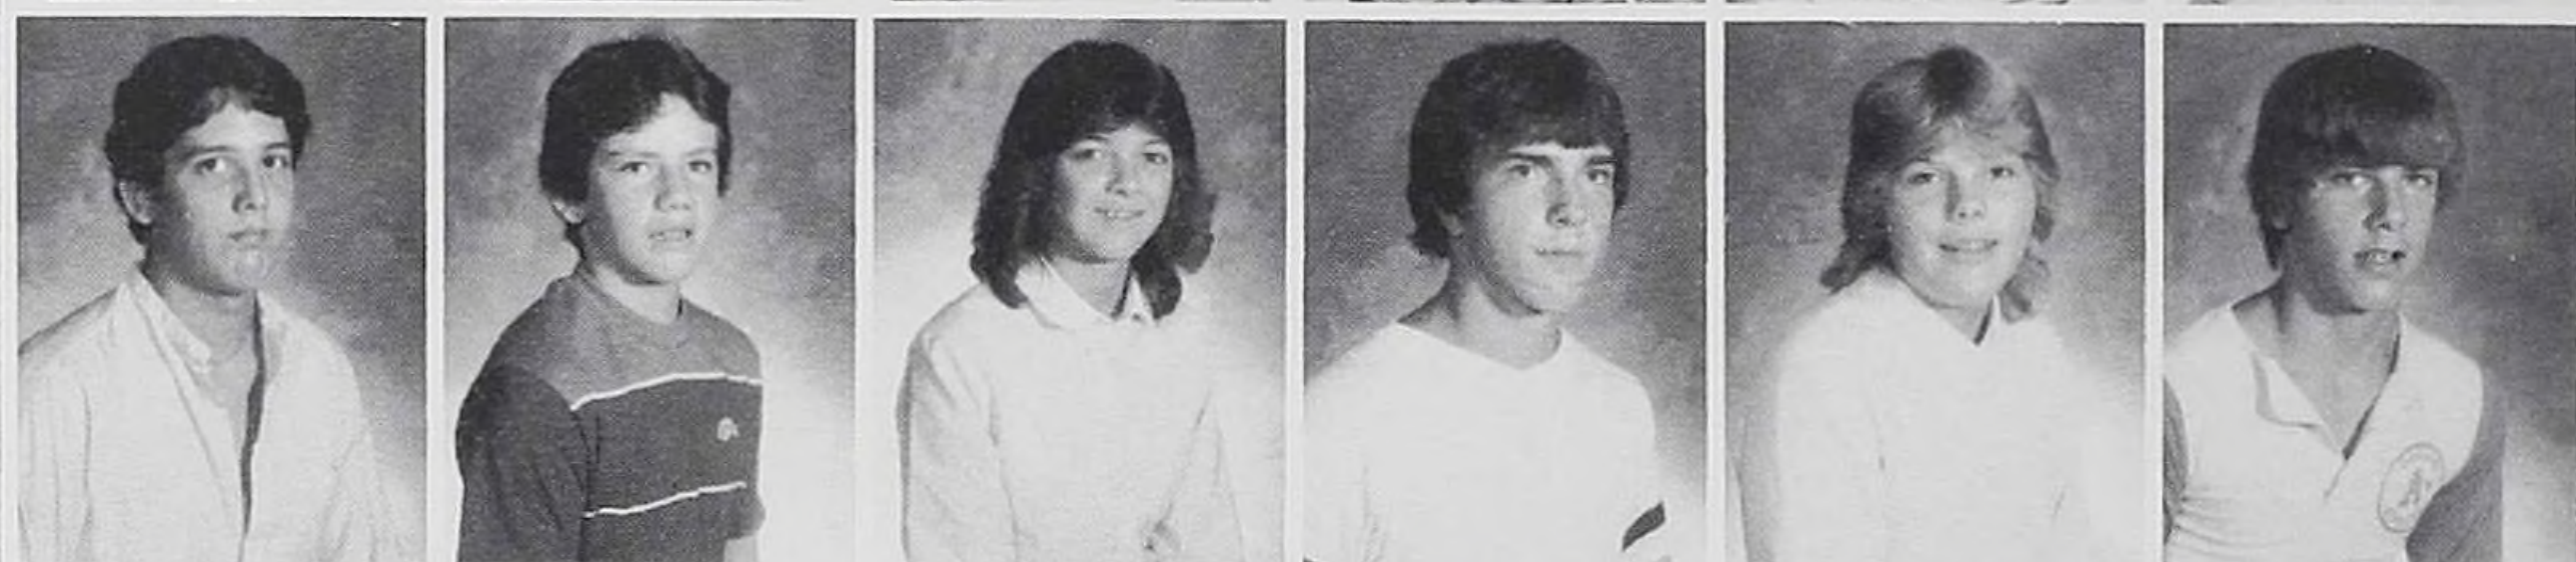

Striving to live up to the expectations of the upper-classman, the sophomore class was busy selling magazine subscriptions to raise funds for the prom. They also busied themselves with the traditional sophomore chores like buying class rings. The sophomore anticipation of their future school years helps to round out the Cougar Legend.

Senior Wills

I, Chris Antonucci, being of vastly intelligent mind and indescribably handsome body, do bequeath my black and gold streak of lightning to whoever feels the desire to have the pleasure of its use. I will my stupendous ability to aquire other peoples tests papers in Mrs. Sandburg's sociology and psychology classes who can get away with it.

I, Ty Bancroft, being the superior being that I am, do hereby will my uncanny ability to make people believe any reasonable facsimile to Monique Dudeck.

I, Paul Boal, being of withered mind and mutilated body, will my coke cans and food wrappers to the freshman who takes over my roach-infested locker.

I, Wendy Wind, being of frazzled mind, will my Duran Duran craze to Kelly Barnes.

I, Andrea Carter, being of sound mind and body, will my clarinet reeds to Melanie Hancz, I will my common sense to Lori Szymanski.

I, Wendie Bogoian, do hereby will my secretarial skills to Mr. Anderson.

I, Kris Clark, being in a continual rock-n-roll state of mind, will all my Van Halen posters to Missy Kolacz.

I, Nadine Conway, being of stable mind, will my boyfriend to Chris Rubleske. I will my height to Gene Zilske.

I, Andy Crawl, being to little minded and of oversized body, will my snowblower to Mr. McCammack so I will not have to plow him out anymore.

I, Dan Lowery, being of no mind and somewhat sound body, will my 1974 Buick Le Sabre to Doug Grott.

I, Mitch Mace, being of overworked mind and deprived body, will my handwriting to Russell Rybicki. I will my lack of magnanimity to Mr. Mathews.

I, Don Curl, being of half a mind, will my fantastic writing ability to Mr. Mathews.

I, Jeff Fetterer, being of warped mind and disfigured body, will my ability to make and absolute fool of myself in the company of other people to Rich Gardner.

I, Claudette Jacobs, being of sound mind and body, will my good grades to Tina Kronewitter.

I, Shelly Baker leave my locker magnets to Barb DePoy.

I, John Simon, being of teacher pet quality, will my four years of class presidency to Tim Spear.

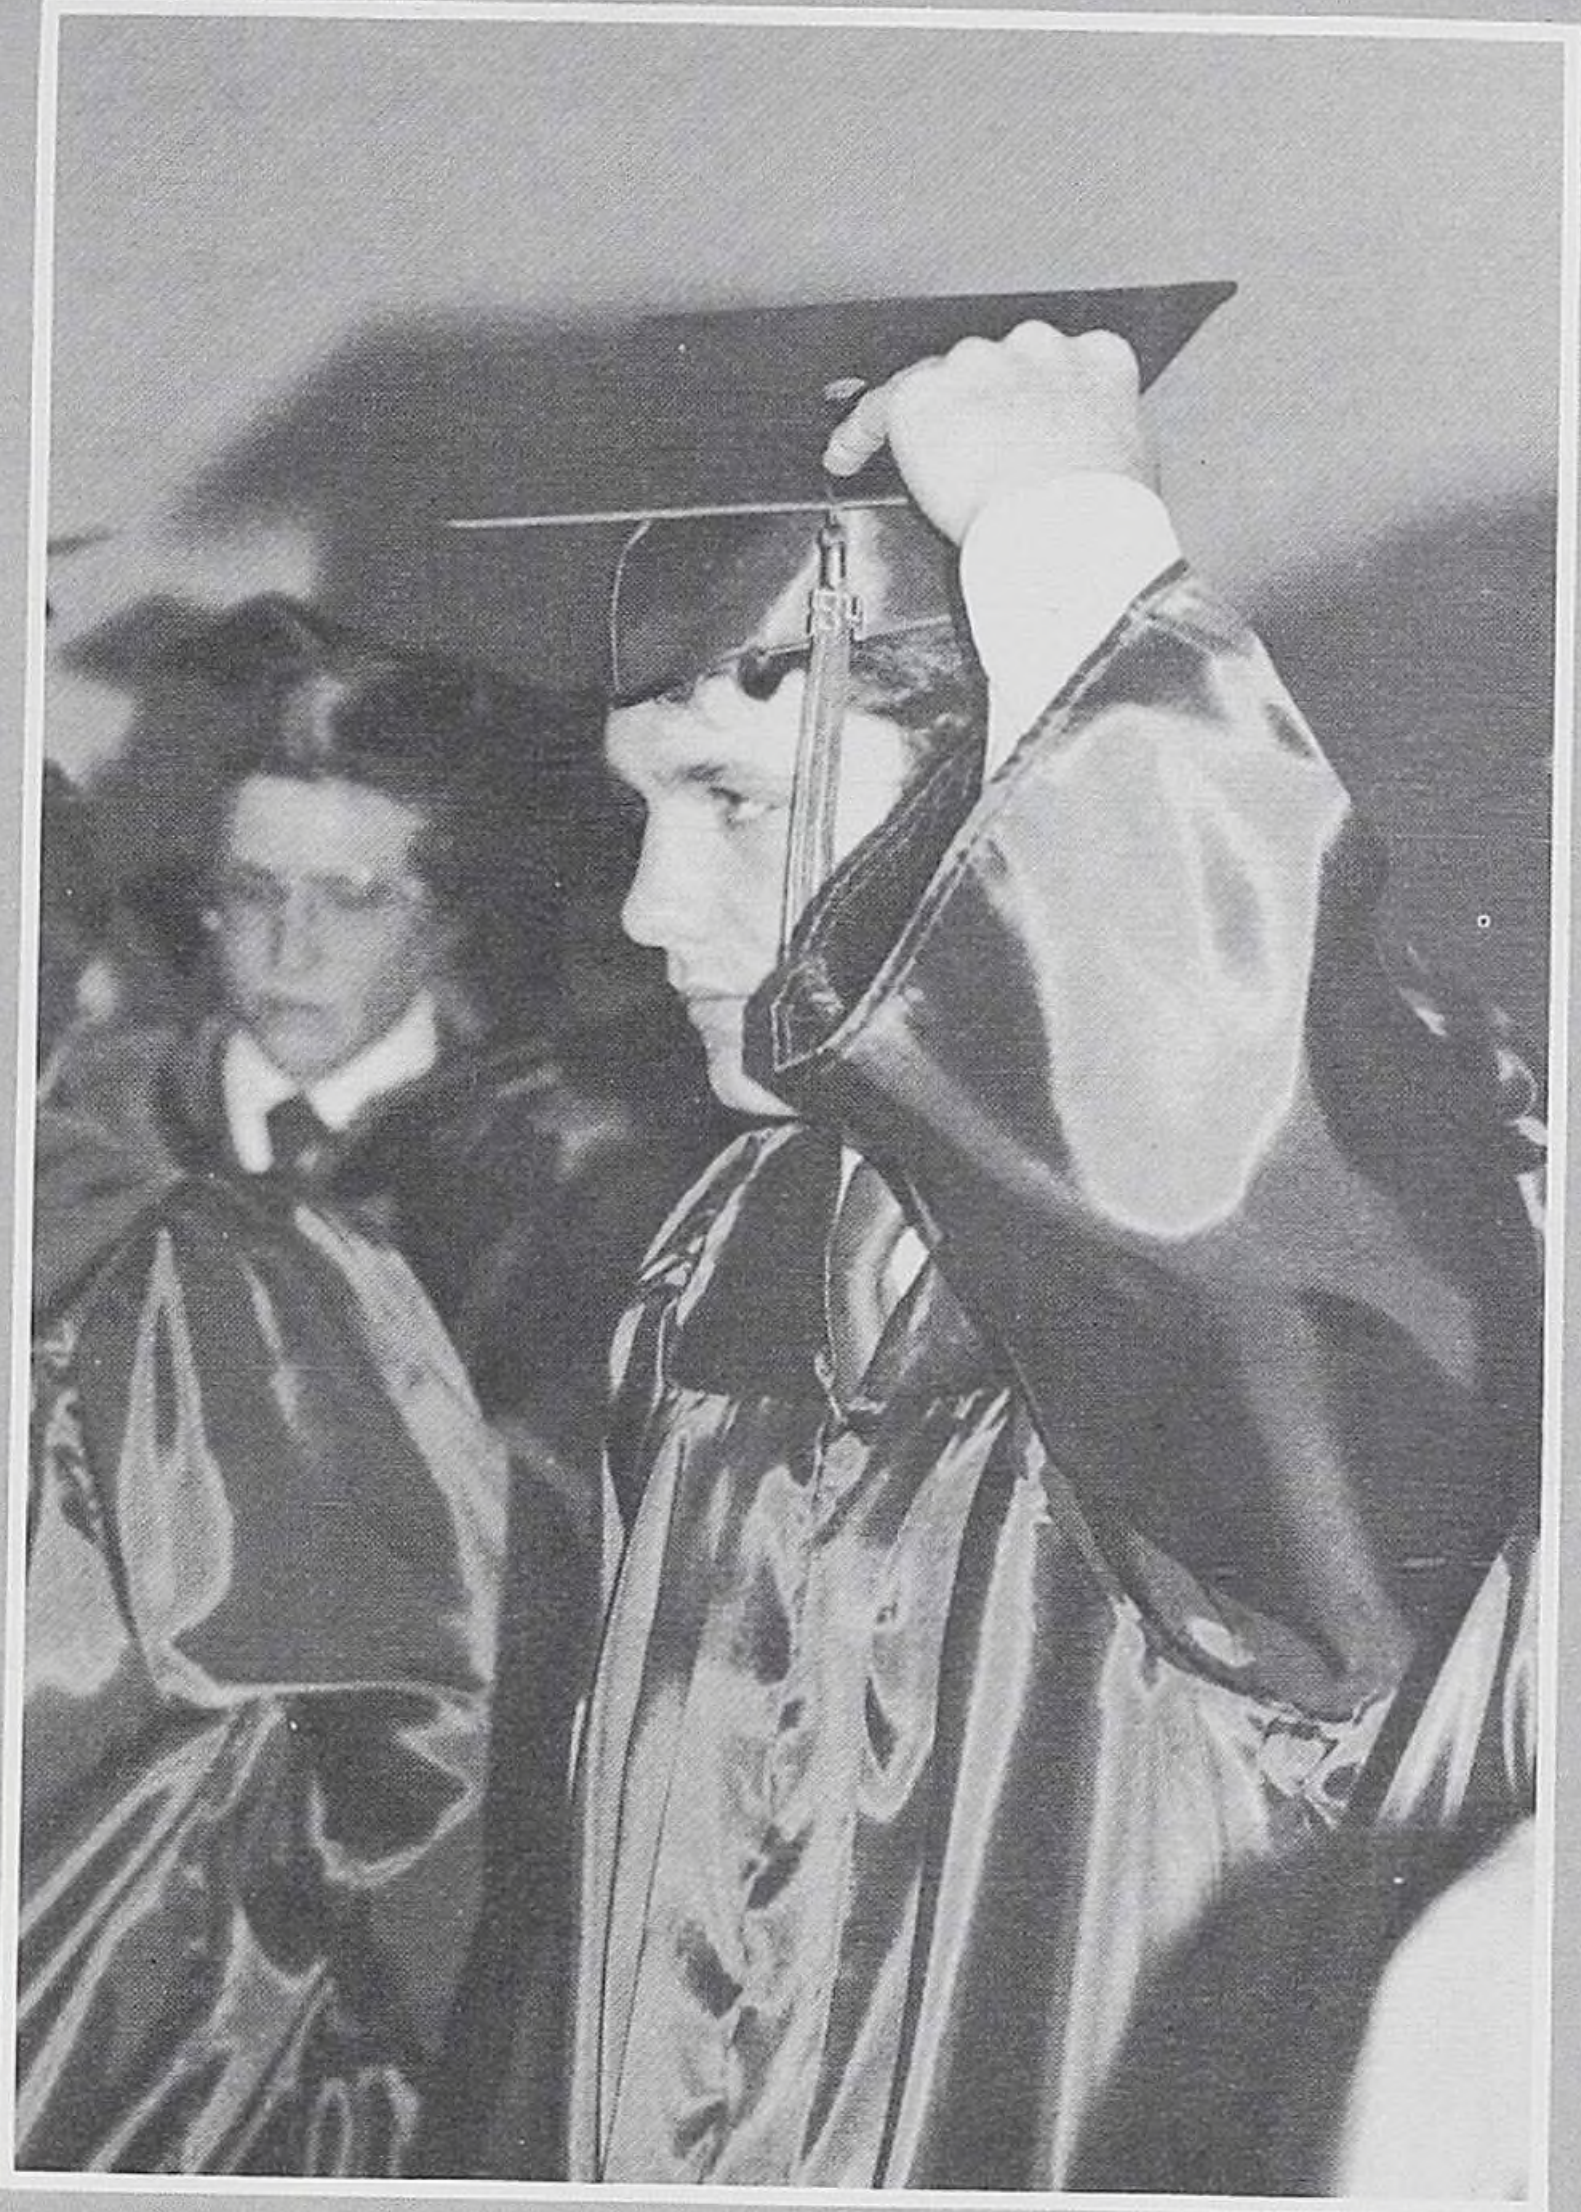

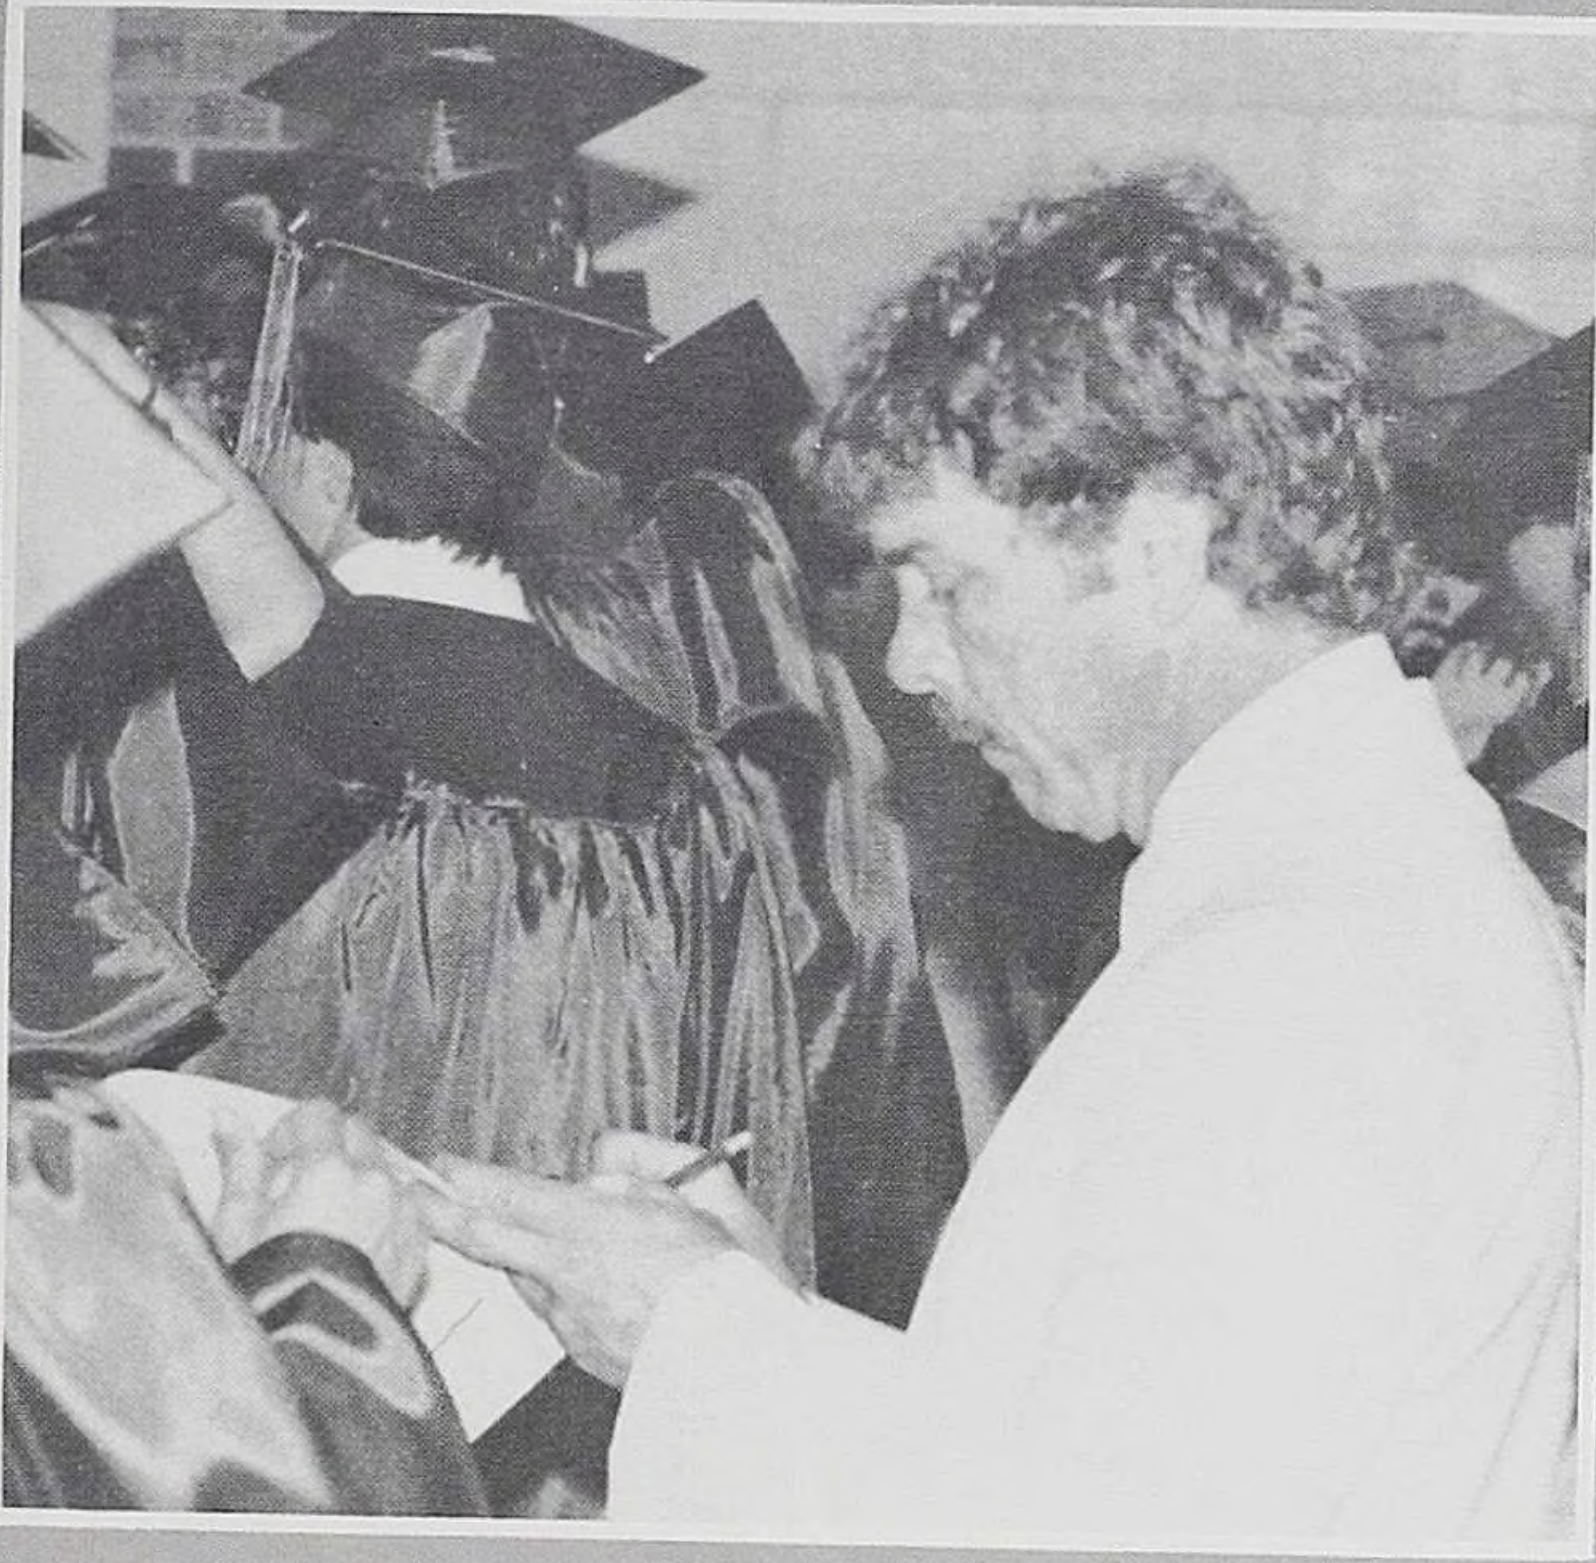

I, Debbie Scott, being of excellent mind and perfect body, will my varsity cheerleading position along with my ability and patience to any girl who can take the critizism from the fans and parents. I will my varsity uniforms to Beth Deutscher and my coordination to Dawn Allegrette. To Mary Casper I leave my ability to be calm most of the time and not always stay in a hyper state of being.

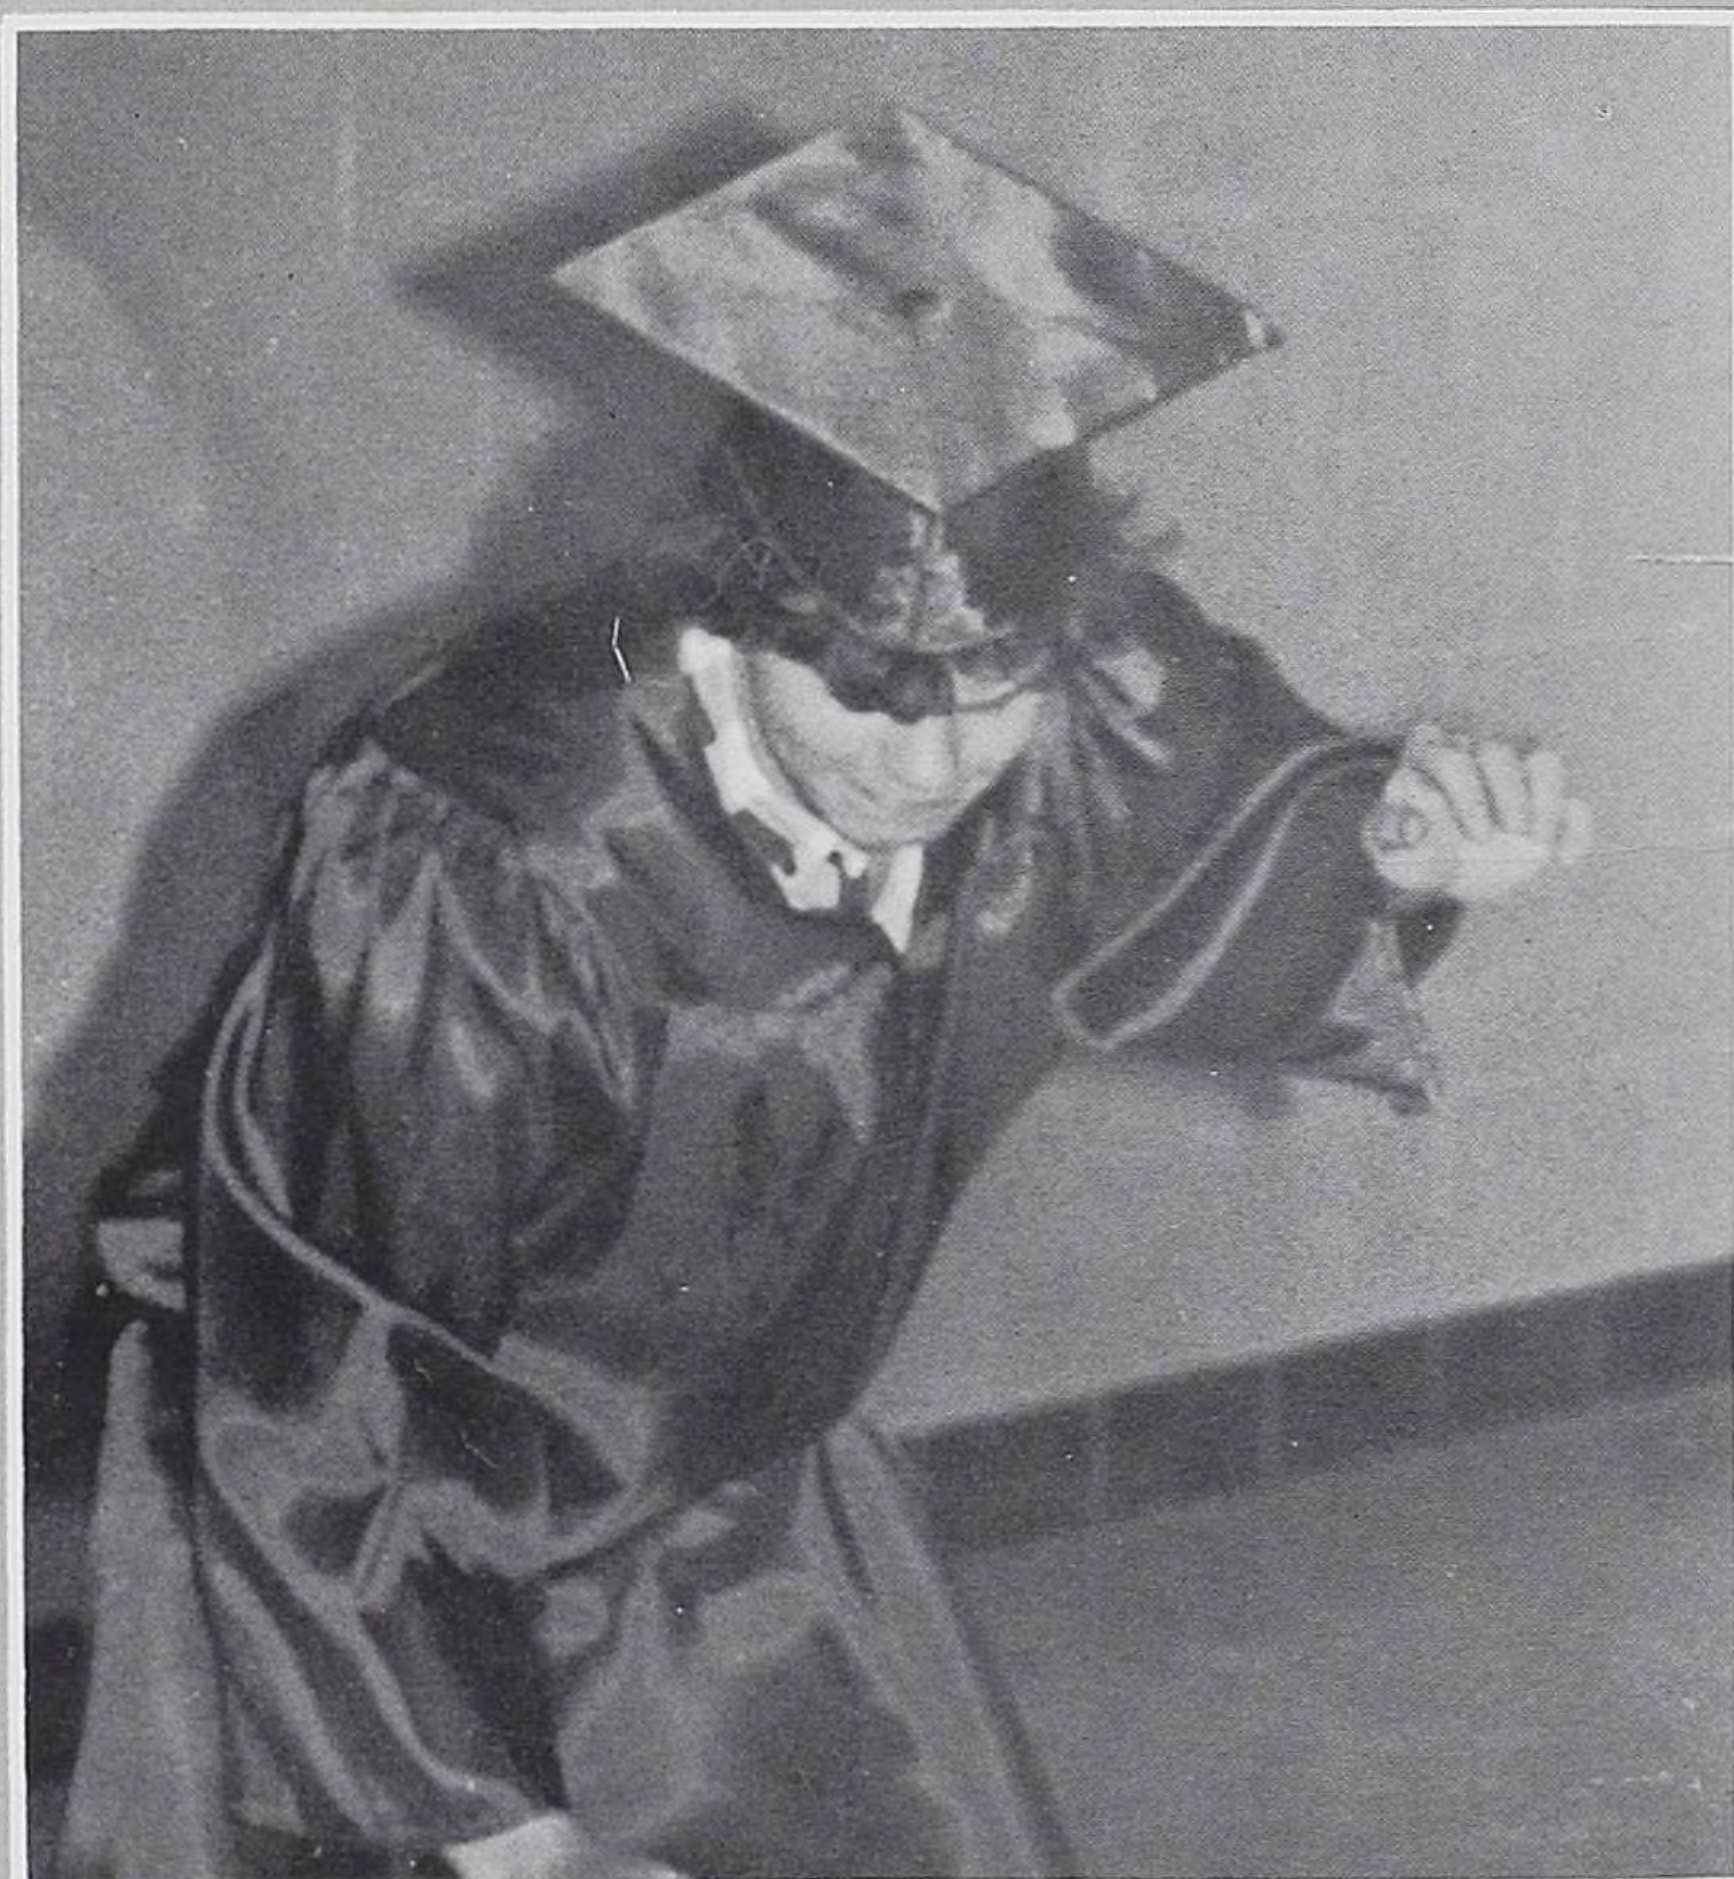

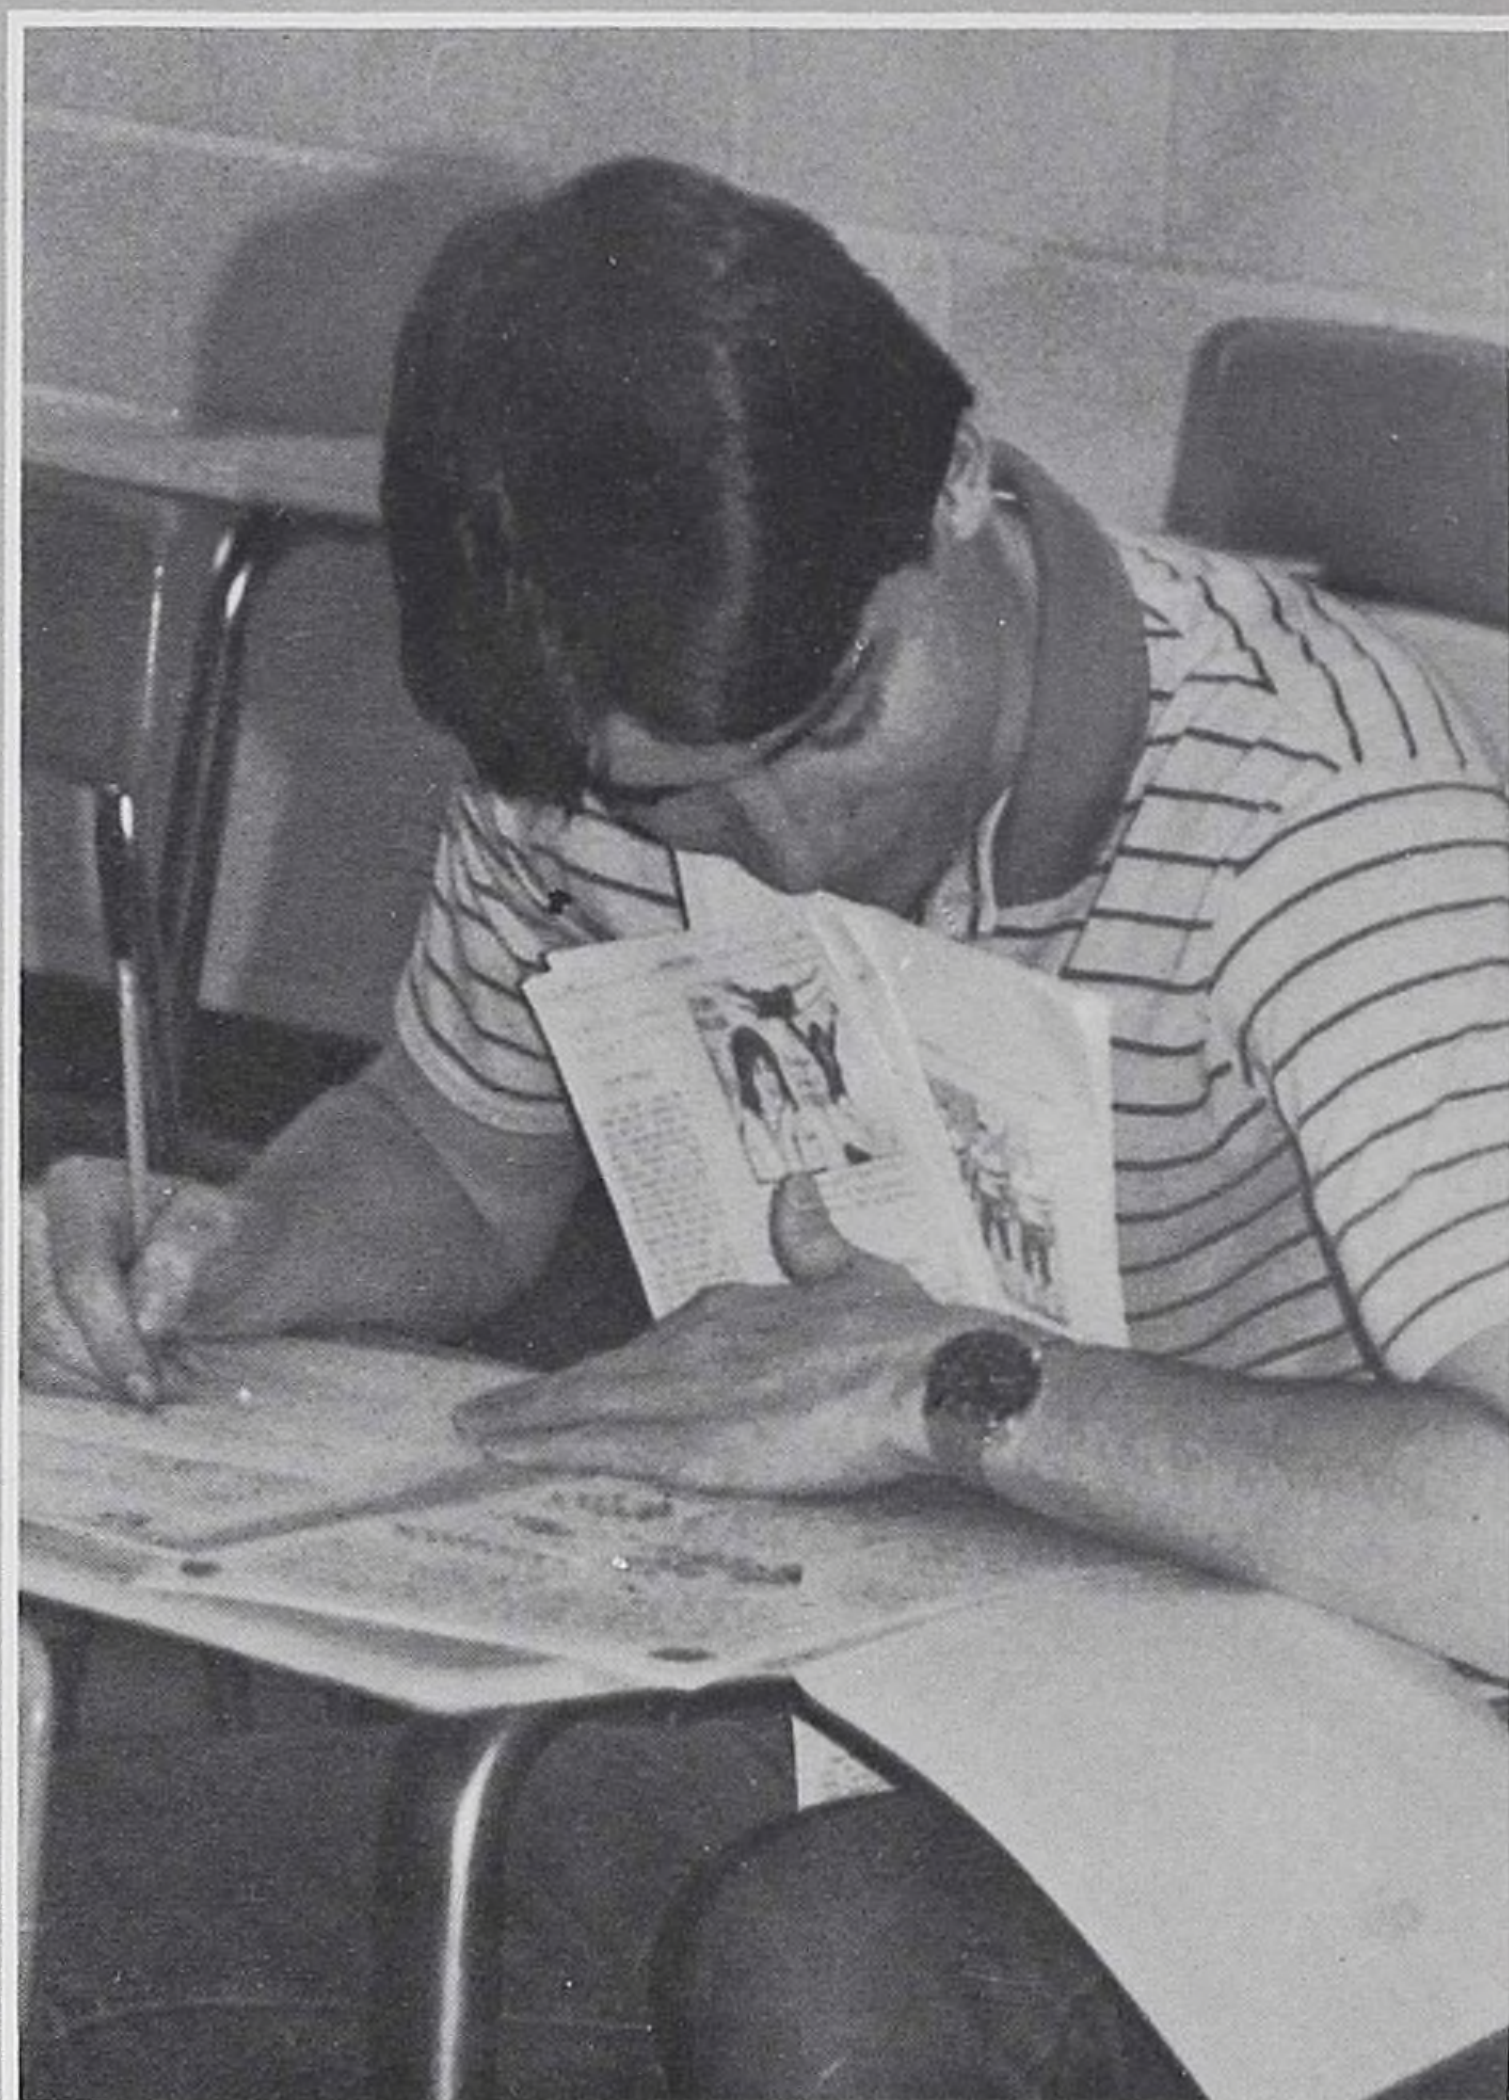

I, Michelle Sayles, being too sweet of a girl, do hereby will my ability to say no to girls in Class of 85.

I, an anonymous senior, will my common sense to members of the Class of 85 who do not have any or refuse to use it.

MY DESTINY

Shakespeare write some sonnets.
 And Dylan's into song.
 Momma's got her business,
 But where do I belong?
 Mangione plays a trumpet,
 Dick Albert predicts snow,
 Jim Rice has hit a few home runs,
 But I wonder Where'll I'll go?
 I often sit and wonder
 What's in store for me,
 What I'm going to do in life,
 And who I'm going to be.
 They're always there to help me
 And tell me where to go.
 They tell me where my talent is,
 and how to let it show.
 The decision, I suppose,
 Is mine alone to make,
 I have to find out where to go.
 And then what road to take.

Debbie Scott

"Touching Tomorrow Today" is the theme for the year for Purdue University. In the words of Purdue University President Steven Beering, "It is through our students, of course, that we 'touch tomorrow' most profoundly, but the future is in our hands in many other ways. Everyone involved in the University—students, staff, alumni and friends—is part of a system that can make a vast difference in what tomorrow will be like."

It's all in the State of Mind
If you think you are beaten, you are
if you think you dare not, you won't
If you like to win but don't think you can
It's almost a cinch, you won't.
Life's battles don't always go
To the stronger or faster man
But sooner or later, the man who wins
Is the fellow who thinks he can.

Last fall, when asked to edit the yearbook, I said I would. I had no idea of the time, patience, and understanding that it would take. Now that the yearbook is finished, I have the summer to relax and not worry about deadlines.

I hope this edition of Prairie Life will bring you many happy memories.

We would like to thank Mr. Haag, Jim Beckham, Mary Casper and Muffy Martin; Co-copy editors and the faculty for their cooperation.
